Japanese Want New Wheat, August Delivery.

BUYING IS FAIRLY ACTIVE

About Million and Half Bushels Purchased in Country on Contract to Date-Club Taken on 79-Cent Basis.

of 1914 wheat have been bought in the country on contract to date. Trading was under way yesterday at prices around 79 cents. coast, for club. Japanese were asking for ids for August delivery but would not con-der September or October wheat. It is quickly at 16 cents and Springs at 18@22 cents. There was a limited demand for bids for August delivery but would not con been bought as low as 77 cents.

Farmers are not pressing sales, but after arvest there is little doubt that wheat will offered freely. Local dealers are look ing for the largest business they have ever done. It is not likely that the burning of the grain docks will have any serious effect on the movement of wheat through this

Shippers expect expert flour prices this year to be sufficiently attractive to the Orientals to induce a large movement of flour across the Pacific. The shipping season, however, will probably be late in opening as flour stocks on the other side are own to be large and crop prospects there PORTLAND MARKET QUOTATIONS. are fairly satisfactory.

The June number of the Bulletin of Agri cultural and Commercial Statistics, issued by the International Institute of Agricul-ture, gives tables of data for areas cultivated and crop conditions for wheat, rye, barley, oats, marks and rice, and for the first four of these cereals gives also, for some countries, harvest forecasts,

The production of wheat is forecasted in Heighum at 3.802,690 quintals (94.6 per cent of fast year's production), in Italy at 40.-900,000 quintals (84 per cent), in Luxem-burg at 178,080 quintals (101.6 per cent), in Russia in Europe at 80.844,993 quintain (190.5 per cent) for autumn wheat, in Swit-zerland at 944,000 quintain (95.8 per cent). in the United States at 173,638,080 quintals (121.9 per cent), for Autumn wheat and at 71,305,020 (109.2 per cent) for Spring wheat in India at 85,195,541 quintals (86 per cent) and in Japan at 6,489,000 quintals (94.6 pe

600 quintals (85 per cent of last year's pro Russia in Europe 1,948,378 quin tals (114.2 per cent), United States 44,-850,329 quintals (115.6 per cent), and Japan 22,373,000 (94.2 per cent). Weekly foreign wheat shipments were as

Local receipts in cars, were reported by

COLUMBIA COUNTY CROPS EXCELLENT Grain Yield This Year Will Be Above the

Average. DAYTON, Wash., July 10 .- (Special.) -The wheat, oats and burley crops of Colum bia County are in excellent condition. The put 'n Spring wheat this season. The aver-age yield in this county is 3,000,000 bunhels of wheat, barley and cats. Corn is raised to some extent. The grain crop this year wifer in the main of wheat and barley and it is estimated that the larger half of the 3.000,000 bushels will be of wheat.

nore than the average crop this year. In as the light lands, the yield will be larger then usual on account of an early Spring with plenty of rain. In the southern half of the county the

Fall grain is now ripening and is practi-cally out of danger from the hot winds. The 11 days of hot winds which have just pussed, it is said, have pinched the barley a triffe in a few fields, but not enough to

cause much damage.

Crops will be the best in the Bundy Hollow country, the richest land in the country. Charley Bowman, a prominent farmer of that locality, says the crops there are the best he has ever seen, and it is not uncommon for wheat to go 80 bushels to the acre on his land.

Catiley, Gridley & Co.-The exceptionally fine weather has materially benefited the growing plant both in England and abroad. Prospects are generally considered improved. Fly blight is still prevalent, and washing is being thoroughly carried out in England. districts in Kent and Sussex. The English market has been rather more active, with prices fully maintained. All foreign markets are unchanged.

Wild, Neume 5 C.

Wild, Neame & Co.—There has been a fair demand during the week and a further reduction in available supplies. Prices keep

of hops took place last week with, in some cases, a slight improvement in values. Manger & Henley—The demand for good, Manger & Henley—The demand for heart was and a further clear-barrels, 63c; raw, cases, 68c; boiled, cases, ance has been made during the past week 63c.

TURPENTINE—In cases, 65c per gallon; W. H. & H. Le May-There has been some business done during the past week.

well provided to meet the demand. The watermelon market was booming. Two cars arrived and quickly cleaned up at 1% to 2% cents. Cantaloupes were firm at \$2.50 for the best. Two cars were received.

Peagh receipts from Eastern and Southern Cregon were on a larger scale. There was a wide difference in the quality of the offerings and prices varied accordingly, ranging from 25 to 90 cents. A car of Wenatches apricots will be in this morning.

Barries are still coming forward but the demand has been largely satisfied. Logans

and raspherries were quoted at 90 cents, and good black caps at \$1.25. Blackberries were lower at \$1.50. Currants were in fair supply and offered at \$1.50 a crate. Lambert cherries were quoted at 10 cents.

A lot of local celery is coming on the market, but the warm weather has checked the sale of it and the orice has declined. Cu-

Improvement at Last Apparent in Iron and Steel Trade.

Few Manufacturers Disposed Book Future Contracts at Present Figures - General Business Is Good in West.

NEW YORK, July 10 .- Dun's Review to norrow will say: Irregularity still characterizes the busines situation. Favorable reports predominate and general conditions afford encouragement, although the volume of new business is of

although the volume of new hushess is of moderate proportions.

Indications of improvement are noted in fron and steel, where a turn for the better is at last apparent. The betterment is accompanied by some strengthening of prices and few manufacturers are disposed to book future contracts at present figures. Manufacturers of textiles are endeavoring to meet the slackened demand by curtailing the output, and stocks of goods are stated to be in a well-liquidated position. Most interests in the trade are anticipating a more active period later on, as a consequence of abundant crops.

CHICAGO MARKET REACTS

Heavy Selling by Speculators Carries Wheat Down Three-Quarters. Hot, Dry Weather Puts Corn Higher.

CHICAGO, July 19.—Skepticism in regard to the chance of widespread damage by black rust brought about a lowering of values today in wheat. The market, although steady at the close, was 15c to 16 % under last night. Corn finished 16 % c off to 50 p; cats %c to %c higher, and provisions inchanged to a rise of 20c. Although wheat advanced at the opening

scause of higher cables, the grain soon disappeared. On the bulge there was lively selling, presumably hedging against enlarged pressure from the new Winter crop. The fact that black rust seemed to be confined to Southern South Dakota was a handicap to the bulls. After opening a shade to %c up the market receded to helow last night's level. Subsequently further weakness developed on heavy selling by speculators. Hot, dry weather carried corn higher. Buying power, though, seemed to have become largely exhausted and there was a report of heavy rain in Oklahoma, where the drought has been the most savere. Denials that rain of any consequence had fallen in Oklahoma led afterward to a fresh advance. disappeared. On the bulge there was lively

from.

Provisions climbed with hogs. The best call was for ribs. The leading futures ranged as follows

Speeder Accident Victim Dies.

W. P. Clark, who sustained a frac-tured skull Wednesday when his gas speeder jumped the tracks between Oswego and Cooks, died at the Good

We own upwards of 59,000 acres of oil leases, selected early, and reported on by well-known men of practical oil on by well-known men of practical oil experience, men who have operated in California, Bornee, Egypt, New Zealand, South Africa, South America, and in all the known fields of the world.

These leases are located close to development work in each of the following districts: Sweet Grass, Pincher Creek, Pingman, Mowbray-Berkeley, Monarch, north and south; Red Deer, Wetaskiwin and Wainwright.

The leases of many well-known companies in Alberta today have been ge-

panies in Alberta today have been se-lected from our holdings and we can supply you with anything from 40 acres up in any district you wish.

So many wells are now being drilled that the location of the main crude

So many wells are now being drilled that the location of the main crude oil field is only a matter of weeks. For the successful formation of an oil company, we suggest well located leases in each district, so that the finding of a large body of oil in any one will benefit all.

We have a number of Alberta charters ready for companies of different sizes. We can lay down a Standard Drilling outfit in a short time, on easy payments and supply experienced men to operate it. We will co-operate the flotation of a company with responsible men who have, or soon will, develop a good sales organization.

Experienced oil men all agree that the discovery in Alberta of one of the largest oil fields of the world is imminent. The possibilities to you in the flotation of a company in your locality are tremendous. By a careful selection of leases you can sufeguard your stockholders, and practically eliminate all chance of loss.

If this interests you, write us for free maps of the entire oil field and full particulars.

Western Canada Properties, Ltd., Lougheed Building, Calgary, Canada.

"BITULITHIC" is

a first-class pavement in every particular, and while it sometimes costs more, it is the cheapest in the end, because of its greater durability.
