German Wounded Treated as Own Men by French.

**CAPTURED COMRADES AID**

Medical Service in Improvised Hospital at Bordeaux Is in Charge of American—Homelickness Is Common Ailment.

**BORDEAUX, Sept. 24.**—"Treat the German wounded the same as our own," said President Poincaré during a recent visit to the hospital here. That his recommendation is being carried out to the letter was seen by the correspondent today at the Bordeaux high school, which, after weeks of hard work, has been converted into a 700-bed hospital. Here are 50 of the worst cases of German wounded, most of the wounds having been received in the battle of Marne.

In charge of the hospital is an American, Dr. Melville Watermann, of San Francisco, and a Bordeaux doctor who has given up a large part of his extensive private practice to devote himself to aiding the wounded.

Dr. Watermann and the Bordeaux physician are being assisted by a well-known Dresden surgeon.

**German Captives Aid.**

Eight members of a German hospital corps, who surrendered to the French and were treated to care for the wounded and came on here with them, soon will be sent back to Germany, as provided for by the Geneva convention.

The Germans are being treated in the lofty classrooms of the high school, which look over the sunny school garden. The men seem to suffer more from homesickness than their wounds, which they bear with patient resignation.

The cheeriest of all men is a Berlin streetcar driver, who has a dreadful wound in the head which already has destroyed one eye and threatens the other. He always has a smile for the doctors and nurses and his delight when a kindly doctor places a cigarette between his lips is pathetic.

**Shrapnel Wounds Numerous.**

In another ward is a young giant, the back of whose head was almost shot away by a fragment of a shrapnel shell. He tosses about on his cot calling out in his delirium for his mother. Near him lies an emaciated youth with a shattered thigh. In most cases the men in the high school hospital are suffering from shrapnel wounds.

As a rule the Germans in the hospitals here are more seriously hurt than the French soldiers. The first dressing of the German wounds has been inadequate and the wounds also are infected. The physicians say a large majority of the wounded will recover, however.

**Baroness Imprisoned in England.**

LONDON, Sept. 24.—Baroness Marie von Neuberg was sentenced by a London Police Court Magistrate today to imprisonment for three weeks for failing to register as an alien enemy. The baroness said her husband is the general commanding the Eighth German Army Corps, while his son is a member of the officers' training corps at the Westminster School. The Baroness

for years kept a private hotel in the Bloomsbury district.

**American Artists in Hospital Corps.**

PARIS, Sept. 24.—Several American artists are serving as hospital orderlies in the American ambulance corps organized here. Included in their number are E. M. Macadam, F. O. Fiercke, R. L. Stewart, Eugene La Chaise and Cameron Grant. Macadam was obliged to abandon his study in the fighting zone. Fiercke has many pictures held up beyond the German frontier and is unable to get any news of them.

**Berlin Buying Bacon and Fish.**

LONDON, Sept. 24.—A dispatch to Reuter's Telegram Company from Berlin, coming by way of Amsterdam, says that the Hootsen Courier of Berlin announces that the municipality, which prior to mobilization began to buy corn and flour, is now buying all the fish and bacon available.

**WILSON INDORSES BILL**

REPORTED ANTI-TRUST MEASURE REGARDED AS ADEQUATE.

Administration Leaders Think President's Approval Will Dispel Some Opposition.

WASHINGTON, Sept. 24.—President Wilson let it be known today that he indorsed the Clayton anti-trust bill as agreed to in the conference report which will be taken up for disposition in the Senate probably tomorrow. The President, it became known, does not agree with some opponents of the report that the conferees "took the teeth out of the bill" and regards it as a

measure that will respond adequately to the demand for regulation of monopolies in supplementing the Sherman act.

Administration leaders were agreed tonight that the President's approval of the bill would go a long way toward limiting opposition to the conference report. Republicans, led by Senators Nelson and Clark of Wyoming, will be aided in their position by Senator Reed, Democratic member of the Judiciary committee, who insists that the conferees erred in striking some specific penalties from the bill in the sections to prohibit price discrimination and exclusive contracts. He also decries the action of the committee in killing the amendment authorizing the courts to dispose of property of convicted corporations.

Democratic leaders do not expect the debate on the report in the Senate to occupy more than two or three days at the most. In the House little opposition is anticipated. By the end of next week the trust legislative pro-

gramme, it is expected, will be on the statute books, the President having decided to sign the Federal trade commission bill before Saturday without waiting for the Clayton bill to reach him.

**Rock to Protect Cowlitz Bridge.**

CENTRALIA, Wash., Sept. 24.—(Special.)—The Northern Pacific has a crew of men busy on the railroad fill north of the Coweeman bridge putting on a rock surfacing to protect the roadbed and the northern approach to the bridge from the cutting of the Cowlitz River. Thirty carloads of rock will be used to make the river face of the railway secure. The river has been gradually cutting in at this point for the past few years.

**FAIR NOT DELAYED**

Bryan Announces War Does Not Change Exposition Date.

**NO NATIONS WITHDRAW**

One South American Country Has Increased Appropriation Since Conflict Began and States Are Making Preparations.

WASHINGTON, Sept. 24.—Formal announcement was made by Secretary Bryan today that there would be no postponement of the Panama-Pacific Exposition at San Francisco and that no foreign nation had given notice of its intention to withdraw from participation on account of the European war.

Mr. Bryan's statement was: "There will be no postponement of the Panama-Pacific International Exposition. It will open according to the original plan on February 20, 1915. The Government has received official notice from 37 foreign governments of their intention to participate in the exposition, and no foreign nation has given notice of its intention to withdraw on account of the war."

**Many Nations to Participate.**

"In addition to the official acceptance, the exposition received assurances from committees in four nations that the people of these nations would

participate. Among these committees were two formed in Great Britain and Germany.

"The European nations which have given notice of participation are France, Italy, Austro-Hungary, Portugal, Sweden, the Netherlands, Denmark, Greece, Norway and Turkey, and Spain has recently advised this Government that it intends to participate. "Twenty-nine countries in Latin America, the Orient and Australasia have given notice of intention of participation and many of them are at work on their buildings."

**States at Work on Plans.**

"Forty-six states of the Union have arranged for participation in the exposition. The other states are at work on plans for taking part in the fair. "One of the South American governments has increased the amount of its appropriation for the exposition since the war began, and all of them are alive to the opportunity for extending their commerce with the United States through the utilization of the exposition."

"The Department of State has directed the diplomatic corps to advise all foreign governments that the exposition will not be postponed."

**Vancouver Students Elect.**

VANCOUVER, Wash., Sept. 24.—(Special.)—The student body of the Vancouver High School has elected officers for the school year, choosing Archie Bird for president unanimously. Harvey Terrill, a junior, was elected vice-president; Milo Rose, of the senior class, secretary; Mildred McMaster, senior, treasurer; Albert Moore, freshman, sergeant-at-arms.

**Brownsville Youth Arrested.**

ALBANY, Or., Sept. 24.—(Special.)—Charged with a statutory crime, Lewis H. Howe, 20, of Brownsville, was arrested Tuesday in Wenatchee, Wash., and will be brought back to this county to answer to charges preferred by a 16-year-old Brownsville girl.
