Portland

### IDAHO "DRYS" NOMINATE

DELEGATES FROM ALL PARTS OF STATE MEET IN CALDWELL.

Full Ticket Nominated Despite Fact That All Parties Are Pledged to Aid "Dry" Cause.

BOISE, Idaho, Sept. 6.—(Special).—Pledging their candidates for state and county office for state-wide prohibition and launching them on the political sea aboard a platform that is distinctly "dry," the prohibition party of this state in convention assembled primary election day at Caldwell, nominated a full ticket from United States Senator down to Mine Inspector, and in Canyon County a complete county ticket. Delegates from all parts of the state were in attendance. This is considered

remarkable in view of the fact that all three parties in this state, aside from the prohibition, are pledged to either constitutional or state-wide prohibition or both, and Idaho promises to become "dry" by act of the next Legislature. The prohibition party candidates placed in nomination are as follows: United States Senator, W. M. Duthie, Troy; Representative in Congress, R. P. Logan, Twin Falls; J. J. Pugh, Harrison; Governor, E. R. Headley, Moscow; Lieutenant-Governor, C. L. Austin, Caldwell; Secretary of State, C. O. Swanson, Ashton; Auditor, B. J. Pike, Nez Perce; Treasurer, L. D. Farnum, Sandpoint; Superintendent of Public Instruction, C. V. Marshall, Nampa; Inspector of Mines, J. B. Strader, Kellogg.

Tenino to Have Second Paper. CENTRALIA, Wash., Sept. 6.—(Special).—A second weekly newspaper is about to be established in Tenino. The name of the new publication will be the Tenino Gazette, and its proprietor will be Bert H. Dyer. The Tenino News, now owned by J. F. Cannon, has held the field without competition for years.

### INJURED OFFICIAL DIES

EUGENE COUNCILMAN, HURT BY FALL, SUCCUMBS SUDDENLY.

William Hempy, in Accident While Directing Men at Work, Is Victim After Apparent Recovery.

EUGENE, Or., Sept. 6.—(Special).—William Hempy, Councilman of the First Ward, died suddenly this afternoon from injuries received a week ago while superintending the construction of an extension to the city trunk sewer line. Death came wholly unexpectedly while he was surrounded by his family. At the time of the accident Hempy suffered three broken ribs, when he slipped while his crew were moving a pliedriver two days ago. He had recovered from the accident sufficiently to be up and around the house. Shortly

after 1 o'clock this afternoon he called for his son, while shaving, saying he felt weak, and asked his son to assist him to bed. He collapsed immediately and was dead almost before the other members of the family could be called from the other rooms. Mr. Hempy was 48 years of age, has lived in Eugene the past six years, four years of which he conducted a retail furniture store. Two years ago he retired, but a few months ago he applied for and received the position of janitor in one of the public schools. Before coming to Eugene he lived in Larned, Kan., where he was a farmer. He was elected a member of the City Council from the First Ward in April of the present year. On the Council he was a member of the police committee and has been active in city affairs. He leaves a wife and seven children.

A Summer Girl. "I love Edwin from the bottom of my heart." "Then there is no place for me." "Don't be too hasty. There's always room at the top."

### OFFER MADE TO STATE

MR. JOSEPH NOT TO DESTROY LATOURELL FALLS' BEAUTY.

He Suggests Granting of Right to All to Visit Spot and Says Water Privilege Will Aid, Not Harm.

That he has no intention of exercising his water-right on Latourell Falls in such a manner as to impair their natural beauty, and that he is more interested in preserving the falls and exhibiting them to the public than Guy Talbot, who deeded them to the state, was asserted Saturday in a letter written Governor West by George Joseph, victor in a recent suit with Mr. Talbot concerning the water rights on the falls. Mr. Joseph further offers to pay Governor West's expenses

on a round trip from Salem to Latourell, if the Executive cares to investigate the question himself. Following is an extract from the letter: "It is not the intention of William P. Maffet, my partner, or myself, to destroy the beauty of the falls. By the use of the water at certain intervals for the generation of electricity, the public would be greatly served, and the beauty of the bridge across the Latourell stream below the falls, can be additionally beautified instead of a storage dam, and at certain hours of the night, when the water was low, store the water and use it, but not interfere with the flow of the water at any time when it should be viewed by the public. "Mr. Talbot should be required, if this concession is made by Mr. Maffet and myself, to give the people the right of ingress and egress to and from the falls between the Columbia Highway and the tract heretofore conditionally deeded by him. I believe that this matter is of such importance that

Your Honor should come to Portland and visit the falls and the surrounding territory. And noticing that your expense fund has been depleted, or 'skated,' I am willing to pay your expenses from Salem to the falls and return at any time you may suggest." Mr. Joseph's letter was occasioned by a visit from Miss Fern Hobbs, private secretary to the Governor, who called upon Mr. Joseph, it is said, to induce him to yield his water rights in favor of the state. Salem Couple Safe. SALEM, Or., Sept. 6.—(Special).—Mr. and Mrs. Eugene Eckerlen, who are visiting in Germany and for whose safety fear has been entertained, were with friends in Colmar, Alsace, August 28, according to a letter received here by relatives. Recently their relatives here asked Senator Chamberlain to locate the couple through the American Consul. Use Sani-tic Lotion after shaving. A.C.
