It was reported that about one-half of the exhibit space in the manufacturers' division has been taken.

The finance committee reported that the property owners and estates of the city had subscribed about \$1500; the Portland Railway, Light & Power Company, \$1900; the retailers' committee, through Chairman Timms, more than \$500, and that the guarantee fund had reached about half of the amount re-

Several chairmen of committees reported that they found it easy to obtain signatures for the guarantee fund, as all seemed to realize that the exposition would be a needed cducational and amusement enterprise for Portland and would assist in bringing a large number of out-of-town people to Portland.

Meetings of the board of directors

Meetings of the board of directors, representing the Manufacturers' Association of Oregon and the Pacific Northwest Land Products Show Association, are to be held twice a month. The secretary was instructed to send out notices calling the next meeting.

Scott appeared in Municipal Courty yesterday morning charged with having offered Mr. and Mrs. John Bell am auto mail route in Canada with \$100 a month salary attached, if they would become settlers. He pretended to be a Canadian government official, it was said.

States Marshal, several days ago. Details of the incident were not revealed until yesterday, when United States Marshal Montag asked the reason for his deputy's tardiness from duty on the eventful day.

MacSwain took his vacation about two weeks ago and borrowed a dog from Dave Fuller to guard his home during his absence. MacSwain returned late last Monday night. He crept into the house and awakened no one. The following morning he arose, and, after breakfast, started to leave for work. Then, for the first time, he remembered borrowing the watchdog. The dog refused to allow him to leave the place. For more than an hour MacSwain was kept prisoner. He attempted to bribe the animal, coaxed him and cajoled him, but all in vain. Finally Mrs. MacSwain, who had been at a neighbor's house, returned. She held the animal while MacSwain made his escape.

When MacSwain returned home that night he faced another difficulty. The dog was standing guard at the gate and refused to allow MacSwain to enter. An hour later Mrs. MacSwain, who was attracted to the front door

Because the state fund for the return of refugees from justice is exhausted Temporary appointments to positions in the city service made pending the holding of a civil service examination, never can result in the temporary employe becoming a permanent employe. This was the ruling yesterday of the Municipal Civil Service Board. The question came up in the case of R. S. Leabo, an employe under Commissioner Disck.

Mr. Leabo has been kept on the city's payroll for several years under temporary appointment, there being no civil service eligible list for the position. Mr. Dieck asked the board to make the appointment permanent. The board decided this could not be done. Mr. Leabo will have to take an examination.

J. W. Cody, member of New York Lodge, No. 1, Benevolent and Protective Order of Elks, was serenaded by the Elks' Band of Portland at the Imperial Hotel Wednesday night. Mr. Cody, who was in charge of the entertainment of local Elks three years ago in New York, was told that a telegram awaited him at the hotel, and was escorted there by J. E. Kelly. The entire hand was stationed in the hotel lobby, and as he entered, struck up the march "El Capitan." "Auld Lang Syne" and "Salute the Sultan" followed. John C.
