

LEGG NOW AT LIEGE MAY BRING STORM

Brussels Is Certain Big Battle Nears and All Are Extremely Watchful.

LOST GERMANS SURRENDER

Two Hundred Teuton Wanderers From Ranks Captured in One Night—Search for Spies Is Diligent.

BRUSSELS, via London, Aug. 11, 2:40 A. M.—The pause in the fighting around Liege since Saturday appears to be the lull before the storm.

The people of Brussels are extraordinarily watchful against spies. There is universal belief that the Germans are engaged in an organized system of espionage.

The governor of Antwerp has issued a proclamation warning all German and Austrian residents to present themselves before the police.

German soldiers who became separated from their regiments lost their way continually and are falling into the hands of Belgians.

For the most part they are cavalrymen and surrender without striking a blow. Apparently they are falling into the hands of Belgians.

The Germans have destroyed the bridges and railways around Longres. King George has sent a message to King Albert of Belgium, congratulating him on the splendid defense of the country.

The independence of Belgium says that the Eighty-ninth German Grenadier Regiment, of which King Albert is honorary colonel, was the first to invade Belgium.

The same paper reports that a force of Germans has arrived at Launenburg in a starving condition.

MAN PRISONER IN CELLAR

Thirty-Six Hours Pass Before Discovery at La Pine.

LA PINE, Or., Aug. 11.—(Special.)—J. N. Masten, president of the Masten Lumber Company, of La Pine, after being locked in his cellar for 36 hours, was discovered yesterday after a long search by friends.

Friday evening he went to the gate with some departing friends, and after bidding them goodnight returned to the house.

Just as he was about to enter he noticed the cellar door open and went to shut it. To be sure that no one was within he entered, and in doing so he stumbled over a door that had been fastened over a big door lock, imprisoning him, and his calls were unheard.

Mr. Masten is none the worse for his experience. He says it was nice and cool down there, and he had plenty to eat, and he knew somebody would come that way some time.

PATRIOTS RIOT; 25 HURT

Austrians and Servians in Arizona in Pitched Battle.

GLOBE, Ariz., Aug. 11.—Twenty-five were injured, none fatally, in a pitched battle between Austrians and Servians here early last night. Forty Servians and 20 Austrians took part in the fight, using rocks, clubs and their fists.

Officers who were rushed to the scene quickly stopped the fight and placed 21 of the rioters under arrest. Many of the two warring nationalities are making their way into the city tonight, and further trouble is feared by the police.

BOLD BURGLARY REPORTED

Home Entered While Owner Sits on Porch; Diamond Taken.

To have his house robbed while he was sitting on the front porch was the experience of James B. Young, 325 Tenth street, Monday night. Mr. Young reported to the police that a burglar entered his bedroom and stole a diamond-studded watch valued at \$35, and a gold ring, while he was sitting on the front porch.

The theft of a clock from a house at 1844 Excelsior street was reported to the police by Miss J. Tully.

CATHLAMET, Wash., Aug. 11.—(Special.)—The 9-year-old son of Arthur Seaberg, of Puget Island, was drowned yesterday in the river near his home. The lad was playing on a log and slipped into the water. His parents saw the accident and hastened to the place where he had disappeared. They soon recovered the body, but all efforts at resuscitation were futile.

He will be buried in the women's cemetery at this place tomorrow.

\$250,000 FOR RELIEF IN ITALY

Government Sends Funds to Help Americans From War Zone.

ROME, Aug. 11.—Thomas Nelson Page, the United States Ambassador, has been authorized by the Washington Government to divide proportionately among American Consuls in Italy the sum of \$250,000 for the relief of stranded American citizens.

The Chinese Minister here has applied to Mr. Page to obtain passage on some steamer for his son, who is going to Washington.

Attempts are being made to notify Americans in Switzerland that they can enter Italy, where conditions of life are more normal.

It is said, besides the difficulty of Americans securing money, some of the hotels and boarding-houses have begun to curtail meals.

Similar conditions are said to exist at Aix-Les-Bains and other French resorts.

EARLY TRIAL DESIRED

T. R. WANTS CHANGE OF VENUE IN BARNES LIBEL SUIT.

Suit for \$50,000 Is Result of Charge That Bipartisan Boss Rule Exists in New York.

OYSTER BAY, N. Y., Aug. 11.—Theodore Roosevelt announced last night that his attorneys in the \$50,000 libel suits brought against him by William Barnes, Jr., Republican state chairman, will ask to have the action brought to trial in some county other than Albany County, where Mr. Barnes resides, and where the venue of the action was laid by the plaintiff.

Colonel Roosevelt said his attorneys did not believe an impartial trial could be held in Albany County, and that if Mr. Barnes' attorneys would not consent to a change of venue the court would be asked to grant it.

The Colonel reiterated that he desired the case to be heard at as early a date as possible, and said he had instructed his attorneys not to file a demurrer. He added that an extension of 20 days in which to prepare his answer was obtained today in the Supreme Court. It is probable that the case will come to trial in October.

Mr. Barnes' action was begun after Colonel Roosevelt, in a letter to the Albany Statesman in which, alluding to political conditions in this state, he attacked Mr. Barnes and the so-called bipartisan boss rule, and mentioned by name also Charles P. Murphy, leader of Tammany Hall.

'LADY BOUNTIFUL' HOLDUP

Auto Ride With Her Costs \$11 When "Pals" Appear Armed.

CHICAGO, Aug. 6.—"Please, sir, can you direct me to the nearby Lake Shore Drive," asked a strikingly handsome woman in an automobile of George George Legg, of No. 809 Wells street, America, yesterday in distress. Legg gave explicit directions. The place asked for was more than two miles away.

"Dear, dear, I'd never find it alone," said the voice, pleadingly. "Would you mind getting in and going along to show me the way?"

Legg, looking on more at the lovely picture in the automobile, opined that he wouldn't mind. He entered the automobile and the beautiful chauffeur drove her car toward Streeterville on the Lake.

The woman suddenly brought the car to a stop in the "Deestrick," which George Wellington Streeter, the famous squatter, put on the map. Two men, armed with revolvers, requested Legg to kindly elevate his hands.

Legg complied and the gentlemanly wayfarer kept him "covered" while the "Lady Bountiful" (Mex.) went foraging through the Legg pockets. She deftly extracted therefrom some \$11, chiding Legg the while for his gentle acquiescence in the proceedings.

The "frisking" over, Legg was invited to emerge from the automobile and arrive elsewhere. He was so taken back that he didn't think to look for a number on the automobile. He trudged back to Chicago avenue police station and reported.

"Was she very pretty?" asked the sergeant. Legg described a very magnificent creature.

"Well, maybe the ride was worth \$11," said the sergeant, "but we'll look into the frisking."

At last account no trace of the trio had been found.

CANADA'S TROOPS START TO FRONT

Dominion Minister of Militia Says 22,000 Will Be Mobilized Within Week.

OFFER ACCEPTED BY KING

Royal Canadian Horse Artillery Dragoons and Strathcona Horse on Way—Employers to Pay Men While Off to War.

OTTAWA, Aug. 11.—Within a week Colonel Samuel Hughes, minister of militia, hopes to have most of the 22,000 men who will make up the Canadian contingent which will go to the war on the way to Valcartier, Quebec, the mobilizing center. Three regiments are already on the way. They are the Royal Canadian Horse Artillery, the Royal Canadian Dragoons and the Strathcona Horse.

It has not yet been decided whether these units will go to the seat of war. Recruiting will close for the over-sea contingent Wednesday night and from the list of names sent into the militia department the 22,000 men required will be picked without delay and will be rushed to the mobilizing center.

King George has notified the government here that he will be pleased to accept a full division of 22,000 men from Canada to fight with the British troops. In addition to this division, the regiment being raised and equipped by Hamilton Gault, of Montreal, will go to the front.

During the last few days Colonel Hughes has received many messages from Servians in the United States offering to accept a full division of the British flag. These Servians have explained that since they cannot get back to their own country to join their home army in fighting Austria, they desire to help Great Britain. Many reservists from the French and Russian armies have made similar offers, and, these with the offers from the Servians, are being considered by the government.

Several of the best known firms in Canada have notified Colonel Hughes that they will pay their employees who go with the Canadian contingent their full wages while they are away, or will pay them to dependent relatives. A similar offer is on foot to raise a fund by subscriptions to pay all those volunteers who go to the war who will not receive wages from their employers while away.

NERVOUS CHILDREN

There is much criticism of modern educational methods that require too much work of school children, allowing them too little time for play and preventing sufficient out-of-door exercises. When the study of music or any other accomplishment, with the necessary practice, is added, the strain is increased.

Under these conditions the blood becomes impoverished and fails to nourish the nerves. The child becomes restless, and twitching of the muscles follows. Sometimes the child stumbles in walking and drops what it tries to hold. Pallor, listlessness, inattention, restlessness and irritability are symptoms that early show that the blood and nerves are failing to meet the demands made upon them.

Dr. Williams' Pink Pills, a tonic for children, will build up the blood, strengthen the nerves and help to meet the demands of the growing child. Sufficient out-of-door exercise, nourishing food for 24 hours' sleep each day, with these tonic pills, will correct even long standing cases of St. Vitus' dance and will calm the nerves of the most irritable child.

All druggists sell Dr. Williams' Pink Pills. A booklet "Diseases of the Nervous System" will be sent free to any parent on request by the Dr. Williams Medicine Co., Schenectady, N. Y.—Adv.
