BOOST FOR HOME INDUSTRY

Home Industry and This Page--The Relation!

Do YOU realize what this page has done for Oregon's industries? Here is a brief outline: Some articles advertised here have been lifted from obscurity and brought to the buying public's attention. Others have been popularized and standardized! But the big thing is the unifying and solidifying of Oregon manufacturers. They are working together as one man for the

Upbuilding of Home Industry

The cooperation is in the weaving of a steel wire—tightly and straight—thread upon thread. Each one is essential, but made strong and powerful through unity.

Oregon can grow and become strong only as her industries—the very foundations of her existence—become strong. Now is the time to show your pride and love for your own state. Have your money at home or develop Oregon. She depends upon you—and you need her. As Oregon grows, your own position will become firmer—it is bound to be mutual.

Work with this design and in view—Buy Oregon-made goods. Support the state that supports you!
