Patriotic Demonstrations on Vienna Streets Surpass All Previous Efforts—Shelling of Belgrade Described.

LONDON, July 30.—A Vienna dispatch to the Exchange Telegraph Company says: "After a heavy bombardment by the Danube gunboats, Belgrade was occupied by the Austrian troops Wednesday."

VIENNA, July 29.—The Servians at 1:30 A. M. today blew up the bridge spanning the River Save, between the Austrian town of Semlin and Belgrade. The Austrian infantry and artillery stationed at Semlin, in conjunction with monitors on the Danube, fired on the Servian positions beyond the bridge. The Servians retreated after a short engagement with trifling losses. It is said the Austrians have another bridge, in sections, on their side of the river, which they can put up in a few days.

Mine-Laden Steamers Taken. A small detachment of pioneers, in co-operation with the customs officers yesterday, captured two Servian steamers laden with ammunition and mines. The pioneers and revenue guards, after a sharp encounter, overcame the Servian crews and took possession of the vessels and their dangerous cargoes. The captured ships were towed away by one of the Danube steamers. Emperor Francis Joseph will return to Vienna from Ischl tomorrow and may then go to Budapest to be nearer the scene of action. Popular enthusiasm is growing since the Emperor's manifesto and patriotic demonstrations are being held all over the country. Rumors on the savings banks are diminishing.

War Spirit Grows in Intensity. The war spirit in the Austrian capital is hourly increasing. The streets of Vienna tonight were so crowded with enthusiastic persons, singing and parading, that traffic in the leading thoroughfares was almost brought to a standstill. The patriotic demonstrations today surpassed in extent and fervor anything witnessed within memory. A dispatch to a Vienna paper says that three of the Danube monitors began shelling Belgrade early in the morning, after the bridge across the Save had been destroyed by the Servians. The shells wrought havoc in the exposed part of the city, damaging the King's palace, the fortifications, the barracks and other buildings. This dispatch says that the Servians did not return the fire.

BELGRADE SEVERELY DAMAGED Shells Fall on Banks, Which Protest to German Legation. ATHENS, July 29.—The Servian legation has received the following telegram from Nish, dated July 29: "Belgrade was bombarded in the night. Shells fell in various quarters of the town, causing great damage. Several fell on the Franco-Servian and the Andrevitch Banks. M. Andrevitch, of the banking firm, was wounded. Both banks have lodged a protest at the German legation. An artillery duel is proceeding at Vichnitz, about three and a half miles down the river from Belgrade."

AMERICAN WIFE OF SERVIAN TO HELP

FORMER MISS DUNLAP WILL RAISE SURGEONS' CORPS.

Woman Prevented by Austrians Joining Husband Will Go to London on Errand of Mercy.

LONDON, July 29.—Mrs. Grouitch, the American wife of the Servian assistant secretary of foreign affairs, Slavko Grouitch, is expected to come to London to raise a corps of volunteer surgeons and nurses for war service. She notified a London friend yesterday that the Austrians had prevented her from crossing the border to join her husband in Belgrade. She wrote from Siles-Maria, Engadine, Switzerland: "I am wild with anxiety for Slavko, but feel I can really be of more use outside the lines than within them at the present juncture. If I hear war has broken out I shall at once return to London to raise a corps of surgeons and nurses; otherwise I shall await instructions here from Slavko. At present we can get no news through on this side, but I hope he will be able to reach me by way of Greece in a day or two. The suspense is terrible." Mrs. Grouitch was formerly Miss Mabel G. Dunlap, of Virginia.

MOTHER-IN-LAW FARE HIGH

Man Finds Wife Rides With Him for 35 Cents Less; Kicks, Gets Refund.

SALEM, Or., July 29.—(Special)—"Why did it cost more to ride in a Pullman chair car when I was accompanied by my mother-in-law than it did when I was accompanied by my wife?" This question was put to the State Railroad Commission today. The complaint says the charge for himself and wife from Eugene to Medford was \$1.75 and for himself and his mother-in-law \$2.10. When accompanied by his wife they were considered as one party. When accompanied by his mother-in-law the charge evidently was for two parties. The Commission held the railroad should have charged only the one-party tariff and will order a refund.

WEDDING ON BET FAILURE

Divorce Ends Hasty Honolulu Romance, Widely Advertised.

CHEHALIS, Wash., July 29.—(Special)—Mrs. Edith Rosenfield, daughter of W. C. Yeomann, a wealthy lumberman of Pe Ell, today was granted a divorce from Leo Rosenfield, a reputed wealthy manufacturing chemist of Chicago. Their romantic marriage at Honolulu, Hawaii, some weeks ago on an alleged wager after 24 hours' acquaintance, followed by their quarrels while crossing the Pacific, and the bride's act in throwing her wedding ring into the ocean, were widely heralded.

Austria's Proposal to Discuss Terms When Belgrade Is Occupied Not Considered Seriously—Prayers for Victory Held.

LONDON, July 30.—According to the Times, diplomatic intercourse between Austria and Russia was suspended yesterday. A dispatch to the Times from Durazzo says the Austrian Lloyd steamship service from the Adriatic Sea is completely interrupted. There were enormous transactions yesterday in London in insurance against war risks. The rates trebled and quadrupled as compared with those of Tuesday.

ST. PETERSBURG, July 29.—In Russian eyes the die is cast. Only a political miracle can avert war. Russia does not swerve from her determination to support Serbia and partial mobilization has already been ordered. There is every indication that the whole vast military machinery of Russia will soon be set in motion.

People Will Follow Czar. An imperial manifesto is awaited tonight. Should Emperor Nicholas become generalissimo of the forces, as it is understood he will, an immense wave of enthusiasm will sweep over Russia. The political parties have sunk their differences. The general attitude is not "jingoistic," but one of resolute confidence in the justice of the country's cause and readiness to make all sacrifices.

Austria's Proposal Floated. The proposal attributed to Austria to discuss terms when Belgrade has been occupied is regarded as impossible. It is pointed out that before opening of hostilities Russia proposes to Austria a direct exchange of views, which Austria rejected.

The foregoing St. Petersburg dispatch was passed by the censor without comment. (Concluded on Page 2.)

NEW YORK TRADERS IGNORE WAR SCARE

Bargain Hunters Keep Stock Prices Up.

GERMANS BUY AGGRESSIVELY

Berlin Invests While Paris and London Unload.

TIDE IS TURNED UPWARD

High "War Risk" on Gold Shipments Checks Outflow, Though Further Engagements Are Reported at Advanced Rates.

NEW YORK, July 29.—The New York Stock Exchange today moved in a direction contrary to that of most other financial markets of the world. It gave no heed to the alarming conditions prevalent all over Europe, where speculative investment purchases of a character more substantial than had been witnessed for years. The bargain-hunter was much in evidence and with the aid of leading financial interests turned the tide and caused a hurried scrambling to cover of an aggressive short interest.

Germany Buying Extensively. Reversal from recent pessimistic conditions was largely due to the more favorable advices received from abroad. Berlin was the chief factor, not only in this respect, but in the support that market gave to prices here. Canadian Pacific, the source of greatest weakness recently and a prime Berlin favorite, was taken in large amounts at almost uninterrupted advances. The German capital also bought extensively of other American shares, while Paris and London continued to unload here.

In fact, Berlin was almost the only foreign center where anything like normal conditions prevailed, London and Paris doing their utmost to restrict trading, while other foreign exchanges went to the extreme of suspending operations altogether. Of the day's total business, which aggregated about 25,000 shares, Berlin probably took 25,000, while Paris, London, Vienna, Amsterdam and some less important centers took the remainder.

WILSON DISCLAIMS "RUNNING AMUCK"

ALLAYING OF SUSPICION NOW PART OF PROGRAMME.

Hope Expressed That Within Six Weeks People Can Take Off Coats and Get to Work.

WASHINGTON, July 29.—Defending the Administration's anti-trust programme, President Wilson today told a large delegation of business men representing large wholesale organizations that he was seeking to end an era of "suspicion and recrimination by putting into law what the moral judgment of the community has said ought to be there."

He assured them that the Government was not "running amuck." "It may have seemed sudden to do so many things in one Congress," he said, "but wasn't it high time? I am not maintaining that they are settled in the wisest way in which they could be settled, but certainly the men engaged have tried to settle them in the interest of the country and I think in the main they have succeeded."

"I just want to leave that thought with you, that we are not 'running amuck'; we are trying to close this era of suspicion and recrimination by putting in the law what the moral judgment of the community has said ought to be there. And I honestly believe that when it is done—and I hope it will not be more than six weeks from now when it is done—we can all take off our coats and get to work and look each other in the face and say: 'This is a Nation of honest men and we are going to do business as such.'"

"Don't you think that is a reasonable view to take of the present situation?"

AUSTRIA'S CALL TO ARMS SOUNDS HERE

Royal Summons Sent to Portland Subjects.

PARDON OFFERED DESERTERS

Traveling Expenses to Scene of War to Be Given Recruits.

SLAVONIANS FOR SERVA

Hungarians Express Love for Emperor Josef—Receipt of Imperial Announcement by Law Firm Stirs to Quick Response.

Official Austrian Announcement. In Austria-Hungary a partial mobilization has been ordered by His Majesty. Those subject to military duty, who have to report on this account, will be notified by special summons. Traveling expenses will be reimbursed to those called into service. Whoever is unable to defray the traveling expenses will have to report to the nearest Imperial and Royal Consulate and upon presentation of his summons will receive financial assistance. To the others the traveling expenses will be refunded immediately according to the prevailing schedule. Amnesty has been granted all those having failed to comply with their military duty, and to deserters, who, upon summons or of their own volition, immediately return to their native country. IMPERIAL AND ROYAL CONSULATE OF AUSTRIA-HUNGARY, SAN FRANCISCO.

When the official announcement of the Imperial and Royal Consulate of Austria-Hungary was received in Portland yesterday instructing Austrians subject to military duty to prepare for summons to return to their home country, a lively contention was precipitated among Austrians, Servians and Slavonians as to how general a response the prospective summons would receive in Portland.

The government announcement was addressed to the local law firm of Woerndle & Haas, legal representatives of the Consulate at San Francisco. It was accompanied by a letter from Karl de Ruiz, Acting Consul of Austria-Hungary, with the request that the notification be given publicity.

Call Made Before War. While the preliminary summons will not be released anywhere in the United States until today, the official papers bear the date of Monday, July 27. Since war was not formally declared until the following day, July 28, the papers reveal the fact that Austria has carefully and definitely laid its plans for a war campaign long in advance of the actual declaration of war. Local authorities believe that the announcement came to the United States by mail, thus insuring an absolute secrecy that would not have been possible had the instructions been flashed over the cables.

This explains why the Austrian government refused to accept arbitration on the ground that it had already gone too far in making arrangements," said C. T. Haas yesterday.

Pardon Offered Deserters. That the Austrian government is convinced that the Servians will enlist the support of other nations is further demonstrated by the promise given in the summons that all deserters who immediately return to Austria prepared for war will be pardoned for the offense they have committed against the government, and will not be placed in prison.

The paragraph reads: "Amnesty has been granted all those having failed to comply with their military duty and to deserters who upon summons, or of their own volition, immediately return to their native country."

The announcement prescribes that traveling expenses will be reimbursed to those called into service and that traveling expenses will be extended in advance by the nearest consulate to those who are not financially able to pay their own way home.

Austrians Await Orders. Local Austrians yesterday interpreted the notification to mean that they should hold themselves in immediate readiness to leave for home at any moment, probably within two or three days.

There are about 1800 Austrians in Portland yet liable to military service in their home country. Of this number, it is believed that only 200 or 300, in the lowest ranks of the service, would be included in the first summons. It will cost the Austrian government between \$200 and \$300 in traveling expenses for each common soldier it returns to his native country. J. Mackdych Edler von Tarkaloye, a first lieutenant in the Austrian service, who has been in Portland since the latter part of May acting as credit man for A. E. Kern & Co., publishers of the Deutsche Zeitung, is believed to be the
