MINISTER REBUKES WARRING MONARCHS

New Vision of Jesus Christ Declared Necessary to Missionary Movement.

Dr. Loveland, in Address at Annual Conference of Methodist Episcopal Church, Depicts Effect of War on Christianity.

The Christian Church was rebuked for the seeming failure of its gospel of peace on earth, European monarchs were exceriated, and the missionary movement throughout the world was declared to be endangered by the "Christian" example in Europe, by Dr. Frank L. Loveland, pastor of the First Methodist Church, in an address delivered yesterday before the annual conference of the Methodist Episcopal Church of Oregon at Centenary Church, East Ninth and East Pine streets.

The occasion was the anniversary meeting of the Woman's Foreign Missionary Society, and Dr. Loveland told

"We must purge ourselves of our little isms," he said, "and preach a new world-wide religion of the gospel under John Wesley. We must go in with the faith of Methodism and the money of Methodism if we are going to win out in the tumult. God bless the glorious women that have gone out; but, beloved, they must be backed up."

Dr. Loveland said that for all the dark outlook, he had greater faith now in God and the Gospel of Jesus Christ than ever, and saw an opportunity for good work in the present world con-

"The time is now for Methodism to rise to its feet and hasten to the old-fashioned mourner's bench and partake of the old fount of religion," said Dr. Loveland. A chorus of amens followed.

"We've been busy building our denominational fences, we've been seeking to pronounce correctly ecclesiastical terms, and we must have a new vision of the thought of Jesus Christ or the missionary mevement will halt and stumble for the next decade."

"One-half of the whole world is now at war, and the worst of this is." continued the speaker, "that the nations involved pretend to be Christian nations. The leaders and generals of these nations were educated in Christian colleges, and the men in the armies are called Christians.

STEAMSHIP GREAT NORTHERN.

Work on the North Bank steamers Great Northern and Northern Pacific now under construction in the Cramps shipbuilding yards in Philadelphia is progressing rapidly.

The Great Northern, launched early in July, is more than 75 percent completed and will be the first of the big vessels to go into commission. She will be ready early in February, it is estimated, and will be brought to the Pacific Coast through the Panama Canal. It is probable that she will inaugurate the service between San Francisco and the Columbia River about March 15.

The Northern Pacific will be ready about one month after the Great Northern. The two ships are identical in every particular. They are 525 feet long and will cost \$2,500,000 each.

This committee will classify the business from all angles and a university will be asked to co-operate in the task. The investigation will last two or three years.
