REPAIRS TO PIPELINE IN PROGRESS.—
Thousands of holes have been found in the old Bull Run pipeline east of Gresham for a distance of three miles varying in size. These holes are being plugged with bolts. Fifty-five men under H. Russell are at work repairing the pipeline. It will take about three months to complete the repairs owing to the many holes. The pipe is being bedded in sand as fast as repaired. It is expected that the life of the pipeline will be prolonged ten years by these repairs. The pipeline was laid 21 years ago.

CEMENT PURCHASE RECOMMENDED.—
Having received reports to the effect that cement is expected to rise in price, City Purchasing Agent Wood has recommended to the City Commission the purchase of between 7000 and 8000 barreis for use in the framework of the new city barns. Mr. Wood says the city might be able to save considerable money by purchasing the cement before the increase comes. The present price is \$1.50 a barrel. An increase of 16 cents a sack will mean practically a loss of \$800 on the cement which will be needed for the barns.

Mr. Dieck to Require Contractors to Make Up Time Lost by Him.

City Engineer Dater and City Com-missioner Dieck have decreased the company to the reduced rate as prolength of time to be allowed contractors to complete a series of paving projects. The number of days to be allowed is to be cut down about 25 per cent on all contracts to be let between now and September.

It is the plan to require the contractor to make up some of the time which Commissioner Dieck has lost in getting the paving proceedings up to the contractor to make up some of the time which commissioner Dieck has lost in getting the paving proceedings up to the contractor to make up some of the time which commissioner Dieck has lost in getting the contractor to make up some of the time which commissioner Dieck has lost in getting the company re-establish the service or some other service equally as good at the same cost to patrons.

The City Engineer recommended yesterday that if property owners on Linnton Road from Twenty-sixth street westward to the city limits agree to pave that thoroughfare, the city take it over as a street. The recommendation was approved by City Commissioner Dieck.

Requests have been made by more and the city take owners. In the city commissioner of the city commissioner o
