Head of Union Pacific System Says Oregon Holders Too Greedy for State's Good.

WAR BENEFIT IS SCOUTED

Railroad Magnate in Portland on Inspection Trip Intimates That There Will Be Little Building Done This Year.

"Oregon is losing many settlers be cause of the high prices at which its sericultural lands are held," said Judge PRINTING REFORM URGED Lovett, chairman of the executive com-mittee of the Union Pacific system. at mittee of the Union Pacific system, at the Hotel Portland yesterday. The ex-ecutive head of the Harriman railroads is in Portland an one of his periodical trips of inspection of the properties under his supervision.
"I know for a fact." Judge Lovett continued, "that many persons who would settle here are going further controlled." The trouble seems to be that

The trouble seems to be that owners of lands want to get out of them, without any labor or expendi-ture for betterments on their part, the full value of the lands if they were improved. That is not a policy that improved. ill help the state. It will never build o Oregon agriculturally, as it must be built up to achieve its proper development. In the case of irrigated or dry farming land especially, it seems as if the settler should have every opportunity to buy his land cheaply and every encouragement to remain on it and develop it at a profit."

The land question plainly is one Effort Begun The land question plainly is one witch Judge Lovett has studied and in which he is much interested.

Judge Lovett does not expect the

attractive inducements to invest abroad

than at home.

"Foodstuffs will go up, of course.
The growers of foodstuffs will get more money for their products, but they are the only ones who will profit.

"Business generally has been so distance of the war that it is impossible war that it is impossible."

War Before Ad Club. located by the war that it is impossible to predict just how conditions will ad-just themselves. The most encourag-

located by the war that it is impossible to predict just how conditions will adjust themselves. The most encouraging factor is the uniformly large crops."

Indge Lovett is accompanied by Mrs. Lovett on his present virp. He expects to remain in Portland for several days and in the Northwest about a week. From Portland for several days and in the Northwest about a week. This was the explanation given by way of Portland on his return from New Yeth he has not decided. Not many improvements in or expect that the beginning of tensions will be made by the rail-tensions will be made by the rail-tension will be rail-tensions will be made by the rail-tensions will be rail

comes effective September 7, was de-eided upon by the Industrial Welfara Commission today. These apprenticeship permits will be issued in Seattle. Spokane and Tacoma, entitling beginto work the first three months for \$6 per week, the next two morths for \$6.50, the next two months for \$7.29 and the next two months for The commission reserves right to make exceptions in individual cases, to change the policy should conditions warrant and to adopt other apprenticeship terms in smaller communities where working or living conditions

The commission also decided to send roular letters urging arrangements or better sanitary conditions for orkers in the orchards of Eastern Washington.

SPOKANE WINS SESSIONS

Railroad Agents in Aberdeen Conference Talk Traffic Problems,

ABERDEEN, Wash., Aug. 19 .- (Special)—At an executive session of the North Pacific Coast Passenger Agents Association, Spokane was selected for the next meeting place.

The meeting is to be held early in October, At noon the 15 railroad visit.

ors were the guests at luncheon at which more than 70 prominent Aber-deen business men were present The luncheon was featured only by The luncheon was restricted only of three short speeches, by Mayor Eugene France, who welcomed the visitors A. D. Charlton, of Portland, assistant general passenger agent of the Northern Pacific, and Waldo G. Paine, of ookane, vice-president of the Inland mpire Railroad. Following the banquet the men were

taken for an auto tour of the city an an inspection of several large sawmills and camps.

3-CENT RATE IS UPHELD

Kansas, Missouri and Oklahoma

Lose Fight for 2-Sent Fares.

WASHINGTON, Aug. 19.-The interstate railroad passenger fare of 3 cents a mile through Arkansas, Missouri and Oklahoma today was upheld by the Interstate Commerce Commission, acting on complaints of the Public Service Commission of those states, which sought to have the 2-cent interstate made the basis of through traffic

charges.

The Commission's ruling is important, as the reduction sought would have had a wide influence on passenger traffic rates generally. Six states, Arkansas, Kansas, Minnesota, Nebras, Arkansas, Mansas, ka. Missouri and Oklahoma, established 2-cent intrastate rates in 1967, and re-sulting litigation brought a ruling from the Supreme Court that nothing conflicatory could be found to justify the railroads' complaint.

North Bank road from Spokane and left at 12 o'clock for Astoria. Puget Sound and a return over the Canadian Pacific is the itinerary from Portland, for they will return here from

Threshing in Palouse Country Waits for Wet Weather Now.

DAVENPORT, Wash., Aug. 19 .- Never in the distory of Central Washington has there been so dry a harvest as the present, which is laden with dust unsettled by rain for six weeks. Fear of smut explosions, which has destroyed more than 100 separators in the Palouse Growers Base Hopes of High Prices country south of here, has caused many of the local threshermen to postpone operations until relief from the dry

In the meantime hundreds of harvest laborers who ordinarily, by this date, have been working a month, are without employment in the towns, with no immediate relief in sight and no prospect of rain for another two weeks, when September showers may begin. Harvest of the 9,000,000-bushel crop of wheat in Lincoln County probably will run until after Thanksgiving this year.

Bill to Save Government \$858,000 a Year Is Reported.

WASHINGTON, Aug. 19.—Compre-hensive reform of the printing law is proposed in a bill taken up today in

proposed in a bill taken op today in the House.

Chairman Barnhart, of the printing committee, which reported the bill, said it would revise distribution of said it would revise distribution of documents to members of Congress, restrict the distribution of departmental documents and the leave toprint tal documents and the leave toprint privilege in connection with the Congressional Record, and would rearrange terms. Orders have been given dealers in gressional Record, and would rearrange printing office system and salaries. A saving of \$858.000 a year would be ef-

mated at \$9,180,000.

MARKET ON HIGHER BASIS

on Strong Demand for American Hops by Europe Because of War.

Based on present values, taking 18 cents as a basis, the hop crop of the three Pacific Coast states is worth no less than \$9.150.000. Of this crop Oregon has more than any other of the three states, being credited with a maximum production this year of 110,000 bales, a serious abortage over last senson, when about 152,000 bales were pro-California's yield is estimated at 105,000 bales, and Washington is expected to

with sales this week at 18th cents, the highest price reached in months, the Ore-gon hop market is starting to soar, and ome dealers now predlet a 10-cent market by September 1. Dealers are trying to buy stocks in the three states and are meeting with indifferent success. Some transactions are being effected, however, sithough

terms. Orders have been given dealers in Sacramento for three-year contracts at 16. 14 and 14 cents. This is not to growers, but up to date the terms have not been accepted. A sale of 175,000 pounds of Sacramente hops at 171/2 cents was reported

It is estimated that there are \$400 bales of all crops left in California. The latest estimate of this year's crop, 105,000 bales, is outside, and is made up as follows: Sac-ramento Valley and nearby localities, 65,000 bales; Sonoms, 26,000 bales; Mendocino, 14,-

The estimate for Oregon and Washington is also outside or maximum. The yield in both states has been cut down seriously by drought and lower figures than hese may be realized when the crop is barvested.

op prices is being drawn by those interested in the trade. During 1911 hops in the Port-land market went to 45 cents. The same year sugar went to 45 cents. The same year sugar went to 17.55 in the Portland market, also a high record. This year sugar has surpassed its former high price and is lac.

now at \$8.05. low at \$8.05.

Signiffcance may be attached to the high sugar prices in connection with hops, it is pointed out, for the reason that there is a striking similarity in the causes of both advances. During the Summer of 1911 there was a very serious and protracted drougth throughout Germany and Austria. The best sugar crop was almost ruined and recourse was had to the American market to supply the European demand.

Hop production on the Continent was also 190.

PORTLAND, Aug. 19.—Maximum temper-

Prices are down as a result.

The market is also overrun with poor apples. Every house on the street is getting big supplies and as rule the fruit is poor. One house was compelled resterday to dump a dozen boxes, the apples being badly cracked. Poor selection of fruit in shipping is working a detriment to the grower.

Sweet potatoes were cleaned up resterday and another oar will be in this morning. Three cars a week are being taken new by Portland consumers.

Prime steers 57.00 \$7.25 count in view of the lack of carriers to even down in view of the lack of carriers to ven down in view of the lack of carriers to ven down in view of the lack of carriers to ven down in view of the lack of carriers to ven down in view of the lack of carriers to ven down in view of the lack of car

There was a firm tone in the market, with numerous sales of wheat and other cereals. Bluestem went at 95%c, club at 87%c and

Eggs Somewhat Higher in Price. The egg market was very firm yester-day, one of the leading dealers of the

day, one of the leading dealers of the city announcing an advance of 2 cents on select stock, making the ruling price 30 cents. Best candled continued strong at 27 and 28 cents, with demand good and receipts semewhat light. Foultry continued firm.

England Said to Be Buying American Flour and European Crop Estimate Is Reduced.

ployed, will not spend their money for a luxury, with the necessities of life advanced to war vrices.

The English consumption of hops last year was approximately 580,000 cwt. Their crop of 1914 is estimated at 450,000 cwt. Their crop of 1914 is estimated at 450,000 cwt. Creating a requirement to secure from a foreign country of 130,000 cwt. Usually part of the English import is secured from the Continent of Europe, but this year the import, if any, must come from the United States. Our final surplus on September 1, based on these figures, would be not less than 10,000 bales, assuming our annual domestic requirement 240,000—others in the trade only estimate 225,000 bales needed yearly—and without considering the possibility of the United States 1914 crop yield underestimated. Last season the trade was in ignorance of the final production of the 1913 crop until May of this year, when the stimantes of September, 1913, were shown to have been 40,000 bales too low.

On the other hand, an estimate of 450,000 cwt. while another is as high as 580,000 cwt. where the first hour. Conrecated its best profit taking. Under the first hour. CHICAGO, Aug. 19 .- All Board of Trade
