

### BEND'S RESOURCES PROVE EYE-OPENER

Ad Club at Banquet Told of Potential Greatness Yet Untouched Near City.

### CO-OPERATION IS KEYNOTE

Speakers Spare Levity and Inspire Fraternal Relationship Between Business Men to Promote Best Interests of State.

BEND, Or., Sept. 7.—(Special.)—Having had their eyes opened wider than ever before to the potential greatness of Central Oregon, 84 Portland business men, members of the Ad Club's Bend excursion, were tonight guests at a banquet given in the Emblem Club's big, new rustic banquet hall, for which the affair served as a dedication.

The banquet was the climax of two days of rapid-fire entertainment, in which the Ad Club boys and the Benders came to know each other by their first names, and in which the visitors received a liberal education regarding this section and acquired an enlarged appreciation of the spirit that is expressing itself in making a fenced and fruitful country of a semi-arid wilderness.

**Co-operation Fevrid Plea.**  
Speakers at the banquet, while their remarks were sprinkled with levity, were earnest in their pleas for a co-operation, not only by communities, but of the state as a whole, in the task of creating a better future. The complimentary were omitted, and in their stead were determined pledges of mutual loyalty and support.

E. M. Lara, a resident of Bend, expressed the pleasure that it had been for the citizens of Bend and the members of the Emblem Club to have the Ad Club men as their guests, and to show them the contiguous country, with the irrigation projects that are making and will make it give up its wealth, the enormous resources of standing timber, and the water power that is to do a heavy share of the work of development.

Charles F. Berg, president of the Ad Club, told "Why the Ad Club came to Bend," happily expressing the appreciative sentiment of the excursion and bespeaking a future in which the alliance between Portland and Central Oregon for the economic and commercial advancement of both.

**Excursion Commends Friendship.**  
C. A. Whitmore, Ad Club chairman in charge of the excursion, declared that he hoped that the excursion would be but the first of many events that would serve to cement the friendship between Portland, Bend and the other cities and communities of the interior.

H. W. Sawyer, associate editor of the Bend Bulletin, took for his subject, "Why the Emblem Club Went to Portland," commenting on that excursion to the metropolis in words both whimsical and serious. Dr. E. A. Pierce, of Portland, member of the State Board of Health, spoke on "Health and Change." Following the Emblem was the toast to which G. C. Chapman, nicknamed "Crook County" Chapman for the excursion, responded. He made a plea for the community spirit, as exemplified by the Emblem Club and by Bend's splendid municipal utilities. Bend pride, optimism and "punch" were combined in the address of C. S. Hudson, who spoke on "Bend Yesterday and Tomorrow," touching on the present by way of comparison. C. H. Mayer, of Portland, was one of the hits of the evening with his response to "the women." C. H. Moore, of Portland, who likes Bend next best, spoke on "Benditis, a Contagious Disease."

**Bend's Attractions Lauded.**  
George Palmer Putnam, editor of the Bulletin, was delightfully happy in the personal allusions that he made in his response to "The Bend Bug" and the "Portland Adder." John F. Carroll, of Portland, gave "Unbending Bend" high praise for her pluck and enterprise, which, he declared, would win even in the face of a real volcanic eruption referring to one of the "staged" events of the afternoon.

W. D. Cheney, patron saint and guardian angel of the Emblem Club, covered a lot of territory in his response to "Heaven and Hell," but always returned to Bend with eloquent enthusiasm. Jimmy Dunn, of Portland, contributed to the general felicity by singing English ballads and telling cockney stories. This morning saw the pretty ceremony of the planting of a Portland Caroline Testout rose on the lawn of the Emblem Club, N. G. Pike conducting the ceremony, and the initiation of a large class of "Benders" into the Ancient Order of Muta. The afternoon was taken up with an automobile trip to Benham Falls.

**Lava Crater Erupts.**  
Halting near a volcanic cone, eight miles from Bend, on the return trip, a stupendous surprise was sprung on the excursionists when a hundred pounds of dynamite, black powder and bombs were exploded on the crest of the mountain and in the lava bed only a few hundred feet in front of the amazed visitors. Motion pictures were made of the unique "stunt." The Ad Club special, leaving Bend at 10:30 P. M., will arrive at Portland at 7:30 A. M. tomorrow.

### PACIFIC CABLE BROKEN

Service Between Vancouver, B. C., and Australia Interrupted.  
Advice was received at 2 P. M. yesterday that the British Pacific cable between Vancouver, B. C., and Australia is interrupted. No business can be accepted over that route for Australia, Tasmania, Fanning Island, Fiji Islands, New Caledonia and New Zealand. The cable proper starts from Bamfield, B. C., on the west coast of Vancouver Island, with first landing at Fanning Island. The next landing is at the Fiji Islands, then Norfolk Island and finally Brisbane. The location of the break has not been reported yet.

Australia has four other cable routes to the west, one of which is direct to Durban, South Africa. The others are part of the network of cables connecting India, Japan and China.

### Pythians End Chicago Meet.

CHICAGO, Sept. 7.—Knights of Pythias from all parts of the country completed today a three-day celebration of the golden anniversary of the order with appropriate ceremonies. The feature of the closing day of the celebration was a parade of 10,000 members of the organization, which was reviewed by Brigham S. Young, supreme chancellor, John J. Brown, supreme vice-chancellor, and Mrs. Cora M. Davis, supreme chief of the Pythian Sisters.

A tunnel beneath the Danube is proposed to connect Rumania with her territory acquired by the Balkan war.

### SEVERAL EMBLEMS WON

PENINSULA PARK BOYS AND GIRLS HOLD CONTESTS.

Columbia University and Jefferson High School Students. Play Soccer.

Disappointed but not discouraged by frequent heavy showers yesterday, the young people at the Peninsula Park participated in the Labor day sports with enthusiasm, numbers winning emblems.

In the morning both boys and girls competed in difficult tests. The winning of an emblem is considered a decided honor and the rivalry was keen. Among the tests for the boys were the "pull up," "dip" on the horizontal bar; the front vault and flank vault over "horses"; the standing broad jump, high jump, pole vault and swimming. Then points were awarded for each feat. Races were called off because of the heavy track.

The girls competed in feats on the traveling rings, flying rings, inclined ladder, running high jump and broad jump.

D. K. Brace, playground director, was in charge of the sports for boys, assisted by Forrest Smithson, swimming instructor. Miss Carin Degermark was in charge of the girls, assisted by Miss Mildred Bartholomew. Red and white emblems with the initials "P. P." were qualified for by J. Kennedy, K. Jordan, J. Murphy and W. Butler, seniors; J. M. Carr and Don Borgess, intermediates; J. Palmore, E. Lang and W. Quirk, juniors; Gladys Bateman, Christie Crane, Alice Boyce, Hazel Boyce, Blanche Harlow and Norma McCrea. The Mount Scott team and a mixed aggregation of Columbia University and Jefferson High School students were scheduled to play a game of soccer football, but the former team did not appear. Two teams were selected from the men present. A 2-to-0 game was played, with 30 minute halves. Murphy, Greer and Laffen, forwards, were stars of the match. P. Chappell Brown was referee.

**Mrs. Richard Croker Dies in Austria.**

It is known today that he had been of classics at the Provincial University opened in Vancouver, B. C., next year's leave of absence to organize the

## Rows of Fine New Pianos, at What It Cost Factories to Make Them and Many for Even Less, Now on Sale at Eilers Music House

Factory Representatives Take Charge of Great Piano House Under Novel Plan. A Genuine Sacrifice of Highest Grade Stock Agree to Assume All Expense of Selling and Advertising, Three Pianos to Be Ordered for Every Two Now Sold

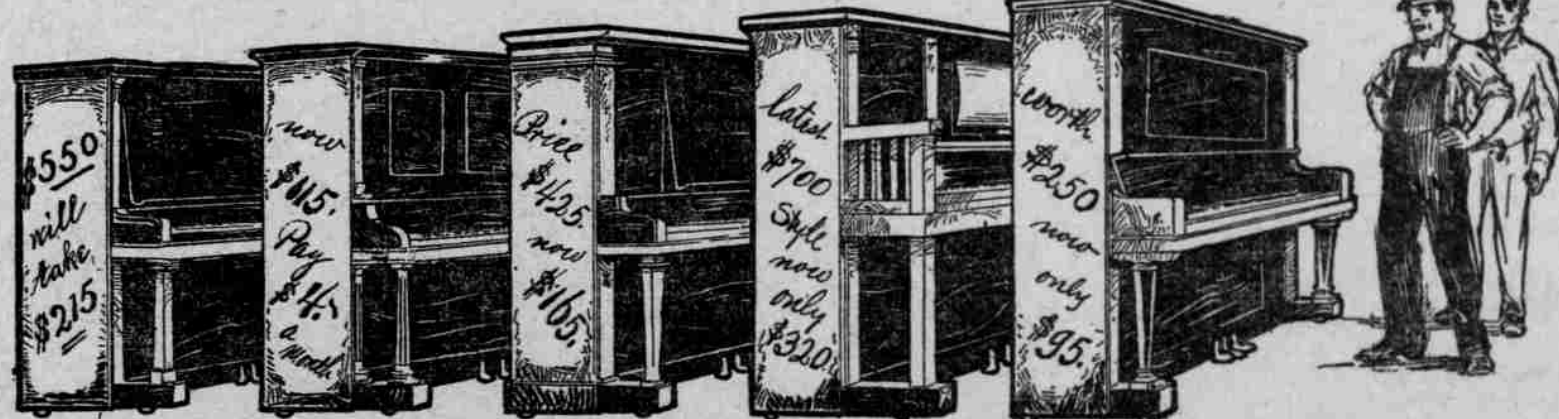

While business conditions everywhere are speedily resuming normal, it is well known that large quantities of finished pianos have accumulated in all of the Nation's piano factories. With a well-founded faith that the near future will surely justify, Eilers Music House has agreed to take the surplus of seven leading piano manufacturers, under a special agreement. These manufacturers are to assume all expense of disposing of every instrument in the establishment and we to buy three new pianos for each two sold now.

The factories' representatives, now here, do not care for profit. Their purpose is to have these pianos immediately out of the way, and commence shipping the surplus.

Hence this opportunity, this most unusual price offering, which will never come again because conditions which have combined to make this undertaking necessary can never again arise.

A house full of brand new instruments—nothing shop-worn—nothing second-hand—all regular high-quality stock. Nearly all to be sold at manufacturers' cost—some for even less.

In addition to the few instruments shown above there are many excellent new warranted pianos for only \$118; many for \$98. Finest \$550 and \$600 pianos \$333 and \$315, etc. Payments may be arranged to suit any customer's convenience; some for only \$1 a week, others \$5 a month, \$6 a month or \$8 a month; latest and best metal tube player pianos, with free music roll service included, at corresponding reductions; payments \$10 a month; some for \$2 a week. Remember, in this sale cash is not necessary. We arrange payments on 10, 20, 30, 40 and some on even 50 months' time. Music makes home what it should be. There is no home in Portland now that cannot have a choice piano.

This sale as above is now in progress (store open every evening) at Eilers Music House, Eilers Bldg., Alder St. at Broadway.

If everyone in this city could but realize what a money-saving opportunity that this really is, all would be sold out in less than a week's time.

Pianos will be sold to dealers only in the morning from 8 to 9 o'clock and no pianos will be sold if intended for shipment by dealers into other territory where these instruments are sold by merchants at regular retail prices.

Special: The low sale prices of every instrument are subject to a further liberal and unusual discount to cash buyers.

Special: All player pianos are included in this sacrifice at corresponding reductions, irrespective of attempted price control by the manufacturer.

## EILERS MUSIC HOUSE

The Nation's Largest  
EILERS BUILDING, BROADWAY AT ALDER  
Ellsworth, Barnes and Davey Authorized Representatives of the Manufacturers.

Warranted and brand-new. A deposit of only \$5 secures any instrument in this sale. Come at once.
