GOVERNOR'S OFFICE NOW "FLAT BROKE"

West Orders Telephones Taken Out and Correspondents Must Send Return Stamps.

STATE FUND PETERS OUT

Executive in Declaring Self Bank rupt Due to Legislative Act, Says One Stenographer Must Go. Board's Aid Declined.

"The Legislature did not provide sufficient funds to meet the current incidental expenses of the office and it is without means to pay future bills," said Governor West, in making the announcement that the incidental fund was exhausted. "I have requested the telephone company to disconnect its telephones in the office until funds are provided to meet the expense. Until funds are available it naturally follows that this office will not be able to pay that this office will not be able to pay telegraph tolls or stamp bills and that those desiring to communicate with it must pay the bill both ways.

"The demands upon the office have been greater than the funds provided. Approximately \$200 was paid from in-cidental fund for freight charges on a

cidental fund for freight carries on a shipment of whisky and gambling out-fits from Copperfield to Baker when the saloons and gambling places of Copperfield were closed because of law violations. The law enforcement work also has been a draw on the funds.

One Stenographer to Go. "The depletion of the fund will reduce the work of the office considerably and I intend in the near future to dismiss one of the stenogaphers, but I have not made up my mind as to which one it will be."

"The emergency board would no doubt provide funds to defray the expenses of the office for the rest of the

penses of the office for the rest of the term." It was suggested.
"Yes, but that board will never have an opportunity to create a deficiency for this office," was the reply.
An incidental fund of \$2500 was appropriated by the last Legislature for the Governor's office, and, compared with the fund for the Secretary of State, State Treasurer and Attorney-General's office, it is small. For the Secretary of State's office a fund of Secretary of State's office a fund of \$17,500 was appropriated for postage, stationery, telegraphing, etc. For the Aitorney-General's office, \$8800 was appropriated, \$3000 for general litiga-tion, \$5000 for the Benson and Hyde cases, and \$800 for incidentals. For the State Treasurer's office, \$5543 was appropriated for postage, stationery, tele-

graphing, etc.

The executive's letter to the te hone company reads: "Owing to the fact that the Leg lature did not provide sufficient fur to meet the current incidental expens of this office, it is without means pay future telephone bills. And in much as a law passed at the last as sion of the Legislature makes it a m demeanor for a public efficial to in an expense where no appropriation cover same has been made and it therefore unlawful to create a di ciency, I am obliged to request t your telephones be disconnected usuch a time as funds are provided meet the expense."

Failure of the Legislature to provide sufficient funds to meet the current incidental expenses of his office was the reason the executive assigned for the depletion of the fund. His reason is set forth in a letter to the Pacific Telephone & Telephone & Telephone and that was the reason assigned in an interview afterwards. Suggestion was made that the emergency board would, without question appropriate sufficient money to defray the expenses of the office for the remainder of the term, but the executive spurned the suggestion, declaring that the board never would have an opportunity to create a deficiency for his office.

YOUR CREDIT IS WHAT YOU MAKE IT

Your credit will be worth far more to you when the necessity arises than an armful of letters of recommendation presented by you as a stranger. Such a small beginning as a well-kept checking account has led to many a man's business success, for it has been the means of establishing credit with his banker.

We seek accounts of promise—of worthy young men just start-ing in business—men who will need credit and advice from time to time—and who will regard this bank's service as a factor in their success.

Open your account with us and let us grow together. LUMBERMENS
