Local Hog Market Down Half Dollar in Sympathy With Recent Declines Elsewhere.

Nearly all the business done at the ockyards yesterday was in the cattle disjon, where former prices were quoted togs were weak and lower. Sheep were in-

Hogs were weak and lower. Sheep were inactive.

Seven loads of medium grade Washington meers were disposed of, all bringing \$6.90. A load of choice heliofs sold at \$6.95.

Only two loads of hogs were received, but the market was weak in sympathy with the recent depression in the East, and \$8.50 was quoted as the current top value. This condition, however, is regarded as merely temporary, as the Chicago hog market yesterday was strong and higher.

Plans are being made by Baker County sheep owners and buyers to make heavy shipments of lambs and wethers to Omaha. About August 10, says the Baker Democrat, Miles Lee will ship a trainload and P. J. Brown, also of Baker, will sent out 15 cars from Robinet, on Snake River. David Lee will ship a trainload during the early part of this month.

Receipts were 66 cattle, 18 calves and 183 hogs.

Shippers were: D. C. Boatman, Silverdale,

IDAHO HEAT HURTS FRUIT Temperature Ranges From 400 to

106 for 10 Days.

PAYETTE, Idaho, Aug. 5.—(Special.)

The hot wave which struck Southern Idaho 10 days ago is the longest period of such high temperatures registered in this part of the state for 10 years. The temperatures have ranged between 100 to 106 every day for over a week, with no forecast for cooler weather.

The effect on the fruit crop is hard to foretell. It is causing many prunes to drop which were slightly hit by frost earlier in the season, but which would have developed if the weather was cool. It has also had the effect of ripening certain varieties of fruit earlier, preventing it from reaching its full size.

FIVE FIRES CHECKED

Crews Battle Night and Day to Head Off Flames.

TIMBER

Sinslaw Forest Ravaged by Blazes Discovered Soon After Hunters Leave Woods, but Fighters Now Have Upper Hand,

EUGENE, Or., Aug. 5 .- (Special.) Five serious forest fires, two of which cover more than 200 acres each and for the control of which forest guards and nearby residents have been buttling night and day for three days, are burning in the Siuslaw, west of Eugene, from fires started by hunters who have scattered through the forests since the opening of the deer season. Much green timber has been burned.

Although all fires appear to be un-der control, the situation in Western Lane County is serious and Carl V. Oglesby, Deputy State Supervisor, who came out today, leaves in the morning with additional guards. The present effi-cient system of patrol has nipped, perhaps, the most serious conflagration in years in the western part of the

county.

A force of firefighters is still building fire lines on the Chicahominy, as miles west of Eugene, but are believed to have checked a fire which has burned to A force of firefighters is still building fire lines on the Chicadhominy, will be under the auspices of the Eastern Star.

Ancient Order of Muts, will meet at the Commercial Club for dinner at 6:30 o'clock this evening to complete arrangements for the incorporation of the organization and to prepare for the issuance of charters to outside towns and clies. The ritual committee, continued to the vicinity, but this was controlled after it had burned over 40 or 50 acres. The other started near the head of wolfe Creek and firemen are now fighting the flames which are burning in the

Men of the Clackamas-Marion Fire Patrol Association from High Camp lookout station, in Clackamas County

discovered the smoke of a fire in town-ship 7 south, 4 east, yesterday. The news was telephoned immediately to the Oregon Fire Association, which promptly sent out men to fight the

biaze.

J. Willetts Ferguson, head warden in that territory, said that the biaze was in a forest of mountain baim trees, which are not valuable commercially, and that no green timber is near. He reported that the scene of the fire is reported that the scane of the fire is 26 miles from a settlement. Had it not been for the lookout system it proba-bly would not have been observed until it had gathered such headway that it would have swept on into valuable timber.

SPOKANE, Aug. 5. — Forest-fire fighters in Western Montana and Northern Idaho have fires in the for-Northern Idaho have fires in the for-ests under control, according to mes-sages received here today.

Bovill, Idaho, was saved from de-struction early today when 909 men beat out the flames as they approached the town. The wind then shifted and further immediate danger was averted.

Western Montana is dark in smoke from the fire near Bovill. A dynamit-ing machine to be used in trenching has been sent to Java, Mont., where 300 men are fighting a fire on the Big River. This fire is reported to be under control.

Big River. This be under control. BAKER COUNTY FIRE SERIOUS

Fears Are Blaze Will Get Beyond Control of Fighters.

BAKER, Or., Aug. 5 .- (Special.)-

Forest-fire fighters returned today from Sparta, the Elkhorn Mountains and the Burnt River range, where they had just succeeded in checking the va-rious forest fires, only to learn that a

bad fire had broken out on Dooley Mountain, near the Holden ranch. The fire covers about 50 acres and is on the edge of fine green timber. Forest Supervisor Palmer started with a crew of forest-fire fighters to the scene today and reports were received that there is danger of the fire getting beyond control.

This is virtually the only serious fire now in Baker County, in the canyons of the Elkhorn Mountains there are atil some small blazes, but these have been confined in sequestered bits of timber, and there is no likelihood of them gaining any appreciable head-
