

GREAT ROUNDUP IS ON AT PENDLETON

Weather Superb and Excitement Is Furnished by Real Outlaw Bronchos.

INDIANS' COLORS GORGEOUS

All Events Stellar and Exhibitions of Nerve and Skill Bring Wild Applause—Sideshow Features Win Warm Praise.

BY ADDISON BENNETT. PENDLETON, Or., Sept. 24.—(Special.)—For the first day of the Roundup the weather conditions were ideal, and after that you might add A.A.I. in fact there was never a finer day in the world for outdoor sports.

Added to these conditions there was no dust to mar the sport, as is often the case. The attendance was somewhat disappointing, being rather below that of the first day last year.

Events Come Quickly. Now that the first day is over it is only just and proper that when it comes to managing these events the Pendleton people stand clear at the top of the heap.

The announcing was also as nearly perfect as possible, the three large megaphones instantly announcing to every quarter of the grounds the results.

Everything in Plain View. It is a fact that the grounds here are better in every way for putting on shows of a Wild West nature than anywhere else in the Northwest.

The track being only a quarter of a mile, the events are so close that every step can be seen, and in the races, which are mostly half-mile heats, the horses and every act is right under the eyes of every spectator.

Governor Heads Parade. The Indian spectacle today was one of the finest ever staged in the Northwest. In the grand parade there were fully 600 horse and mule riders, and of these 221 were Indians.

Sport Fast and Furious. As to the sport to-morrow cannot be said. The roping, bulldozing, bucking and racing were all first class. There was plenty of excitement, as many riders were thrown and there were a number of minor accidents, but none of a serious nature.

There were three bands on the grounds, the Athena and the Waitabanda. The latter played a good fire of music all the afternoon, but, truth to tell, few paid much attention to them.

Indians Gayly Glad. In speaking of the Indians it ought to be said that the Indian village, where the aborigines are quartered, has 113 tepees, and many of the visitors went through this after the show.

Girl Does Quick Work. In the roping contests Lucille Mulhall and Cuba Crutchfield seemed to be the stars if there are any, but any indication. Miss Mulhall is even a greater favorite than she was at the Walla Walla, which is saying a good deal. She has, aside from her skill, a winning way that appeals to the crowd.

Many Riders Vanquished. In the steeplechase race one horse of the leading team got its foot over the singletree of the horse ahead and ran three-eighths of a mile on three legs, and lost by a length. That horse probably ran the greatest three-legged race ever witnessed.

Curious-Raiser Is Provided. Pendleton is bound to be ahead in more ways than one. So last night a show was put on called "Happy Canyon," which was a humdinger. It was the best two-act entertainment ever witnessed in the West.

La Center Road Enthusiasts Elect. LA CENTER, Wash., Sept. 24.—(Special.)—A Good Roads Association meeting was held Tuesday and officers were elected. Curtis Anderson was chosen president, W. H. McCann vice-president, and P. P. Kane secretary.

Insane Hospital Head Resigns. OLYMPIA, Wash., Sept. 24.—(Special.)—Dr. A. P. Calhoun, for the last four years superintendent of the Western Hospital for Insane, the largest Washington state institution, has tendered his resignation to the State Board

"Boss" race, from a street brawl to a lynching—not forgetting the fire and the "rescue" of several men and women. In their nighties. It would take a column to name the laughable stunts pulled off. The Mayor of Happy Canyon, Joe Tallman, and the City Marshal, Jim Raley, say these "stunts" will be altogether different each night. This is called the official Roundup ballad, and it sure has the hit in it to make it a great favorite.

FEDERATION WILL MEET

TWO HUNDRED DELEGATES OF WOMEN'S CLUBS EXPECTED.

Proposed Legislation to Be Discussed and Reports on Many Measures to Be Heard.

EUGENE, Or., Sept. 24.—(Special.)—Two hundred delegates from 73 organizations composing the Oregon Federation of Women's Clubs will meet in Eugene October 12, 13, 14 and 15 to formulate a number of bills which the women of Oregon expect to bring before the State Legislature next year.

One of the important measures which the Federation of Women's Clubs has ready to bring before the Legislature is a bill providing for the extension of the civil service to the bulk of state offices now appointed. The Legislature will be asked to do away with the appointive power of the Governor.

Another committee, appointed a year ago, will report upon a proposed law to make a closed season for the slaughter of calves. The delegates in session in Eugene are expected to vote their approval of the initiative bill to remove the jurisdiction from judicial review and also scheduled to support the one-day-in-seven rest bill. Amendments are proposed to strengthen and improve, if possible, the widow's pension law. Amendments will be suggested for the law governing the school for the blind, and one will provide for class in industrial training for adult blind.

A report of importance looked for at a meeting will be that of a committee to investigate conditions at all the state institutions.

NEW OLYMPIA BANK CLOSED

Failure of United States National at Centralia Is Blamed.

OLYMPIA, Wash., Sept. 24.—(Special.)—The Olympia Bank & Trust Company, which opened a month ago with the unique distinction of being officered entirely by state officials, has been closed by State Bank Examiner Hanson, being involved as the result of the failure of the United States National Bank at Centralia. Practically all the capital of the local bank was deposited with the Centralia institution.

A roster of officers of the Olympia bank included C. S. Reinhart, clerk of the Supreme Court, as president; Secretary of State Howell, vice-president; W. Dean Hays, member of the State Legislature, cashier; H. T. Jones, chairman of the State Board of Control, chairman of the board of directors; C. Will Shaeffer, State Law Librarian, secretary. Hays and Howell were the largest stockholders.

The bank had state and city deposits besides about \$45,000 belonging to individual depositors.

\$15,000 Appropriation Big Aid.

UNIVERSITY OF OREGON, Eugene, Or., Sept. 24.—(Special.)—The added appropriation of \$15,000 granted by the state to the extension department of the university has enabled Dr. Schafer, head of this department, to add new courses of study to the department's work. These will include history of modern elementary education, secondary education problems in education, the English novel in the 19th century, introduction to philosophy, elementary psychology, and socialism and social reform.

Polk Potato Crop Short.

BUENA VISTA, Or., Sept. 24.—(Special.)—The potato yields in this part of Polk County and in adjacent sections of the Luckiamute Valley are below the standard this season for yield. The early varieties brought an exceedingly high figure. Some new varieties were tried out which proved good.

Special professional uprights and others. Most unusual offer for Friday and Saturday only. See page 9, this paper.—Adv.

LIBERALITY SHOWN BY BANK FIGURES

Loans of Portland Institutions Increase \$2,500,000 Despite Shrinkage in Deposits.

STRONG RESERVE YET HELD

State Superintendent Points to Conditions in Oregon as Evidence That Criticism of Mr. McAdoo Does Not Apply Here.

SALEM, Or., Sept. 24.—(Special.)—That Portland National and state banks are not guilty of the charge of hoarding money, building up enormous reserves, declining to make legitimate loans and demanding excessive interest, made by Secretary of the Treasury McAdoo, regarding banks in certain parts of the country, is proved by a statement made today by State Superintendent of Banks Sargent.

In fact, the statement shows that the Portland banks have increased their loans most \$2,500,000 since June 30, although their deposits decreased almost \$1,000,000. Despite the increase in loans and the apparent willingness of Portland banks to make loans of all legitimate business, the average reserve has declined only 4 per cent, and is almost 10 per cent higher than the law requires. Mr. Sargent's statement to advance funds to Southern banks for moving crops because of the tendency to hoard money any refusal of loans has no application to Portland, which declined to accept Government assistance.

Concerning the report, Mr. Sargent said: "In view of Secretary McAdoo's statement appearing in the papers today these figures are interesting and reveal the fact that the Portland banks during the past 49 days have not been hoarding their cash and building up their reserves by refusing to extend legitimate credits. On the other hand, they have been meeting the heavy demands in an exceptionally creditable manner."

Revenue Drops 4 Per Cent.

"Since June 30 they have increased their loans and other securities to the extent of \$2,410,000, notwithstanding the fact that their deposits fell off nearly \$1,000,000 during the same period. The average reserve September 12 is 33 per cent, compared with 37 per cent June 30. United States deposits fell off about \$500,000."

Mr. Sargent said that he believed the same conditions as in Portland existed in all parts of the state, but he has prepared a statement only of conditions of Portland banks. Superintendent Sargent received the following telegram from Secretary McAdoo: "Reports now being received by the Controller of the Currency from National banks throughout the country indicate that a money scarcity is being occasioned in large measure because of the hoarding of funds by many National banks. The rate of interest is being charged to customers."

Country's Currency at Maximum. "There is at this time more currency in the country than at any time in its history. There have been issues issued through the Treasury Department since August 4 more than \$300,000,000 of additional National bank currency. Applications for the note and Dr. W. M. Keller, of Tacoma, has been mentioned as Dr. Calhoun's probable successor."

Nervous Periodical Headaches Succumb to Anti-Kamnia Tablets. This trouble commonly called "sick headache," is said to be due to the retention of urea in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous strain. There is a certain cause, no doubt, but the treatment is different.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schellschmidt of Louisville, has found Anti-Kamnia Tablets to give prompt and satisfactory relief. "Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible. An opiate will sometimes shorten the attack. The bowels should be kept open with 'Aetoidin'; a hot bath and a thorough rub-down with a coarse towel, often give grateful relief. Two Anti-Kamnia Tablets when the first signs appear, will usually prevent the attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for nervous headaches, neuralgia and all pains.
