

INTEREST GROWS IN TENNIS TOURNAMENT

Portland Tennis Men Fall Before Onslaught of Californians.

NEW YORK GIRL VICTOR

Playing of Miss Ballin Watched With Unusual Interest—State University Star Meets Waterloo in ex-Champion.

The second day's play of the Oregon state tennis championships, now in progress on the Multnomah Club course, brought out more brilliant tennis than ever made the tournament more than ever one in which the interest will grow as the week proceeds.

The third round begins today with the visitors from California, still in the play. The only outsider who has been eliminated is Ware, the Spokane boy, who had the misfortune to meet Henry Brack, the University of California star, in the play of Monday.

Miss Sarah Livingstone, the Seattle girl, who is Oregon's woman title-holder, has arrived. She is ready to play today. Miss Fording meets Miss Povey, another Portland star.

Miss Bent Defeated. Miss Winifred Bent was eliminated, but not until offering stubborn resistance to Miss Irene Campbell, the doughty champion of two years ago. Miss Campbell won, 6-3, 6-3, which scores fall to show the difficulty she experienced with the star of the University of Oregon. A lobbing game alone won. Miss Bent is a much improved player, even over last year, and the results indicate that Miss Campbell has the form and strength to work far into the tournament.

The women of the tournament are turning their attention to Miss Ballin, the young New Yorker who has made such an excellent start. In yesterday's play she defeated Mrs. Putnam easily. She is physically stronger than many of the others and has a drive and serve which will be a puzzle to local stars.

New Yorker to Play in East. Miss Ballin has played much in the Eastern tournaments, and upon completing the play here, will return East to prepare for the National tourney.

The California boys look more like winners every day. Brack had a little trouble with Lieutenant Hobson, but it was to be expected that he would not run away with the soldier.

John defeated P. W. Lewis, but the match went three sets. The scores were 2-6, 6-4, 7-5.

Roberts, the other boy from the south, eliminated James Shives, 6-1, 6-3. They played the same tennis which marked their style yesterday, and they undoubtedly will be among the last contenders for the big cup to be eliminated.

Brant H. Wickersham is coming up through his part of the drawing. He defeated W. H. Lewis in the first round, and yesterday took the match from M. Frohman, 6-3, 6-0.

Several good matches are scheduled for today. The patrons of yesterday were: Mrs. Walter Cook, Mrs. Elita Cook, of Sandusky, O.; Mrs. Jack Howell and Miss Louise in the play of Monday.

The summary of yesterday's play follows: Men's singles—DeNeffe beat Lewis, 6-2, 7-5; Roberts beat Joy, 6-2, 6-4; Brack beat Lieutenant Hobson, 6-2, 10-8; Herdman beat Williams, 6-3, 6-3; Irving beat Marzani, 6-3, 6-3; John beat Lewis, 6-4, 6-0. WESTERN BOYS STILL IN RING

Miss Mary Browne Defeats Cincinnati Girl, 6-0, 6-1.

CINCINNATI, O., July 14.—The defeat of C. Drummond Jones, of St. Louis, by C. J. Mackell, of Pittsburg, Pa., and that of W. A. Horrell, of Phoenix, Ariz., by R. A. Holden, Jr., of Cincinnati, marked the third day of the fifth annual clay court tennis championship tournament here today.

Ella Pottrill, Clarence Griffin and Claude Wayne, all Californians, and N. B. Arterburn, of Louisville, Ky., went into the third round, the former two after hard matches.

Miss Mary Browne, of San Francisco, National women champion, had an easy time with Miss Mary Kemper, a Cincinnati girl, beating her 6-0, 6-1, while Mrs. R. H. Williams, of Chicago, won her match in the first round today.

Great Britain's Team Coming.

WIMBLEDON, July 14.—Great Britain won today the third of the singles matches in the preliminary round

against France in the Dwight F. Davis International lawn tennis trophy tournament. The British team will consequently meet at Boston the winning team of the Australasian-Canadian-German matches. The English team will sail for the United States on Thursday, so as to have time for a few days' practice at Boston before engaging in the final round of the competition.

German Players Sail This Week.

BERLIN, July 14.—Oscar Kreutzer and Otto Froitzheim, the German lawn tennis players, will leave for the United States this week to represent Germany in the preliminary round of the tournament for the Dwight F. Davis International trophy. The intervention of some prominent members of the German Lawn Tennis Association, who offered to pay the expenses, brought about the change in the original decision not to send a German team.

McLoughlin and Bundy Ready.

SEABRIGHT, N. J., July 14.—Rain prevented the tennis stars from competing in the Davis cup test tournament today on the turf courts of the Seabright Lawn Tennis and Croquet Club. The arrival of Maurice E. McLoughlin and Thomas C. Bundy from California brought together all of the players who have any chance of being nominated for the defense of the international trophy.

CHURCH'S DUTY IS TOLD

PRESBYTERIAN MISSION WORKER ADDRESSES MINISTERS.

Social, Economic and Educational Activities as Much a Part of Minister's Functions as Religious, He Says.

UNIVERSITY OF OREGON, Eugene, Or., July 14.—(Special.)—Social service, church finances and church federation claimed the attention of the three sessions which filled the opening day of the second annual Interdenominational Conference of Ministers, held by the University of Oregon.

"This is the day of social salvation," declared Ralph A. Felton, of New York, field representative of the Presbyterian Board of Home Missions and a layman, before the afternoon's session of the conference. "The old idea that the church stands only for individual salvation is passing away. The problems which confront any community may be divided into four classes—social, economic, educational and religious. It is the ministers' duty to take an active interest in the first three as well as in the last."

"The minister is a guide and he should know the country. The way to do this is to make a detailed survey of a community, just as a doctor makes a diagnosis of his patient's ailments before prescribing remedies."

President P. L. Campbell preceded Mr. Felton. He pleaded for closer cooperation between the clergy of the state and the university. Dr. A. A. Beria, professor of applied Christianity at Tufts College, addressed the morning session. His subject was "The Clergyman as a Social Teacher." His plea was for an awakening of the clergy to meet modern problems and combat the reaction against the church.

Dr. Moses Breeze, of New York, spoke on church finances. Rev. J. R. Hargreaves, of Hood River, was the principal speaker at tonight's session. He advocated greater harmony among the various denominations.

"The home and not the police force, juvenile courts, delinquent wards and vagrants is the center of the only remedial influence that can stem the tide of vice and waywardness in Portland," declared A. W. Woodward, of that city, in an address last night.

Mr. Woodward urged in part: "Parents in ignorance of what constitutes home attractions come to believe that, after a child is brought to the world there are sufficient agencies to look after it, such as the school system, Sunday schools, libraries and the Y. M. C. A."

Charley White Gets Knockout. DENVER, July 14.—Charley White, of Chicago, knocked out Stanley Yoakum, of Denver, in the 19th round tonight. The end came with a right to the jaw after the Chicagoan had sent the Denver fighter down for a count of seven.

Woodland Beats La Center.

LA CENTER, Wash., July 14.—(Special.)—The La Center baseball team was defeated by the Woodland ball team on the grounds of that place Sunday by a score of 7 to 4.

200 DRUGGISTS OF STATE AT NEWPORT

Slaughter of Clams Deferred by Delegates and Wives in Reference to Banquet.

DR. WITHYCOMBE HOPEFUL

Splendid Resources of State, Speaker Declares, Will Bring Teeming Population to Fill Present Waste Places.

NEWPORT, Or., July 14.—(Special.)

—They're here, both the druggists and the clams, which now figure in poetry. A special train tonight in charge of John M. Scott, general passenger agent of the Southern Pacific, brought 200 delegates and their wives to the silver jubilee of the Oregon State Pharmaceutical Association.

A banquet was held tonight at the Abbey House, over which J. M. A. Laue presided, and the slaughter of clams went over until tomorrow. An address of welcome was delivered by Dr. H. M. Davis and responded to by Mr. Latus H. D. Dietrich outlined the history of the association and many brief speeches were made. Among the speakers were Dr. James Withycombe, candidate for Governor and guest of honor.

Dr. Withycombe has bright dream. "The State Pharmaceutical Association represents an honored profession and holds a responsible position in the affairs of the people of the state. As business men you are interested in the development of our state.

"We are citizens of a magnificent commonwealth, full of latent industrial possibilities. We need more home-builders on the land and more factories in the cities. Upon your way here you traveled through a section sparsely settled and noted at present for its scenic beauty, but in time it will be the home of a teeming population. It is to the development of the farm and the factory we must look for commercial expansion.

"Nature indeed has been kind in bestowing to this state great gifts in agricultural possibilities. Our mineral and forest wealth, fish and hydro-electric energy should be developed and utilized for the benefit of a growing population.

Commerce, Too, Is Possibility. "Oregon possesses the means not only of supporting a large population in peace and plenty, but also has an opportunity to build up a substantial commerce in the result of the industrial activities of our people.

"By means of irrigation, through gravity and pumping systems, the thirsty soils in arid districts will be capable of supporting a large population and adding materially to the general wealth of the state.

"The Pacific Northwest is entering upon a new era of development. New cities will be built and the boundaries of old ones enlarged. The hum of the factory will be heard all over the land, providing remunerative employment for every willing hand. This new era of development and prosperity may be maintained through the united action of our people in encouraging constructive legislation that will provide markets

ALBANY DRUGGISTS ARE HOSTS

Convention Special Stops Over and Delegates Are Banqueted.

ALBANY, Or., July 14.—(Special.)—With an automobile ride, a banquet, a hand concert and special motion pictures, 130 druggists from all parts of Oregon were entertained by local druggists here today, when they stopped in Albany four hours en route to Newport to attend the silver jubilee convention of the Oregon State Pharmaceutical Association, their special train from Portland reached here at 11 o'clock and was met by local druggists and scores of citizens with automobiles.

The Chicago Glee Club, now at the Albany Chautauque, sang during the banquet.

After dinner the druggists were taken to the Rolfe Theater, where motion pictures of an educational nature, furnished by a large Eastern drug company, were shown. The visitors left at 3 o'clock on their special train for Newport.

REBELS PREPARE ADVANCE

(Continued From First Page.) Huerta would resign in a day or two, including messages from the Brazilian Minister in Mexico City and other diplomats, have raised the expectations of official Washington that his exit from power also would mean his flight from the country.

Rafael Zubaran, Carranza's confidential agent here, has received instructions in which to draft a formal reply to the note of the mediators, which proposed informal conferences between the constitutionalists and the internal questions. The constitutionalist generals have expressed their disapproval of the plan, and Zubaran's instructions, it is understood, are to reject the invitation.

The schooner Sunshine, which a few weeks ago created a stir by clearing Galveston for Havana and afterward landing a cargo of ammunition for the constitutionalists at Tampico, is again in that port.

Another attack on the Administration's Mexican policy was made in the House today by Representative Mondell, of Wyoming. He denounced particularly the mediation negotiations and the attitude of the American State Department toward the negotiations.

Discussing the provision of the protocol negotiated at Niagara Falls, which waives on the part of the United States all claims for war indemnity, Mr. Mondell said:

"What an abject surrender on the part of the Administration from its stiff-necked demand for a salute of 21 guns and an abject apology for this agreement to demand no satisfaction or indemnity whatever for incidents on account of which the Administration rushed a mighty fleet over the seas, sacrificed American lives and now maintains a huge fighting force amid the dangers and the discomforts of the tropics."

TROOPS CAN MOVE QUICKLY General Aguilar Would Be First Rebel to Reach Capital.

EL PASO, Tex., July 14.—In case of a sudden fall of the Huerta government constitutionalist troops are in a

position to enter Mexico City within a few hours, according to the assertions tonight of revolutionary agents here.

This would prevent, they declared, the much-feared reign of disorder at the national capital before the Carranza government could be established to maintain order.

It already has been arranged, it was said, that the troops under General Candeo Aguilar would be the first to reach the city. His 4000 troops are deployed between Tuxpan and Orizaba and could reach the capital within 12 hours.

Probably the second group of troops to reach the national capital would be the army under General Obregon, which recently took Guadalajara. Obregon's division of cavalry, commanded by

General Lucio Blanco, could march to the capital within a few hours.

The division under General Villa, which has moved north into Chihuahua, could not reach Mexico City for several weeks. The Villa troops, however, probably would be one of the strongest forces employed in case of a final federal stand at Queretaro, or some other central point north of the capital.

The British Minister, Sir Lionel Carden, denied that Rear-Admiral Sir Christopher Craddock had come here to accompany Huerta to Vera Cruz. Admiral Craddock himself said his only purpose in visiting the capital was to seek rest and recreation. He added that he would leave for Vera Cruz Saturday.

HUERTA GUEST OF FRENCHMEN

Dictator Himself Shows No Sign of Possible Departure.

MEXICO CITY, July 14.—President Huerta was the guest of honor of the French colony at a celebration at Cha-

pultepec Park today in commemoration of the fall of the Bastille. The President also was seen during the day in various public places, and so far as could be learned, no preparations are being made for his possible departure from the capital.
