For man with a little money and three or four young BONS.

700 acres, unplanted, \$35 per acre, in Yamhili County, one-half mile from good town and railroad.

Consider the location, the developed district (2000 acres in orchard), the beauty, the deep rich soil, the lay of the land, level, slightly rolling, not steep; no waste, no ruck, and its cheapness.

To some man who wants to do something for his boys:

I say the tract can be made worth from \$300 to \$400 per acre in a few years with little expense. Suppose it is only \$250 per acre; this would be a fortune.

Let hogs and cattle eat the grass and plant gradually.

One-haif cash, balance at \$ per cent for long time. Will show property by auto. GEO. E. WAGGONER, 805 Yeon Bldg.
