Why drink water when you can get SALEM BEER the most popular beverage on the Pacific Coast? SALEM BEER is brewed in one of the most modern plants on the Pacific Coast. It is aged in steel glass-lined tanks. It is conveyed by modern pipe line system direct to the bottle house, bottled under pressure and therefore never comes in contact with the air from the time it leaves the fermenting tank until the bottle is opened by the consumer. The consumer is absolutely assured a beer of ideal effervescence, snap and purity. A trial will surely convince any one of the excellence of Salem Bottled Beer.
