J. HAM, LEWIS "IN BAD"

DEMOCRATIC WHIP IN SENATE ARRESTED AS ABSENTEE.

Colleagues Jeer Pink-Whiskered Statesman When He is Brought in to Help Make Quorum at Night Session.

OREGONIAN NEWS BUREAU, Washington, Sept. 25.—Senator J. Ham Lewis, of Illinois, is getting in bad with his colleagues. J. Ham is the Democratic "whip." Senator Lewis has not been altogether proficient as the party whip, and on many occasions the Democratic leaders have been handicapped because the pink-whiskered statesman has been derelict in his duty. Whether any one else could have been more proficient is a question.

But the other night, when the Democratic leaders decided to hold an all-night session in the hope of breaking the filibuster against the river and harbor bill, Senator J. Ham got in decidedly bad with his Democratic friends. It was known that an all-night session could not be held unless enough Democrats remained to make a quorum. Along about midnight, to the surprise of the majority members, Senator Burton had so maneuvered as a force a rollcall, and that rollcall failed to disclose a quorum.

Conspicuous among those who failed to answer that rollcall was Senator James Hamilton Lewis, of Illinois, the one man on the Democratic side whose presence was to be expected. So huffy were other Democrats who had sat patiently through the speech of Senator Burton that they voted to order the arrest of all absentees in the city. It was no easy matter to arrest the Senator, however, for when he retired he left word with the club authorities that he was not to be dis-

turbed, and it was only after the sergeant-at-arms had threatened to arrest all the club officials and then go through the club with a search warrant that Senator James Hamilton Lewis was produced. And, despite his suave manner and sheepish air, he was greeted with jeers when he finally appeared in the Senate and answered to his name.

TRIESTE FULL OF WOUNDED

Austrians Report Great Hardship From Hunger and Cold.

VENICE, Sept. 25, via Paris. —According to advices reaching here today from Trieste several thousand wounded have been taken into that Austrian city in the last three days. Many public buildings, including theaters, are being converted into hospitals for them. A majority of the wounded come from Galicia, and they relate tales of fearful hardships. For days at a time they were in wet clothing, and with the exception of plums, they had nothing to eat. The Russians have captured immense quantities of the winter clothing from the Austrian troops. The snow has begun to fall and the troops in the field are suffering from cold.

Mrs. Wilson's Dying Wish Realized.
WASHINGTON, Sept. 25.—Mrs. Woodrow Wilson's dying wish that the worst slums in Washington be abolished was finally realized today when the President signed the bill clearing alleys of dwelling places. On her deathbed Mrs. Wilson expressed the hope the bill would be passed, and this Congress has done.

GERMAN BANK RESPONDS

BERLIN SAYS NATION IS NOW ARMED FINANCIALLY.

Newspapers Reflect Remarkable Impression Made by Daring Act of Submarine in North Sea.

LONDON, Sept. 25.—An official statement received from Berlin by the Marconi Wireless Telegraph Company says: "The board of trustees of the Imperial Bank of Germany draw special attention to the fact that the bank proved itself quite equal to the exceptional demands made on it by the war and that Germany is armed both economically and financially to fight a war on all sides until results have been obtained which will secure the political and economic future of Germany."

"German, Austrian and Italian newspapers reflect the remarkable impression which has been created everywhere by the heroic acts of the German submarine U-9, which has since safely returned to the fleet. (The U-9 is the submarine which sank the British cruisers Aboukir, Hogue and Cressy in the North Sea). The English newspapers are more grieved over the loss of the men than of the ships and emphasize that England must employ more submarines and mines."

"Germans in South Morocco have been made prisoners by the French and interned in Zhdue, province of Gran. The Germans are being treated well, it is said."

British Steamer Stays in Port.
QUAYAQUIL, Ecuador, Sept. 25.—The British mail steamer Quilpu, which

was ready to leave for Panama at noon today, suspended the start of her voyage at the last moment when it was announced that a German fleet was cruising near here.

RUSSIAN ARTISTS PROTEST

Appeal Made Against Destruction of World-Famed Monuments.

LONDON, Sept. 25.—The Exchange Telegraph Company has published a

dispatch from its Petrograd correspondent saying that the well-known Russian painter, Rochrich, director of the Imperial Society for the Furtherance of Art, acting on the unanimous vote of the council of the society, has addressed a protest to the American diplomatic representative at Petrograd against the alleged destruction by Germans of world-famed art monuments. The protest says that America has proved by the establishment of museums and art collections that she is devoted to true art and that she consequently cannot look lightly on the

destruction of "that which has given light to life on earth."
