

WILSON URGES ALL TO PRAY FOR PEACE

Supplication for Divine Pity on Warring Nations of Europe Is Suggested.

OCTOBER 4 IS DATE SET

Proclamation of President Calls for Country-Wide Plea to God to Show Way to Restoration of Concord Among Men.

WASHINGTON, Sept. 8.—Sunday, October 4, was proclaimed a day of prayer for peace in Europe by President Wilson in a proclamation issued today, the President calling on all persons in the United States to participate. The proclamation follows:

"Whereas, Great nations of the world have taken up arms against one another and war now draws millions of men into battle whom the counsel of statesmen have not been able to save from the terrible sacrifice; and

"Whereas, in this, as in all things, it is our privilege and duty to seek counsel and succor of Almighty God, humbling ourselves before him, confessing our weakness and our lack of any wisdom equal to these things; and

"Whereas, it is the especial wish and longing of the people and the United States in prayer and counsel and all friendliness, to serve the cause of peace;

"Therefore, I, Woodrow Wilson, President of the United States of America, do designate Sunday, the fourth day of October, next, a day of prayer and supplication and do request all God-fearing persons to repair on that day to their places of worship, there to unite their petitions to Almighty God, that, overruling the counsel of men, setting straight the things they cannot govern or alter, taking pity on the nations now in the throes of conflict, in his mercy and goodness showing a way where man can see none, he vouchsafe his children healing peace again and restore once more that concord among men and nations without which there can be neither happiness nor true friendship nor a wholesome fruit of toil or thought in the world; praying also to this end that he forgive us our sins, our ignorance of his holy will, our wilfulness and our errors, and lead us in the paths of obedience to places of vision and to thoughts and counsels that purge and make wise."

SPECIAL PROGRAMME LIKELY

Federal Council of Churches Urges Observance of Peace Day.

NEW YORK, Sept. 8.—Following President Wilson's proclamation today designating Sunday, October 4, as a day of prayer for peace in Europe, the Federal Council of the Churches of Christ in America issued a call to the Protestant Evangelical churches, urging a full observance of the day. The council, which represents 30 denominations and 130,000 churches, is preparing a special programme, which will be sent out to all the churches.

The President's proclamation, the Federal Council announced tonight, was issued in response to a resolution which the council submitted to him on August 20. This resolution was supported by a letter on behalf of the Jewish congregations signed by Rabbi H. Perera Mendes.

PORTLAND TO PRAY FOR PEACE

Clergymen Announce Willingness for Special Services.

Prayers for international peace will probably be held in all Portland churches on October 4, in response to President Wilson's proclamation. Many of the clergy have already announced special services for that purpose.

Rev. Walter B. Hinsco, pastor of the White Temple, said yesterday that he not only approved of devoting the morning service in every church to the cause of peace, but favored a general gathering during the afternoon, where all the Christians of the city would send up a united plea for a speedy settlement of the European war.

Others who promised a special peace service were Archbishop Christie, Rev. Frank L. Loveland, Rev. John R. Boyd, Paul Stark Seelye and Rev. S. R. Hawkins, president of the Portland Ministerial Federation.

COLONEL STARTS NORTH

Tour of "Sugar Bowl" District of Louisiana Ended.

NEW ORLEANS, Sept. 8.—Colonel Roosevelt left here for New York tonight after making more than a score of speeches attacking the tariff as it relates to sugar and expounding Progressive principles in the "sugar bowl" of Louisiana, which includes the Third Congressional District. The Colonel's campaign trip was made on foot, on horseback, in an automobile and by steam railway.

In his principal address at New Iberia, Colonel Roosevelt dwelt particularly on what he regarded as the necessary removal of the tariff on sugar. He also attacked the proposed \$25,000,000 canal zone payment to Colombia and touched casually on the present Administration's foreign policy.

ELECTION STAYS NOOSE

Two Convicted of Murder Await Vote on Capital Punishment Bill.

SALLEM, Or., Sept. 8.—(Special.)—Though the Supreme Court today refused to grant rehearings to Lloyd H. H. Wilkins and John Arthur Pender, both convicted of murder in the first degree, they are sure of a lease until after the general election, as it is certain Governor West will issue reprieves to them until the people can vote upon a constitutional amendment abolishing capital punishment.

Wilkins was convicted for the killing of Lou L. Winters in Portland, and Pender for that of Mrs. Daisy Wehrum and her child in Columbia County.

Oregon Old Soldier Dead.

VANCOUVER, Wash., Sept. 8.—(Special.)—Ears Cross, a Civil War veteran on a 15 days' furlough from the Old Soldiers' Home, of Roseburg, was found dead under a trestle between Vancouver and the Clarke County fairgrounds early today by two boys. The man apparently had walked out on the trestle and fallen nearly 70 feet. His head was almost buried in the ground.

The body was brought to the city by Coroner Limber, who is holding it for investigation. He has communicated with the Soldiers' Home.

MEN CHOSEN TO DIRECT PORTLAND ROSE FESTIVAL NEXT YEAR.

SHOW HEADS PICKED

Emery Olmstead to Direct Rose Festival of 1915.

GREATER PLANS ARE LAID

New President Proposes to Make Institution More of Success, Spectacular and Memorable Than Any Gone Before.

Emery Olmstead, vice-president and manager of the Northwestern National Bank, was chosen president and Charles F. Berg, vice-president of Lennon's, secretary of the 1915 Rose Festival Association at a meeting of the board of directors at the Commercial Club last night.

John F. Carroll, editor of the Evening Telegram, and F. W. Hill, general manager of the Portland Railway, Light & Power Company, were chosen first and second vice-presidents, respectively. President Olmstead appointed Ira F. Powers, president of the Ira F. Powers Furniture Company, as the fifth member of the executive board, to serve in conjunction with the officers.

"With all due respect to the management of past Festivals, we will be satisfied with nothing short of the greatest Rose Festival on record," said President-elect Olmstead last night. "The members of the board are working together harmoniously and all are pledged to give their best efforts to the success of the coming Festival."

"The fact that a man of Mr. Olmstead's type and ability is willing to accept the responsibility of presiding over the destinies of the 1915 Festival does more than anything else could do to emphasize the importance of the Rose Festival as a Portland institution," said Secretary Berg. "Mr. Olmstead is interested in three large corporations, whose affairs keep him constantly busy, yet he has consented to accept a position which involves a great personal sacrifice."

The Board last night discussed informally plans calculated to make the 1915 Festival greater than all preceding events. It is reported that the new officers are urging George L. Baker to serve again as director of amusements of the Festival.

presented such a record of vacillation as did the department. If, in our anxiety to be expeditious, we had repudiated three plans we had evolved, upon what theory could we expect Congress to believe that we would for any considerable length of time continue to advocate any new plan we might recommend?"

CITY DEBT IS ITEMIZED

Oregon City Load Held Not Due to Loss of Saloon Revenue.

OREGON CITY, Or., Sept. 8.—(Special.)—At the request of F. J. Meyer, chairman of the finance committee of the City Council, a financial statement of the city was prepared today. The statement excludes bonds issued under the Bancroft act and water bonds.

It follows:

Warrants outstanding to January 1, 1914	\$ 94,509.21
Warrants outstanding from January 1 to September 1, 1914	39,991.05
Street improvements and work charged against the general fund	32,006.52
Bonds at 3 per cent, as follows:	
Due 1923, refunding	20,000.00
Due 1923, refunding	20,000.00
Due 1923, refunding	50,000.00
Total	\$226,506.78

Including bonds under the Bancroft act and water bonds, the amount probably will be raised nearly \$30,000. A statement of this indebtedness will be prepared, according to Councilman Meyer. The Bancroft bonds are for street improvements and do not hold the city directly responsible for their payment.

It is the opinion of the city officials that the present financial condition of the city is due to the accumulated indebtedness of several years. The fact that the city has been without saloons for the past eight months, is thought to have had no effect on the situation.

"The city has been dry and without license money only since the first of the year and the situation could in no way be blamed on that fact," said City Attorney Schuebel this afternoon.

WIFE FINANCES CAMPAIGN

Representative French Gets One Gift and James H. Dege, Tacoma, None.

OREGONIAN NEWS BUREAU, Washington, Sept. 8.—James H. Dege, of Tacoma, Democratic candidate for United States Senator, today filed a statement with the secretary of the Senate showing that he had received no contributions to his campaign fund and had expended only \$15, the filing fee.

R. A. Wiley, who is opposing Representative Albert Johnson, of Washington, has failed to file a statement, as required under the campaign publicity act, and is said to have laid himself liable to a fine of \$1000.

Representative French, of Idaho, in a final statement filed today, says he received contributions aggregating \$365 and expended \$317 in his campaign for the Senatorial nomination, \$350 of his fund being contributed by his wife, who may get a rebate of \$60.

OTIS CRITICISES 'LABOR MONOPOLY'

Publisher Says Abolition of Closed Shop Would Result in Work for All.

UNION ORGANIZER DIFFERS

Typographical Union Organizer Denies Times Printers Receive More Than Scale—Tricking of Unions Charged.

LOS ANGELES, Sept. 8.—Organized labor's differences with the Los Angeles Times, which began a quarter of a century ago, today occupied the attention of the Federal Industrial Relations Commission.

General Harrison Grey Otis, publisher of the Times, testified briefly before the commission, later resumed the stand and read a lengthy statement and finally submitted to cross-examination at the hands of Commissioner Garretson, one of the members of the body appointed to represent organized labor. Charles Scott, an organizer for the International Typographical Union, told labor's side of the story.

Witnesses Differ Materially. Testimony of the two witnesses regarding circumstances surrounding the open break between the Times and its union workmen differed materially. The Otis declaration, a statement called on his office, while Mr. Scott insisted that union employees were locked out after they had made a demand for increased wages. Mr. Scott also declared that the unions were tricked into calling off a boycott on merchants who advertised in the Times in the belief that a settlement was about to be effected.

"We do not consider that the affair ever has been settled," he said, "and we still stand ready to meet and treat with the Times."

Only once did General Otis refer to the dynamiting of the Times building, and he prefaced that statement by the remark that he would pass over the incident quickly, as it was a "sensitive subject."

Closed Shop Is Opposed. He was detailing the growth of the paper with the intention of showing that it had prospered under the employment of non-union labor and the loss of the new Times building entered into his testimony.

"The rainy day, or, more properly, the fiery day, came as already related," he said, "when the first Times building was destroyed through the combined and wicked agencies of union labor conspiracy, dynamite and fire, with an aggregate loss of more than half a million dollars, and saddest of all, the wiping out of 21 precious human lives—the lives of loyal and brave non-union workmen, who manfully stood fast at their posts during the perilous hours of death and destruction."

The publisher insisted that he did not object to labor's organizing, but he was opposed to any plan that would be by monopoly, force and protection, frequently accompanied by violence and outright lawlessness.

Mr. Scott took exception to General Otis' reference to his plant as an "open shop" and also his statement that the wages he paid his typesetters were above the union scale.

The Times office is a non-union shop and does not pay as much as unionized shops, he insisted.

It developed that as a young man General Otis was a union printer, and Commissioner O'Connell wanted to know why he joined a union.

"It was the folly of youth, as near as I can recollect," General Otis replied.

"Organized labor," he continued, "is not essential to the industries and could not make headway against free, unorganized labor were it not bolstered up by monopoly, force and protection."

Mr. Scott took exception to General Otis' reference to his plant as an "open shop" and also his statement that the wages he paid his typesetters were above the union scale.

The Times office is a non-union shop and does not pay as much as unionized shops, he insisted.

It developed that as a young man General Otis was a union printer, and Commissioner O'Connell wanted to know why he joined a union.

"It was the folly of youth, as near as I can recollect," General Otis replied.
