

DR. SMITH HELD TO HAVE NO CHANCE

Mr. Moores, in Letter From Newport, Says Dr. Withycombe Is Sure Winner.

JOURNAL'S EFFORTS VAIN

Story Is Current Attempt Only Being Made to Show Democrat Is in Race—Chamberlain's Hope Is Ridiculed.

Chairman Moores, of the Republican state central committee, writing to Edward D. Baldwin, secretary of the committee, from Newport, comments on the political situation as follows: "The most profound problems are settled around the stove of a country store. Newport is a seaside resort into which are poured people from every section of Western Oregon, from whom one can gather an excellent idea of the political situation in the various communities. It covers a broader field than the country store. From not a single source does there come any report of Republican defection. Withycombe is regarded as a sure winner. Smith is not in the race at all. The story is current here that the painful effort of the Portland Journal to engineer an issue of some kind for Dr. Withycombe to run upon is inspired by a specially-selected campaign committee that has to make some kind of a showing that Dr. Smith is really a candidate. Managing the campaign of a hand-picked candidate like Dr. Smith is 'managing' Dr. Withycombe.

Governor Recognized as Leader.

"Governor West is recognized as the dominant force in the Democratic party. He never has said and even men of the type of Bennett and Manning are expected to obey orders and humbly sit out of his hand. They are doing this but it is certain that thousands of their followers all over the state are refusing to do so.

SIX TREATED FOR RABIES

Medford Persons Bitten by Dogs That Died From Hydrophobia.

Six Medford people are in Portland undergoing the Pasteur treatment to prevent hydrophobia as the result of a strange epidemic of rabies in that city recently. The six are Mr. and Mrs. J. A. Rose and their 20-year-old son, Adrian, Dr. Byer and Mr. and Mrs. J. N. Darby.

RED SIGNS TELL DANGER

City to Place 50 at Bad Grades, Crossings and at Hospitals.

Attractive red signs, circular in shape, mounted on white iron poles, are to be set in the curb in various parts of the city to warn traffic of dangerous crossings and grades, bad turns, fire department passages and other things which sometimes figure in accidents. The plan is the latest in the "Safety First" campaign being promoted by the public works department under Commissioner Dick.

To Cure Salt Rheum and Scaly Skin

A Most Effective Treatment—Quick in Results

It is simply great to use S. S. S. for the blood and get a fine, new, healthy skin, no more salt rheum, itching, swollen, eczema, tetter nor any other skin affliction. What a world of satisfaction! Perhaps you have groined and painted for years with mere temporary relief. The trouble is in your blood and merely appears on the surface because the skin is a natural outlet. In time the tiny nerve threads in the skin lose their energy, the tissue cells break down and nature must have help. Now, the skin is but a network of tiny blood vessels, nerves and a modified form of mucous membrane in which blood impurities are prepared for elimination. A d it is only by supplying skin texture with new and purified blood that the constant outpouring of impurities is checked.

papers from the president's office, with the request that they publish it. A careful canvass of the records of the company do not indicate that Meier is in its employ. The letter, from Bohlingen, Germany, by Miss Bertha Meier, the young man's sister, follows: "Hon. Mr. President—I take the liberty of addressing a few lines to you to inquire if among your employes you have a Gottlieb Meier, of Zurich, Switzerland. He was born November 8, 1878. On December 18, 1904, he left Zurich for America. We received letters and cards from him up to July, 1913, when we received the last letter from San Francisco. We judge from his letters that he traveled considerably, as we heard from him from Alaska, Toronto, Portland. We are very much worried about him and beg of you to let us know if you know anything of him. My mother has been sick for a long time and is very lonesome for him. I thank you heartily in advance for your trouble."

TWO FACE FRAUD TRIAL

DAN J. CONNORS CROSSES LINE TO UNITED STATES AND IS TAKEN.

Sidney R. Sperry to Be Returned on Charges Involving Land Deals Like Those Handled by Minard.

After being shadowed for several thousand miles through Canada by United States Secret Service men, Dan J. Connors, wanted here in the Oregon & California land fraud cases, ventured into the United States and was yesterday arrested in Minneapolis. At the same time it was learned that Sidney R. Sperry, wanted here in the same case, was ordered returned by the Los Angeles commissioner.

Connors, who went under the alias of Frank W. Matthews, admitted his alias and consented to return without a fight. Sperry may yet appeal the decision of United States Commissioner Williams of Los Angeles, but it is thought unlikely.

Attorneys W. A. S. Nicholson and Norman D. Cook, of San Francisco, were given hearings at San Francisco at the same time as was Sperry, but their return was denied on the ground that they acted merely as attorneys in the fraud and not personally.
