A special committee with power to Board of Education yesterday afternoon with requests for relief.

A special committee with power to Board of Education yesterday afternoon with requests for relief.

A special committee with power to act, of which Dr. Alan W. Smith is chairman, was appointed to make immediate investigation of complaints. Several new portable schools may be the result of the committee findings. Representatives from Alameds Park, Berkeley and Eastmoreland districts went away pleased with the prospects, but, upon the refusal of Chairman M. G. Muniy to give a definite promise as to what would be done in their case, the Richmond delegation of women left the meeting in indignation.

meeting in indignation. Deaf Students Not to Move.

The plea of Mrs. C. A. Ward that the deaf students not be placed with the defective students, made at the meeting previous, bore fruit, the recommendation of the teachers' committee that the school for the deaf not be transferred from the Buckman building to the Allen School being adopted. It was said that there was no need for relief at the Buckman School through other adjustments in the department, and that if there became such a need the deaf stu-dents could be placed in the Stephens School rather than with the defective

At the opening of the meeting Robert At the opening of the internal xear.

F. Maguire, representing the delegation from the Alameda Park district, bounded by East Twenty-second, East Forty-second, Knott and Prescott streets, said that district was not served by any

He said about 200 children reside in the district, all of whom walk at least a mile to attend school. The schools they could walk to will be crowded, he pointed out.

A lesse for the ground upon which a temporary school might be erected, with a term of two years, was offered by the spokesman on behalf of this district. A portable school would an-swer at present, said Mr. Maguire.

Committee to Investigate, With power to order the construction at once, if thought necessary, a committee consisting of Alan W. Smith, chairman, O. M. Plummer and J. V. Beach, was appointed by the chairman to give the matter immediate considera-

tion.

Jacob Kanzler was spokesman for the Eastmoreland, Argyle Heights and Berkeley additions. He asked that a portable school be erected for the fifth and sixth grades in that district, and, if possible, for the grades higher. H. F. Reinhardt and J. L. Griffin made the same plea, and the matter was referred to the same committee.

Asserting that a new building had

same plea, and the matter was referred to the same committee.

Asserting that a new building had been promised nearly a year ago and that nothing had been done about it, Mrs. J. F. Chapman asked for three more portable schoolrooms for the Richmore portable school rooms for the kilen-mond district domestic science and manual training departments, or the completion of the school begun. The matter of finishing the school building is still in the hands of the building committee and construction engineers of the department. of the department.

Woman Demands Action.

When the chairman said this matter would be referred to the same special committee, one of the members of the delegation rose and indignantly declared that she thought they were en-titled to more than promises; that they had lived on promises which had not been fulfilled, and that they wanted action. The chairman replied that no promises had been made in his recolection, or could have been made with uthority.

The recommendations on fire hazards made by H. P. Boardman were placed on file. The Board accepted the invi-tation of Commissioner W. L. Brewster to attend the meeting of the committee on unemployed at the Council Chamber at 2:30 this afternoon. A room in the old Failing building was offered for the use of the city free dental clinic. Participation in the Manufacturers' and Land Products Show was referred to the teachers' committee.

The request of the City Christian Endeavor Union that the night school be placed on the same basis as the day schools was referred to the teachers'

PRUNE ORDERS SLOW

Early Trade Is Filled and Demand Is Lacking.

BUSINESS

EXPORT

California Market Is Firmer as Crop Is Drying Out Light and Running to Smaller Sizes-Eastern Buyers Skeptical.

California prune market, but the local situntion shows no change for the better, and the market at the present time is very

quiet to packers, is turning out probably 15 to 20 per cent larger than was figured upon earlier in the season. The prices asked for Oregon-Washington prunes were higher than the California prices, and for this reason the only outlet has been the fancy trade. This trade is now supplied, and a surplus of prunes exists here notwithstanding the fact that the total Northwestern crop was considerably below normal. No Oregon prunes have been sold for export, as Cali-fornia has also undersold Oregon in that line of business. Dealers have now bean

compelled to seek for orders, whereas, here-tofore, the buyers came here. The California prunes are drying out more than was expected, and are running smaller in size, and this is responsible for the firmness of the Southern market. In commenting on the situation a New York trade report says:

"Buyers here either do not accept the re ports coming from California as well founded or believe themselves to be suf-ficiently well protected on Fall and early Winter requirements to be in a position where they can afford to wait before placing orders for further supplies. The elitation in Europe, they seem to think, is daily becoming more discouraging for export business, and if the European consumption should be cut off even with a crop as short as 99,000,000 pounds, as some estimates make it. California being dependent on the home market could not maintain prices at their present level.
"The present upward movement on the

Coast is attributed to the fact that the crop Coast is attributed to the fact that the crop is drying out light and that short sellers are covering. Added to this is the report that England is a buyer in the Coast market, though how much truth there may be in that remains to be developed. Prices as now quoted f. o. b. Coast show a wide range as to seller, but those whose figures are the highest are confident that the market will be up to them, if it does not go higher. higher."

be appointed by the Mayor. The Mayor ruled in a letter sent to the Board that the Board has an official standing and is not a delegated body, and that the executive has the appointing power.

The trouble started recently, it is said, when President Frankel of the Woman's Club, announced appointiments, soon after her election. She named three women who were to represent the club off the Censorship Board, it having been understood that the Board members were named by the various organizations that brought about the censorship plan and named the members of the first Board. Mrs. A. C. Newill, who was the retiring president of the Woman's Club, had delegated herself as that organization's member of the Censorship Board. In the new appointments, Mrs. Frankel did not include Mrs. Newill, it is said.

Mrs. Millie Trumbull, a member of WHEAT MARKET FIRM AND HIGHER Red Fife Sells at 95 Cents on Exchange Inquiry From East,

the new appointments, Mrs. Frankel did not include Mrs. Newill, it is said.

Mrs. Millie Trumbull, a member of the Board, insisted, it is said, that Mrs. Newill retire from the Board and allow one of the newly appointed women to take her place. She did not insist upon places being given all three of the appointens. Mrs. Newill refused to retire, declaring that the plan of the organizations appointing the members applied only when the Board was first organized. She insisted that the organizations had no right to appoint new members, declaring that power rested with the Mayor.

It was in this form that the disputed point was presented to Mayor Albee as referee. He took the proposition under advisement and yesterday sent a letter to the Board announcing that the Board was an official Board, the members of which were appointed by the Mayor. He announced the members to be Mrs. A. C. Newill, Mrs. A. M. Gray, Mrs. Sol Hart, Mrs. Millie Trumbull and Mrs. Elmer class baley market closed an upward turn yesterday.
