BY ROSCOE FAWCETT. Forest fire smoke hung like a pall over the Pacific Coast League park yesterday, but the Seals were much at home in the fog.

Del Howard's pennant-chasers hopped onto four Portland pitchers for 14 hits and won the initial game of the series, Score, San Francisco 10; Portland 4. Roy Corhan, of the Seals, was the individual star with four lusty clouts of the 14 amassed by the visitors. Bill Rodgers, of Portland, fielded sensationally, but some of his team-mates seemed to be suffering from smoky astigmatism if there is such a makedy of

tigmatism, if there is such a malady of the eyesight. The support given Krause in the first two innings was ludicrous. Bill Speas dropped an easy fly in center and Kores threw yards wide to second base after making a neat stop, all of which resulted in three runs for the Seals.

Rieger Gets Defeat. Rieger succeeded Krause in the third, just in time to get charged with the defeat, for the Beavers hit Southpaw Pernoll hard and jumped ahead, 4 to 3. Rieger was yanked in the midst of the sixth after Fitzgerald had brought two runs across with a triple to left center. Fitzgerald also romped in when Banny mussed up the relay

The two Seal runs in the fifth and three in the sixth gave the Howardites an 8-4 lead and Pernoll was never in trouble afterwards.

Evans twirled two and two-thirds innings and yielded one run and then Hiram West was tretted out and placed on exhibition for the first time in sev eral weeks. Hiram's arm hasn't been altogether well and he wanted to give it the litmus test.

Run Pasted Against Record.

Doubles by Corhan and Cartwright pasted one run against Hiram's efficiency record, so Hiram isn't sure whether his arm is ready or not.

Jerry Downs pulled a nifty one-hand stop in the initial inning that cut off at least one Portland tally I was at least one Portland tally. It was a wonder that Downs or anybody else could see the ball, for the smoke was as thick as green cheese and harder on

JINX SCARES GIANTS

good jinx scatterer would be welcomed gratefully in the camp of the Giants right now. The members of the New right now. The members of the New York team feel that the hoodoo of the fourth consecutive pennant is hanging heavily over the club. There is not a man on the payroil who does not believe honestly that we have a better ball club than any other in the league, and that all we need to prove it is to have some lucky omen blow into camp, anything from a mongrel dog to a "nut," just as long as the luck comes along.

The Giants have watched a team cut down their 15-game lead since the first of July, and this by a club that looked noon when he won the final event on the card, the 2:06 class trot. Guy Nelle was in the field, while Grace, McDev, it's mare, ruled favorite. Geers sent anything from a mongrel dog to a

to Guy Nelle, met Wanaket at the three-quarter pole, but Snow escaped injury.

After the finish of the heat the judges placed Grace, who had finished second to Geer's horse, last, and gave Robert Milroi third place in the heat and fourth.

But no ball club has ever won the ant four times in a row. There-we are up against the psychology sulky, causing the horse to fall.

Star Winter, barred in the betting, won the Dominion of Canada stake of of this handicap. Every time the club has a bad day, the boys figure it is the old four - times - championship jinx at work and play accordingly. A have had many bad days lately.

In spite of the belief in some quar-ters that no club can win four straight championships, I believe the Giants are yet going to beat the Boston team and break all pennant-grabbing records We have the material and we have the ing the various organizations of the manager. The Braves are going to Oregon National Guard will line up at blow wide open, as I figure it, when Clackamas Rifle range this morning they hit that old stretch which has for the annual rifle and revolver comcracked a gap in so many ball clubs petition. A gold medal 1912 we had a big margin opened early will be given to the competitor with in the race, only to fall back within the highest aggregate score; silver three or four games of the Cubs at the medals to each of the next two highest ball club then than the Braves competitors in order; a silver medal to do this year, but we pulled away from the Cubs and finally came through to gregate score in slow fire and a silver medal for the best score in rapid fire, the four-pennant jinx is going to beat us, but if we do lose this will have had a lot to do with it.

Giant Victory Predicted.

For the most part the Braves have been playing with everything to gain and nothing to lose, because they have been coming from behind. Let them set the pace awhile and get a few bad breaks, and the strain will tell. If the two teams are neck and neck after this Western trip. I believe the Giants will come through on the stretch, for the New York team has the class, and McGraw has all his baseball ambi-tions wrapped up in that fourth straight flag. He will drive to the

NEWPORT, R. I., Aug. 25.—Maurice E. McLoughlin, of San Francisco, and Thomas C. Bundy, of Los Angeles, won the lawn tennis doubles championship of the United States for the third time today. Two tall sliver vases, which have been awaiting permanent claimants since 1910, became the personal property of the Californians after they had disposed of Dean Mathey, of Cranford, N. J., and George Church, of New York, in straight sets. The scores were 6-4, 6-2, 6-4.

Most of the generalship in the match, as well as the weight of the defense, fell on the shoulders of Bundy. McLoughlin was unsteady, and, as Mathey and Church made Bundy the target of their shots, the little Los Angeles player had his hands full. His lobbying was always timely, his kills were severe and he placed ball after ball at Mathey's feet.

Although Mathey and Church had been carefully coached for the match, they seemed to have an attack of stage fright. Their working plan, which proved so effective in Chicago, went to pieces. Johnston's dash tied the score in the sec-ond set and he was going strong in the third when Williams railied and carried it off. This seemed to take the spirit out of the Californian, as he
