Ghirardelli's Chocolate--3-lb. can, 75c, 1-lb. 25c

Pure Food Grocery, Basement, Sixth-St. Building.

"No Bobbins to Wind"

--is but one of the special features of the Eldredge 2-spool Rotary Sewing Machine. This feature, however, in itself assures women who sew a saving of nearly one hour's time each full day of sewing.

- A--The rotary mechanism of the 2-spool Eldredge eliminates the zigzag motion commonly encountered in the shuttle machine.
B--The two rows of feed for sewing material are the same length, a feature seldom found in other machines.
C--The 2-spool Rotary is speeded two-fifths faster than the old-style Sewing Machine, resulting in a great saving of time in the completion of the work.

The Eldredge 2-spool Rotary Sewing Machine sold on our Club plan--\$2.00 down, then \$1.00 each week until paid for--no interest--no extras. Seventh Floor, Sixth-St. Bldg.

HOP FEARS CRIED DOWN

CONRAD KREBS DECLARES OUTLOOK IS ROSEATE. Shortage Is Predicted and Growers Are Advised to Hold for Gainful Prices.

"Some of the hopgrowers of Oregon are becoming alarmed without reason," said Conrad Krebs at the Imperial Hotel yesterday. "Because the buyers are not operating now means nothing, as the real demand does not begin before October or November."

"There is going to be a shortage of hops anyway you figure it, and when the market adjusts itself to the new conditions prices will be higher. Growers would be foolish to sell their hops now at the 17 or 18-cent prices being talked about. In a year like this they will run no risk in holding."

DELINQUENCIES CUT DOWN

Total of Taxes Due and Unpaid in County \$368,890. Delinquent taxes in Multnomah County for the year 1913 make a grand total that was estimated by the tax department when the period for payment of second-half taxes without penalty expired September 1.

The total tax roll for the year in Multnomah County is \$8,948,348. The total amount paid to September 1 was \$8,579,457.25. Yesterday was the final day that the 1914 assessment rolls were open for public inspection and tomorrow the Board of Equalization will start griping to adjust the complaints filed by property owners during the past week.

PARKING PLANS OFFERED

Superintendent Mische Suggests Improvement of Parkway. If plans suggested by Park Superintendent Mische are carried out, South Parkway will become an attractive park of flower gardens, artistic lighting effects and comforts and conveniences for lovers of nature.

TWO NOT WED DIVORCED

JUDGE M'GINN RECORDS DECREE FOR CHILD'S SAKE. Common-Law Marriage Not Recognized in Oregon Reported by Husband--Others Sue.

George E. and Clara L. Burke, who were freed from imaginary matrimonial bonds with all due process of law by Judge M'Ginn in Circuit Court yesterday, in reality were not regarded as a married couple by Oregon. A decree was given George E. Burke, who alleged in his divorce suit that Clara L. Burke deserted him last April, going to California with a man.

A common-law marriage, said the complaint, was contracted in Portland in February, 1910, since which time the two lived together here as man and wife. A common-law marriage has no standing in the Oregon courts, it is contended by the District Attorney, although it is recognized in other states.

CHILEAN CONSUL ADVANCED

Portland Office, by Increased Trade, Becomes Second Class. Prompted by the enormous increase of trade between Chile and the territory tributary to Portland, as a direct result of the European war, the Chilean consular office in Portland will be advanced in rank from a consulate of a third to one of second degree on January 1, according to a notice received yesterday by Ramon E. Escobar, Portland Consul.

"Products that were formerly imported by my countrymen from Germany, France and Great Britain now are being purchased in the United States," said Ramon Escobar. "Before October 10 I shall leave for Chile to confer with the ministers relative to the conduct of the new office." Under the present ranking the Portland Consul receives a salary which varies between \$250 and \$600 a month, according to the amount of business transacted. The new ranking will probably more than double the salary, says Consul Escobar.

116 ACRES BRING \$50,000

Realty on New Oregon City Line Purchased by Herbert Gordon. One of the largest recent suburban realty transactions has just been closed whereby Herbert Gordon, president of the Lawyers Title & Trust Company, becomes owner of 116 acres located on the new Oregon City carline between Clackamas Station and Jennings Lodge.

When the crop is out of the grower's hands," said Mr. Krebs, "you can look for the price to shoot upward. If

Mr. Krebs declares that the shorts, who sold the Eastern brewers and dealers a large part of the Oregon farmers' hops before they were grown, are now trying hard to break the market so they can buy in cheaply. Speculators, he says, are working the same game.

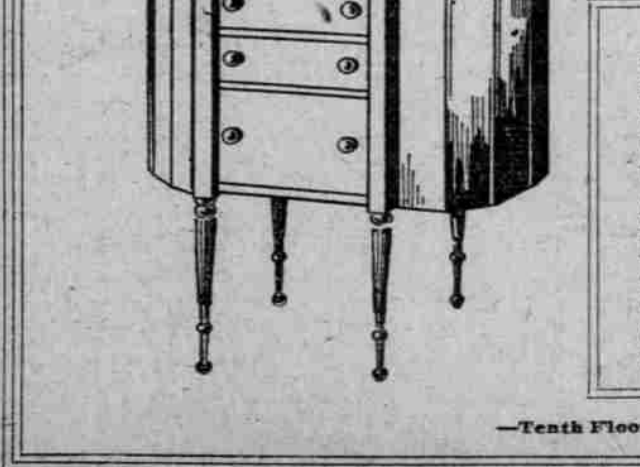

Antoinette Page sued Henry Page for divorce, alleging desertion for six years. Harry F. Mitchell was granted a

divorce from Eva M. Mitchell by Judge Davis. Josephine Mack sued Richard C. Mack, whom she married in Huntington, Or., in 1908, charging refusal to support and cruel treatment.

1857 MEIER & FRANK'S 1914 TEMPORARY ANNEX

The New Home of COWAN CHICAGO

We have secured for our patrons the products of the Cowan Shops of Chicago, the recognized makers of fine furniture and dependable reproducers of designs in period furniture.
