

PLEA FOR DEAF IS MADE BY WOMAN

Mrs. C. A. Ward Asks Board to
Keep Pupils Away From
School for Defectives.

BLOW TO CAUSE SHOWN

Gregory Heights Appears for New
Building, While Warrants, Con-
tracts and Other Matters Oc-
cupy Session Time.

With tearful earnestness, Mrs. C. A. Ward, of 34 East Thirty-seventh street, appeared before the Board of Education at its session yesterday afternoon, with the plea that the two classes of deaf students at the Buckman School be not changed to the school for defectives.

"It would be a terrible mistake," she said, "the greatest value in sending deaf students to a day school is to keep them as nearly normal as possible, and to send them to a school for defectives would render this impossible."

The matter was referred to the teachers' committee, of which E. A. Sommer is chairman.

Mrs. Ward is considered an authority in the teaching of the deaf. She is the mother of a child of 7 who has been deaf from birth and has devoted many years to the instruction of the child. As a result, although deaf, he is capable, as was recently proved, of passing the most stringent examination in subjects which the normal child of his age is asked to take in the grade school.

Woman Pleads for Deaf.
The Board of Education recently announced its intention of changing the class of deaf students from the Buckman School to the Arleta School for Defectives, the latter recently leased by the Board. There were two classes of deaf pupils at the Buckman School and the quarters for the normal students were becoming congested.

In her brief talk to the Board yesterday, in which she had difficulty in controlling her emotion, Mrs. Ward pointed out that the association with normal students was of inestimable value to the deaf boys and girls, for it was in this that they became adept in reading the lips and in becoming optimistic over their infirmity. Though there was no spoken opinion, the Board was apparently in sympathy with the objection.

District Wants Building.
More was heard from the Gregory Heights School district yesterday, there being several present at the Board meeting to secure, if possible, the encouragement as to the intentions of the Board to give them a new building.

W. L. Gray was spokesman for the petitioners. Chairman M. G. Munly, of the Board, replied that the building committee had been over the grounds and that the matter was under advisement. A question of close financing is involved in completing schools now under way, he said, and there has been no money appropriated allowing of additional expenditure that would interfere with the plans already contemplated.

It was asked if another portable school would be granted, but the chairman replied that this matter also was up to the building committee, of which O. M. Plummer is chairman.

J. D. Tobin was awarded bids for the improvement of the Arleta School grounds and for the excavation and grading for the new Couch School, underbidding all competitors. His price for Arleta grounds improvements was \$4100, while the excavation was \$4487 and the highest \$6490. His bid for the Couch School work was \$3500 and his competitor's \$4543.20.

Bills Under Consideration.
A communication from A. P. McKinlay, head of the English department of the Lincoln School, submitting a bill for Anna E. Brown for the amount of \$11, covering typewriting work done for him in preparing a syllabus for the printer, was referred to the teachers' committee. E. A. Sommer objected to the payment on the grounds that it was an "extra," incurred without consulting the Board.

Reports and recommendations on fire hazards on various schools were referred to the repairs committee. A resolution from the Irvington Club recommending that the Twentieth Century Freeway type of building be constructed at the Kennedy grounds, was filed. The refusal of T. J. Jones, architect, to accept the compromise of \$3500 offered by the board on his plan recently presented amounting to \$8,123.90 was filed. Wertz & Dearborn were released from their bid on Kalmus-Kerns school, the bond not being eliminated.

Boys Would Be Telegraphers.
Reinstatement of Peter Wilhelm, janitor at the Holman school, was referred to the building committee. The request of students in the School of Trades for boys that a class in telegraphy and wireless telegraphy be established, was filed. The resignations of Stella Campbell, Elizabeth McRae, H. E. Rinehart, M. D., and Ethelwyn Hahlgren, all teachers in the school department, were accepted. The resignation of C. A. Jamison, janitor of the Sellwood school, was accepted.

The usual course of the board in asking resignations from those desiring leave of absence for a year but allowing leave for a school year was followed in the cases of Violet P. Battelle, who asked for a leave of a year, Jennie Richardson, who asked for leave during the first term of the ensuing school year, and Ethel May Roberts, who asked leave for the first semester.

Contracts Are Approved.
Sixteen contracts and bonds were approved by the board. The recommendation that Charles A. Perkins be appointed janitor of Sellwood school to fill the vacancy made by resignation of C. A. Jamison was referred to the building committee. The request of School Electrician D. J. Phillips that a power squaring shear be purchased at the cost of \$750 was referred to the supplies committee.

Sealab Bridges was elected to the Jefferson high school. Printing of the forty-first annual report was awarded to Chusse-Prudhomme Company on recommendation of the supplies committee. The report of the grounds committee that the improvement of the Lents school grounds had been awarded to J. L. Woodland for \$899 was approved. The report of the judiciary committee, recommending that the notices of the Workmen's Compensation Act not be posted on property of the district, was approved.

and directors O. M. Plummer, E. A. Sommer, and Alan W. Smith.

NO TRADE WILL BE LOST

Southern Pacific Head Says Purchases Will Be Made Here.

The abolition of the Southern Pacific purchasing department will not injure Portland merchants, is the assurance received by Horace D. Ramsdell, president of the Portland Commercial Club, from William Sproule, president of the Southern Pacific system. A telegram to this effect was received yesterday morning. The telegram, which was sent from Indio, Cal., follows:

"Your message on the question of maintaining the purchasing organization in Portland in its present form has been fully considered, and the
