LONDON, Sept. 11.—(Correspondence of the Associated Press.)—Even in these days of mixed ground, bombs dropping and shells exploding a fort with a single shot, there are not lacking adventurous neutrals who long to get into the European fight.

Force to Go as a Unit. Plans are to form half an infantry battalion of 480 men and one or two squadrons of cavalry of 150 men each, besides small detachments.

The small detachments already include 25 motorcyclists, a hospital staff and a machine gun detachment, to which a wealthy Anglo-American has given a Maxim. A well-known American poloist has sent to the States for his stable, and other gifts of the kind are expected.

Veterans Are Enrolled. There are 20 Spanish-American war veterans enrolled. Of these a good share are born Britons or naturalized Americans.

JAPANESE GET NO LAND

HUEIITA DEAL IN LOWER CALIFORNIA IS REPUDIATED.

LOS ANGELES, Sept. 18.—(Special.)—Japan's alleged attempt to gain a strong foothold in Lower California failed today when the new Mexican government, through its Los Angeles Consul, Adolf Carrillo, refused a syndicate of wealthy Japanese rich land and pearl concessions sold to them by ex-Dictator Huerta.

This action came as a climax to a series of negotiations said to have been carried on between Huerta and Japan. The Japanese, Carrillo said today, already were in possession of a large number of valuable concessions in Lower California, which will be taken from them.

Representatives of the syndicate who called on Carrillo today told him that the syndicate had established American headquarters in San Francisco and was prepared to take up the Lower California concessions.

A heated discussion followed, in the course of which Carrillo curtly notified the Japanese "that the Mexican constitutional government will give no concessions of any kind to Japan or to the Japanese."

"The constitutionalist government," he continued, "has promised the Mexican people that all of this land that rightfully belongs to them will be turned over to them as soon as investigations now being made by a committee appointed by General Carranza has completed its work."

Angered at Carrillo's refusal to furnish them with passports into Lower California, or to make arrangements for the turning over of the land, the Japanese threatened to go to Mexico City to "see whether the government would refuse them the land and pearl concessions."
