The County Commissioners acted on the recommendation. No more prisoners from the Municipal Court will be received at the quarry and Washington County will be notified that no more crushed rock will be furnished for the present.

CHILD BEATING SCORED

JUDGE WOULD ORDER PARENTS FLOGGED, IF HE COULD.

Scathing Rebuke Delivered to Couple Accused of Whipping Boy Until Welts Stand Out on Body.

"If it was in my power, I would have sent you to be whipped as you have whipped your child. I can't pass on your case today. The sight of the welts and bruises on that little boy's back and legs has unnerved me."

This scathing rebuke was delivered by Municipal Judge Stevenson to Mr. and Mrs. A. F. Buchanan, of 1774 East Ninth street, charged with assault and battery on their 2-year-old son, Eugene.

The boy, pale, anemic, and small for his years, told a story of floggings by his mother and his stepfather, Buchanan. Mrs. Buchanan's neighbors were present to testify about the whippings given the lad. Because he had lost a quarter, it was said, the mother tied Eugene to a post and whipped him with a leather strap. Neighbors several doors away told of hearing the blows fall and the child scream.

"It is a conspiracy to run me out of the neighborhood," testified Mrs. Buchanan, who showed no emotion throughout the trial. "Eugene's flesh is soft and he is easily whipped, but I whip him very hard. It was only to break him of lying to me."

Judge Stevenson continued sentence in the case until the juvenile court makes disposition of the boy. The Buchanans will appear again next Friday. Meanwhile, Eugene is being taken care of at the Frazer School.

NEGROES AWAIT COURTS

CHURCH STOPS CONSTRUCTION FOR DECISION ON PROTEST.

Pastor Consults Mayor Albee on City's Action on Halsey Street Proposal for Extension.

Construction on the new African Zion M. E. Church at East First and Halsey streets has been stopped by the officers of the church and will not be resumed until the present fight of the neighboring property owners against its location at that site has been settled.

Rev. W. W. Howard consulted Mayor Albee yesterday afternoon and was given the assurance that the city would in a session at the request of the residents of the vicinity of the church have filed a petition asking for the extension of Halsey street through the property, saying that the curve of the street at East First street, which is at an angle at East First street, is a dangerous one. The real reason, it is said, is to prevent the colored congregation from building the church.

"We have stopped all building work," said Mr. Howard yesterday, "and will not resume construction until the extension of Halsey street is either allowed or denied by the courts. Residents of the neighborhood who object to the extension are getting up a petition remonstrating against the improvement. Some of the residents really want the extension as an improvement, while others indicate that their reasons are solely to prevent us building the church there."

Mr. Howard said the congregation would not allow its property to be used as the street extension for less than \$5000, special order to do so by the courts.

NEUTRALITY STEPS TAKEN

Portland Consuls Requested to Co-operate With Government.

Thomas C. Burke, Collector of Customs, has addressed letters to all of the consuls in foreign countries in Portland, asking them to co-operate in maintaining the neutrality of the United States.

Reservists are still registering at the various consulates, although there is little likelihood of their being able to reach the theater of action in Europe, with the exception of the British and reservists and reservists to countries in sympathy with the British.

In nearly all of the consular offices, numbers of reservists have offered their services, but these have been turned down. Americans who take up service will sacrifice their citizenship.
