Foreign Office Gives Out Forma Statement of Reasons for Ultimatum-History of Acquisition Is Reviewed.

WASHINGTON, Aug. 20,-Interference by German cruisers with the shipping of Japan's ally, Great Britain, with the seizure of Japanese goods in German bottoms and the consequent grave dislocation of Japanese trade, are the principal reasons set forward by Japan in explanation of the ultimatum delivered to Germany last Sunmatum delivered to Germany has Sunday. Cable dispatches have contained a brief outline of the Japanese grievances, but it was not until today that the full text of the statement issued by the Japanese foreign office bearing upon this subject became available. This document said:

"From the beginning of hostilities between England and Germany, the latter has been bending all her energies to strengthening all the fortifications at Kiau-Chau, even to the extent of enforcing labor upon them by the

"The German squadrons stationed in the Far East have been making incessant appearances in China waters, making Kiau-Chau their base and in co-operation with German converted cruisers threatening and interfering with British shipping and comfering with British shipping with British ship fering with British shipping and com-merce, thereby placing in jeopardy to a considerable extent the commercial interests in general of Great Britain.

"In the meantime, the above action on the part of Germany has not failed

to greatly demoralize the trade inter-ests of Japan by obstructing and dis-turbing her shipping routes and commerce. In fact the whole Eastern com-mercial world has been thrown into a state of utmost uneasiness. Some of the Japanese import and export cargoes on board the German merchant vessels have been requisitioned.

Base Regarded as Menace.

"It is clear that unless Germany has a strong base at Klau-Chau the conditions such as above outlined could never have been produced. It is this possession of Klau-Chau that is solely responsible for it all; it is the strongest weapon in the hands of Germany so far as the Far East is concerned.

With four counties missing, Representative Hardwick has 106 convention votes, leading Governor Slaton, T. S. Felder, George Hutchins and J. R. Cooper for the nomination to fill the unexpired term of the late Senator Bacon. As 187 convention votes are necessary, this contest probably will be decided by the convention.

Renomination of ten of the 12 Representatives in Congress was indicated. Representative C. L. Bartlett in the Sixth district will be succeeded by Walter Wise, who was unopposed, Carl Vinsen is leading a field of four in the 10th district to succeed Representative Hardwick.

Judge N. E. Harris was nominated for Governor by a large majority.

CRIPPLED SHIPPING LEAVES LARGE NUMBER IDLE.

Ever Since August 3 Ranks of Jobles Sailors Are Increasing on New York Waterfront.

NEW YORK, Aug. 10 .- Crippling of commerce by the European war leaves thousands of seamen and longshoremen idle about the New York and Hoboken docks today. According to the Rev. Edward M. Deems, assistant superintendent of the Seamen's Church Institute, at 25 South street, the situation among sailors is growing worse every

day.

"Ever since August 3," said Dr.

Deems, "our dormitory has averaged
80 per cent full, which is very much
higher than the average for July and
the usual Summer average. At present, all the men are paying for their rooms as they have recently been paid off, but it is doubtful if all of them will be able to tide over the depres-

sion in shipping."

He then pointed out that the condition of the longshoremen was much

are three tendencies which are already very prominent. First is the probable transfer to the American flag of American-owned ships. The International Merchant Marine and many other companies may adopt this course.

"In the second place, there is the elimination of the so-called mixed crews' and the straightening-out of nationalities. As soon as a ship reaches port, her captain immediately pays off any members of his crew who are not of the same nationality as the registration of the boat. This is done to prevent friction among the crew and prevent friction among the crew and

prevent friction among the crew and other complications.

"I have watched the steady accumulation of sailors here. Look out beyond the Battery, and you will see the immediate reason. There are already at least 20 or 30 tramps and freighters anchored out there, with only a donkey-engine man and a sailor or two, instead of a full crew. Every day a couple of ships join that dead fleet, and the crowd of jobless sailors out-

It is estimated that more than 150,-000 persons crowded the line of march of the new president and his followers which extended from the village of Atzapotzaico to the national palace, a distance of six miles. There was not the slightest disorder as General Carranza and his staff passed through the cheering crowds which showered them with flowers and confettl and from which came cries of "Long live Carranza; long live the constitutional government."

At dawn today the troops began forming at close intervals in a double line along the entire distance over which the victorious leader was to pass. Back of the troops were ranged

Cargoes Lacking While England Sugar Is Much Needed.

Consequently little grain is going to Great Britain, the largest single shipment recently being 2500 tons on the Kroonland. Sugar is the one article Great Britain needs badly. For the first time in many years English merchants are importing direct from New York. The bulk of England's sugar came, before the war, from Germany and Central Europe. Nearly 1500 tons were on the Celtic sailing today and 1350 tons were aboard the Kroonland. Other vessels in addition have carried large consignments.

Merchants Hesitate to Send Goods Not Knowing Whether Drafts Will Be Honored-Sugar Is Article Most Needed.

NEW YORK, Aug. 20.—Every ship that sails out of New York for English ports these days sails light, though England is begging for food.

The liner Celtic left today with 5000 tons of foodstuffs in her hold when she might have carried 16,000 tons. The Kronland left the other day with 4500 and room for 8000 more. The Adriatic, and for the women's peace parade to be held in this city on August 29, it was announced by the committee having the arrangements in charge.

The reason why none of this food is going to England, officials of the trans-Atlantic lines assert, is that American shippers have no assurances that their drafts will be honored in England promptly and are unwilling to send their products abroad with nothing more tangible than a hope that they will receive prompt payment for their goods.
