# M'ADOO PUBLISHES HIS LIST OF BANKS

Campaign Following Charge of Exacting Excessive Interest Goes On.

RESERVE CITIES ACCUSED

Secretary Says He Is Informed New York Banks Make Money Cost Correspondents Eight Per

WASHINGTON, Sept. 25.—Continuing his campaign against high interest rates and the hearding of money by banks, Secretary McAdoo made public tonight a list of nearly 25e National banks, in all sections of the country, outside reserve and central reserve cities, which are carrying reserve in excess of legal requirements.

The list is based on reports to the

The list is based on reports to the Controller of the Currency in anxwer to his call of September 12. It shows that the reserves in these banks run from 25 per cent to 74 per cent, the legal minimum being 15 per cent.

"If," said Mr. McAdoo, in a statement given out with the list, "the large armount of legal plus from the list. amount of loanable funds that are kept from active employment, as indicated by these figures, were invested in commercial or agricultural paper, or lent on proper security the present situa-tion would be greatly relieved."

ther lists would follow in accordance with his recent announcement.

Included in Secretary McAdoo's list showing the percentage of reserves carried by each bank are the following:

Montana—First National, Butte, 41 per cent; Yellowstone National, Billings, 26 per cent; First National, Great Falls, 35 per cent; First National, Glassow, 29 per cent.

chairman, saying:

"I have received complaints about high rates of interest which are being charged by the National banks of New York, Boston, Chicago and other reserve cities. It is alleged that the New York banks are requiring their correspondent banks throughout the country to pay 7 per cent for loans and to maintain a balance with the New York banks, which makes the money cost the correspondent banks the equivalent of 8 per cent or more. Specific cases have been brought to my attention where banks in cities of the South have been required to pay these high interest rates. If New York charges the equivalent of 8 per cent interest to the correspondent banks, the money cost to the altimate borrower is made high if not everylated.

CANADA LACKS GFNFRAI the distinguish to my should be loss of the money cost to the altimate borrower is made high if not everylated.

money cost to the ultimate borrower is made high, if not exorbitant.

'From all the evidence before me I cannot feel that the charge of 7 to 8 per cent interest by the New York banks is justified, under the circumstances.

KITCHENER TO NOMINATE, DOMINATE, Withdrawnls Are Threatened.

have taken the position with all banks of the conutry that I will knowingly issue additional National bank currency to or deposit Government funds with banks which charge oxcessive rates of interest or which are refusing to meet legitimate debeen hoarding money or maintaining excessive reserves, but they appear to be charging higher rates of interest than the conditions seem to justify. "I am using every just effort to per-

soude the bunks throughout the counto extend reasonable credits and at

every power of this Department to assist the general business situation and the banks and I ask only for co-operation on the part of the banks in an Liquor Purchase Before Court Sesunselfish and patriotic spirit."

DRUGS

"The ship at once began to heel to starboard. After ordering the men to get into the boats on the booms and take off their clothes, I went, by Captain Nicholson's directions, to ascertain the damage in the engine-room. The artificer engineer informed me that the water was over the engine-room gratines.

water was over the engine-room gratings.

"While I was endeavoring to return to the bridge the water burst open the starboard entry port doors and the ship heeled rapidly. I told the men in the port battery to jump overboard, as the launch was close alongside, and soon afterward the ship lurched heavily to starboard.

"I clung to a ring boit for some time, but finally dropped on to the deck and a huge wave washed me away. I climbed up the ship's side and was again washed off. Eventually, after swimming about from various overladen pieces of wreckage, I was picked up by a cutter from the Hogue, Coxswain L. S. Marks, which pulled about for some hours picking up men and discharging them to our picket boats and steam pinnace, and to the Dutch steamers Flora and Titan, and rescued in this way Commander Sells (of the Aboukir), Engineer Commander Stokes, with legs broken; Fleet Paymaster Eldred, and about 120 others.

Twenty Too III to Be Moved.

Twenty Too Ill to Be Moved.

"Finally, about 11 A. M., when we could find no more men in the water, we were picked up by the Lucifer, which proceeded to the Titan and took off from her all our men except about 20, who were too ill to be moved.

"A Lowestoft trawler and the two Dutch ships Flora and Titan were extraordinarily kind; clothing and feeding our men. My boat's crew, consisting mainly of royal navy reserve men. pulled and behaved remarkably well. I particularly wish to mention Petty Officer Haiton, who, by encouraging the men in the water near me, undoubtedly saved many lives.

celly saved many lives.

"Lieutenant - Commander Phillips-Wooley, after hoisting out the launch, asked me if we should try to hoist out another boat, and endeavored to do so. The last I saw of him was on the aft-bridge doing well. kinds should, however, be directed by war to close on the damaged ship at all speed.

Character of Attack Deplored.

"The loss of nearly 60 officers and 1400 men would have not been grudged if it had been brought about by gun fire in an open action. But it is pecular."

So. The last I saw of him was on the aft-bridge, doing well.

"Lieutenant-Commander Tillard was picked up by a launch. He got up a cutter's crew and saved many lives, as did Midshipman Cazalet in the Cressy's gig. Lieutenant Chichester turned out the whaler very quickly."

"A Dutch mailing trawler sailed close by but went off without rendering any assistance, although we signalled to her from the Hogue to come close after we

were struck.

"The Aboukir appeared to me to take about 35 minutes to sink, floating bottom-up for about five minutes. The Hogue turned turtle quickly, in about five minutes, and floated bottom-up for appearance of the control of t five minutes, and floated bottom-up for several minutes. A dense black smoke was seen in the starboard battery, whether from coal or torpede cordite. I could not say. The upper deck was not blown up, and only one other small explosion when we heeled over.

"The Cressy I watched heel over from the cutter. She heeled over to starboard slowly, dense black smoke issuing from her when she attained an angle of about 90 degrees, and she took a long time from this angle till she
