

RICH WANKES BUY SHIP TO COME HOME

Philanthropic Americans in London to Charter Another to Aid Tourists.

STRAIN MUCH RELIEVED

English Women, in Protest of Exorbitant Prices for Food, 'Rush' Several Stores and Carry Away Edibles.

LONDON, Aug. 5.—The wants of most of the American tourists in London have been temporarily provided. Those holding notes and checks have been able to get small sums of currency to carry them on, while the hotels are not pressing them for their bills for daily needs. Others without funds of any kind are taken care of by the committees and by loans from individuals.

American Embassy Acts. The American Embassy, which has taken charge of German interests, was crowded this afternoon with German reservists, and with the military papers being indorsed so that they may be able to proceed home.

Irwin B. McLoughlin, secretary of the American Embassy, paid a call to the German Embassy before the departure of Prince Lichnowsky and his staff, to discuss the arrangements for taking over the affairs of Germany. The syndicate which purchased the British steamer Viking is arranging to charter another steamer to take home Americans who are without funds.

Price-Raisers Rashed. In the East End several stores where prices had been raised were by infuriated women who carried off everything they could lay their hands on before the arrival of the police.

The situation has been aggravated by the throwing out of work of 250,000 transport workers through the discontinuance of freight traffic to the Continent. It is expected, however, that many of these will find employment in the army transport.

Mail for America Starts. The American liner steamer Philadelphia, which sailed from Southampton for New York shortly after noon today, took all the American and Canadian mail which had been posted up to this morning.

A downpour of rain prevented the gathering of any great crowds this afternoon, but this evening the streets of Whitehall and the Strand were filled with people eagerly picking every scrap of news and cheering at the rumored British, French and Belgian victories.

The Manchester Guardian, the "only paper heretofore opposing the war, in printing the announcement of the decision of war by the British cabinet, "All controversies are buried. Our front is united."

MORGAN'S GOLD TO HELP

American Financier Decisive in Move to Aid Americans.

NEW YORK, Aug. 5.—J. P. Morgan & Co. are understood to have obtained from the Bank of France, on the credit of their Paris branch, Morgan, Harjes & Co., \$5,000,000 in gold, to be placed immediately at the disposal of Americans abroad, who lack funds on account of the war.

Parts of the gold from the Bank of France will, it is said, be turned over to the American Express Company for cashing American travelers' checks and letters of credit.

NOTES TO MEET INTEREST

War in Mexico Has Effect on Railway Stocks and Bonds There.

NEW YORK, Aug. 5.—The National Railways of Mexico announced today that interest July 1 and September 30, 1914, on National Railways of Mexico prior ten 4 1/2 per cent bonds, National Railways of Mexico 4 1/2, Mexican Central priority bonds and certain bonds of subsidiary companies would be met by the issuance of notes. This was done to meet previous payments, owing to inability to raise cash during the war in Mexico. The notes will be secured by Mexican government 5 per cent bonds. They will bear interest of 6 per cent and will mature January 1, 1917.

Similar steps will be taken to meet the interest of the National Railways of Mexico three-year 6 per cent gold notes dated July 1, 1914.

What to Do With Wheat Crop, Which Nominally Goes to Europe, Is One of Big Puzzles Which Washington Yet Has to Solve.

PROBLEM IS MOST VEXING

WASHINGTON, Aug. 5.—The magnitude of the problem of American neutrality in the international war into which Europe has been plunged,

France learned well the lesson Germany taught her in 1870, when, within seven months from the opening of hostilities, Paris had fallen and France was a suppliant for mercy at the throne of the German Emperor.

On the night of July 19, 1870, an orderly awoke General von Moltke, chief of the German imperial staff, and told him Napoleon III had declared war on Germany. Von Moltke directed the orderly to open the second drawer on the left-hand side of his desk for complete instructions to mobilize the German armies.

The German Ambassador at St. Petersburg at 7:30 P. M. August 1, handed to the Russian Minister of Foreign Affairs a declaration of war. When the Council of Ministers in Paris the same evening was informed that Germany had declared war against Russia they met President Poincare hurriedly at the Elysee Palace. It was announced at once that the mobilization of the French army would begin at midnight and would be completed within 24 hours.

NEW YORK, Aug. 5.—With British, German and French war vessels lurking along the trans-Atlantic lanes plied by steamships, conditions off the American North Atlantic coast have taken on some of the aspects of a blockade.

GERMAN EMBASSY RAIDED

Russian Mob Wrecks Building and Burns Contents.

ST. PETERSBURG, Aug. 5.—The German Embassy here was wrecked and a bonfire kindled in the vicinity of the building by an angry crowd today. The people were angered by the reports of what they deemed to be an indignity shown to the Dowager Empress Maria Feodorovna by being stopped in Berlin on her arrival from London on her way to St. Petersburg and compelled by German authorities to go to Copenhagen.

GERMANS SHELLING TOWNS

German Cruiser Leipzig, whose Presence in Pacific Waters has Caused Much Anxiety to British and French Shipowners, Sailed from This Port Today (Monday).

Nothing is known here of the whereabouts of the German cruiser Nürnberg, last reported as having cleared from Honolulu yesterday for German Samoa. The British gunboat Algerine is still at anchor in the harbor. Quite possibly she will intern here, in a neutral port, as she has practically no offensive or defensive powers.

WAR OBSERVERS NAMED

United States Officers to Study Conflict in Europe.

WEST POINT, N. Y., Aug. 5.—Major James A. Ryan and Captains Julian R. Lindsay, Herman Glade and Frank R. Wilcox, on duty at the United States Military Academy here, have been designated as military observers in Europe. They will sail on the cruiser Tennessee.

GERMAN DOUBTS RESULT

PORTLAND EDUCATOR, HOWEVER, WILL AID FATHERLAND.

Outing in Southland Cut Short to Return Here and Offer Services to Consul.

EUGENE, Or., Aug. 5.—(Special.)—Saying that conditions look dark for Germany, G. C. Von Eglowstein, a German instructor in Hill Military Academy, passed through Eugene today, hurrying home to report to the German Consul and be sent, if necessary, to join his fellow-countrymen in Europe. He was motoring in California, being at Montague with a broken car, when the word of war came. Hurrying the repairs directed the moving of the automobile, and has driven north over the Pacific Highway as fast as his machine would carry him.

Von Eglowstein is a lieutenant in the second-class reserves in the German army and is subject to the call for service. He left Germany 23 years ago, but he has returned several times since then, and has remained loyal to his fatherland. His brother, he says, is probably in the war game as a captain in the field artillery of the imperial guards in Berlin.

"It looks dark for Germany," admitted Mr. Von Eglowstein. "But we'll fight like the devil. They'll have a scrap before it is finished."

He believes that if Germany loses, the defeat will make Germany a republic.

"But it won't be William that wins or loses. The man I'm relying upon is Von Moltke, chief of the general staff. He is not the head of the army, but he directs the moving of the army."

"But I have given it little thought. I am trying to get back as soon as possible that I may report for duty."
