Members of the executive board of the Taxpayers' League, at a meeting in the office of J. N. Teal yesterday, decided to appoint a committee to make an immediate and thorough investigation of the Board of County Commissioners.

The action taken grew out of charges and counter charges made by the Commissioners against each other, in which the incident of a large amount of bug exterminator, declared by County Commissioner Holman to have been bought above the market price, has had an important part.

As the records of the County Commissioners are public documents, no difficulty is anticipated in making the investigation.
