

NATIONAL GUARDS OFF FOR GEARHART

Idaho and Oregon Volunteers Will Be Under Government Orders for Ten Days.

SERVICE NO LONGER LARK

Included in Force Will Be 800 Regulars From Vancouver and United States Army Officers Will Give Instruction.

Camp will be made today at Gearhart for the annual Federal encampment of the National Guard of the States of Oregon and Idaho. No longer are the annual encampments picnic affairs, officers say, from which the men lark around with their best girls and show off their uniforms.

Togged and equipped in full detail, as if they had been sent to the front at Mexico, the advance guard of the Oregon contingent left the North Bank Station at 8:45 yesterday morning. Included in this contingent were Troop A Cavalry, and Battery A, Field Artillery, totaling about 150 men. It was necessary for them to leave early to arrange accommodations for their 125 horses. The major sections of the encampment, about 1000 in number, will leave this morning at 7:45 and 11 o'clock respectively. On the first special train the headquarters staff, band and companies B, C, D, E, F and H will go under the command of Colonel Martin. The second section, under the command of Lieutenant-Colonel May, of Roseburg, will carry Company A, of McMinnville; Company G, of Oregon City; Company L, of Dallas; Company M, of Woodburn; Company N, of Salem, and Company K, of Corvallis. These companies from the state, outside of Portland, will arrive in Portland in company trains this morning, in time to board a special train at 11 o'clock.

First Section to Meet at 6 A. M.
The first section will assemble at the Army at 7:15 yesterday. The adjutant of the Third Infantry, after breakfast, the first call for entraining will come at 7:15. In the command at the encampment. He will be assisted by Captain Cleland McLaughlin, also of Vancouver Barracks, now located in Portland. Three officers of the Twenty-first Infantry will be detailed to command the three battalions.

Requirements Are Definite.
In order to draw Government pay during their service at Gearhart, the following attendance is required at the annual encampments: Two officers and 33 enlisted men from each company of infantry; the same representation from each troop of cavalry; two officers and 21 enlisted men from the field hospital; two officers and 100 enlisted men from the ambulance company, and three officers and 67 enlisted men from the field artillery.

Lieutenant Colonel Day will be the chief inspector for the encampment; Captain Uhl, inspector instructor for the field artillery, and Lieutenant Dockery, inspector instructor for the cavalry. All three of these officers are from San Francisco. Captain Hageman, of Vancouver, will serve as Quartermaster. He has been at Gearhart for a week making preparation for the encampment and looking after the supplies and equipment.

Major Simons, quartermaster of Portland, and Major Abrams, of Salem, will serve as the battalion commanders for the Oregon troops.
It is estimated that about 2500 will attend the encampment, made up in all in the following proportion: Twelve hundred from Oregon, 550 from Idaho and 800 from Washington.

Regulars Are in Camp.
The regulars from Vancouver left for the encampment some time ago on foot. At the conclusion of the encampment, July 23, they will be sent to the Vancouver Barracks. Some of the officers, including Captain McLaughlin, will attend the Montana encampment at Spokane, July 23 to 31, inclusive.

During the encampment there will be a dress parade every day, except on the last, when a brigade review may be substituted. Three bands will be in attendance.

When old Sol, king of the heavens, and right-hand man, General Humidity, tortured yesterday they managed to send the crowds out in droves to the Oaks Amusement Park.

There could not have been better collaboration between Manager Cordray's new bill and weather conditions than existed.

From 10 o'clock in the morning heat-tortured victims hurried out to The Oaks. Thousands contented themselves with sprawling under the trees, while during the day more than 2,000 persons enjoyed a dip in the bathing tank or the river. This is said to be the largest crowd the bathing tank has ever handled.

With the exception of one or two exceptional sizes, every woman's bathing suit was in use. The new form-fitting suits, which bathing fashion demands, were much in evidence.

VACATION, WORK TIME

REV. W. W. YOUNGSON SAYS IT IS PERIOD OF NEW DUTIES.

Rest Enjoyed Only When Properly Earned and It Is Used to Renew Vital Energies.

Vacation time, not as a period when one is absolutely relieved from all duties, but when one finds new and pleasing duties laying themselves upon him, even in his leisure hour, was preached by the Rev. W. W. Youngson, pastor of the Rose City Park Methodist Church yesterday.

"Most of us are looking forward at this season," he said, "to it as a time of leisure. We are hoping to get away for a brief space to the quiet and beauty of the country or the sea."

"A period of rest is not a luxury, it is a necessity. It is a part of the constitution of our nature which can never be disregarded with impunity. It is something of which we are half ashamed. It is to be spoken of with perfect frankness, as part of the wise ordering of God. There are husbands and wives who never seem to get anything out of their vacation. They are not only looking at it, we must learn the art of looking away from it; and holidays are given us for that end, that we may see things in their right proportions."

The disciples were called to a rest which they had very richly earned. There are masters who never awake to that. There are congregations that never awake to that. There are husbands and wives who never seem to notice that their wives might be better for a rest. An honest church must meet its obligations as promptly in July as in January. Debits make an unattractive report. Debts make an unattractive report. Debts make an unattractive report.

"The Summer retreat 'is good if it means in the Autumn and Winter a forward movement all along the line. No one deserves a holiday and certainly no one will enjoy a holiday unless he is faithful and conscientious to his duty. He has honestly and fairly earned it."

Other features of the free entertainment bill were the band concerts under the direction of W. E. McElroy and the Hungarian musical quartet offered a capital musical programme.

Paul and Fanny Kelly were droll Irish comedians and Tokio Murati was an agile Japanese of no small athletic pretensions. "Tina" Snyder, with several new songs, proved very pleasing. The programme will be continued all week.

PROMINENT WOMAN OF PORTLAND QUICKLY RECOVERS HER HEALTH

Mrs. E. N. Firestone Ends Rheumatism and Stomach Trouble With Akos.

Mrs. E. N. Firestone, who conducts the Hawthorne Apartments at 221 Thirteenth Street, Portland, is telling her friends how Akos, the new California mineral, cured her of stomach trouble, with gas, acute indigestion and sourness, and since last September I suffered with muscular rheumatism.

"I cannot recommend Akos too highly," said Mrs. Firestone, in speaking of her recovery, "for what it has done for my rheumatism and stomach trouble. For five years I had severe stomach trouble, with gas, acute indigestion and sourness, and since last September I suffered with muscular rheumatism."

"Before I began taking Akos I was so lame I had to use a cane. I felt tired all the time and could not sleep well. Now my stomach trouble is completely cured, and I can eat anything without distress, my sleep is no longer broken; I have been so greatly relieved of my rheumatic trouble that I no longer am lame and can run up and down stairs with ease."

"I do not believe before using Akos that any mineral could prove so beneficial. I am mighty grateful for the relief Akos has given me."

MRS. E. N. FIRESTONE. Mrs. Firestone's words of appreciation are no stronger than those of hundreds of others on the Pacific Coast who have used Akos for rheumatism, stomach trouble, catarrh, eczema, ulcers, piles and other ailments. Akos is sold at all drug stores, where further information may be had regarding this advertisement.
