Before 5800 happy-faced fans Oakland succeeded in dropping a double-header to the Portland perpetual pennant winners yesterday, but only after a hard struggle.

The scores were 7 to 2 and 3 to 2.

In the first game Klawitter was taken off the kopje in the fifth inning, after yielding 11 lusty swats. Bancroft starred, with a home run over the right wall, a double and a single. He got his homer as first man up in the first in-ning, and it seemed to point the way.

Higginbotham pitched steady ball and kept his bits well scattered. The second matinee convinced every-body that the forts at Liege were not copied after the Oakland infield. Southpaw Ables twirled a grand game, in spite of his game leg, but Menges and Guest tossed it into the discard.

Oaks Get Away With Two-Run Lead. Christian's cohorts got away to a two-run lead off Pape. The Beavers tied this in the sixth, and won in the seventh on Yantz' single, following a boot by Shortstop Guest.

Speas batted for Pape in the sixth with the bases loaded, and it was on his

grounder that Menges let Guest's throw clude him and allowed two runs to score. This was Ables' only bad inning. Harry walked Davis and threw later to second on Yantz bunt. Or at least Um-pire Guthrie called the play that way. Ables then fell down trying to field Lind's bunt, filling the bases, and the stage was set for the introduction of Pinch Hitter Speas.

Marthoni twirled the last three in-nings for the bellicose Beavers and re-ceived the credit for winning.

Wait McCredit for winning.
Wait McCredie tried out a young
phenom outfielder, Lind, late of the
Baker team of the Western Tri-State
League, and Lind gave a good account
of himself. He is a Portland boy. of himself. He is a Portland boy.

Other incidents of the fray were Eaneroft's sensational fielding and Rube
Gardner's batting. The Oakland southpaw first-sacker finished with a perfect
bat average. In the 7-2 game he scored
three hits and received a life on a dead
ball. Two hits, a sacrifice and a walk
protruded from the 3-2 box score.

Middleton Boosts Average. Middleton also boosted his average with four hits in the bargain bill. He

doubled Bancroft at first base by a dandy throw in the closing session. Davis saved the day early in this game by a great catch of Hetling's liner. It came at an opportune time, for Guest's single had just scored two Oakland runs, and he was waiting on second for a timely shove.

The series ended five games for Port-

land and two for Oakland. San Francisco opens here Tuesday. Scores:

VANCOUVER, Wash., Aug. 23 .- (Spe ial.)-No longer will doucks in Washon be deceived nd no longer will ducks, geese ther birds of the air be tempted to rest on certain lakes where the wary hunter has planted food to trap them. L. H. Darwin, State Fish Comissioner of Washington, has found in section 12, chapter 20, session laws of 1913, a means to prevent this and he has instructed J. M. Hoff, game warden of Clarke County, to enforce the law.

The section in question prohibits "contrivances while, in use or had and maintained for the purpose of catching, taking or killing, or attracting or detaking or killing, or attracting or deceiving any game bird," etc.

The railroad wants the issue in the Supreme Court to be "forfeiture or nothing." If the court be limited to that harsh remedy it will probably let the railroad keep the land.

From the start the Government proceedings have been of the most halting and dilatory character. And the special assistants to the Attorney General have fought my enforcement theory quite as vigorously as has the railroad. If I can be eliminated it will leave the issue just as the railroad

wants it, and it will win. Public Warned Against Forfeiture

I warn the public now that there was never a chance to secure a forfeiture in this case. No one knows that better than the railroad. But if the enforcement theory shall be properly presented to the Supreme Court, it is certain that the railroad will be required to live up to the law in the

Receivers to Sell to Settlers If a decree of enforcement be tered, receivers will be appointed to acts. These terms are that sales shall be made to actual settlers only, in quantities not greater than a quarter section, and for prices not exceeding \$2.50 per acre. The receivers would of formulate rules, and would doubtless provide for a drawing system. They might also sell the more valuable lands

in tracts of 40 acres. Two million three hundred thousand acres are involved. This body of land would furnish 160-acre homes for 15,-000 families, or 40-acre homes for 60,-000 families. The lands embrace the most fertile and picturesque portion of

Law Menns What It Says. have been filed for these lands by nonsettlers amount to nothing. These applicants have been swindled. The law says the lands must be sold to "actual settlers," not to "non-settlers."

I argued this case for three days before Judge Wolverton. I wrote every word of pages 640 to 672 of the record. I appeared and argued the case in San Francisco, urging haste above all things, and I filed a printed brief of to my argument. Previously, on September 30, 1918, I had introduced a bill in Congress (H. R. 8703) directing the San Francisco court to certify the case to the Supreme Court at once, without de. cision, in order to expedite final determination. The court did exactly what wanted done.

Political Tricksters Fighting Lafferty. It is also complained that I am absent from Washington, and that I am running for re-election.
