

HARBOR BILL WITH \$20,000,000 PASSED

Senate Substitute, Agreed to by House, Requires Only Signature of President.

AMENDMENTS ARE BEATEN

Discretion Given War Department in Disposition of Fund for Continuing Contracts—Mann Charges Extravagance.

WASHINGTON, Sept. 29.—The river and harbor bill in the form of a Senate substitute, requiring an annual fund of \$20,000,000 for continuing present projects in the discretion of the War Department, was passed today by the House. It now needs only the President's approval to become law.

As reported by the Senate committee, the bill included appropriations aggregating \$55,000,000, but the filibuster conducted by Senator Burton resulted in the adoption of the substitute.

Amendments Are Defeated. Numerous amendments were defeated today before the final vote. Representative Fitzgerald, of New York, wanted specific authorization for the expenditure of \$500,000 improving Hell Gate and East River, including the blowing up of Coenties Reef. Delay in this work, he said, meant enormously greater cost later and immediate danger to lives.

Representative Rainey, of Illinois, sought to extend the Mississippi River levee improvement act to the north as Rock Island instead of Cape Girardeau, near the mouth of the Ohio River, as at present authorized. Speaker Clark took the floor to support this amendment, saying it was needed "for a country richer than the Valley of the Ganges or the Nile Delta." It was rejected, 123 to 46.

Further Reduction Refused. The final effort of the opposition in an amendment by Representative Humphries, of Washington, to reduce the appropriation from \$20,000,000 to \$5,000,000 was defeated 137 to 30. The bill was then passed without a record vote and without a yeas and nays on the President's signature.

In the course of the debate Republican Leader Mann charged the Democrats with extravagance, and said that every man who is hard up and signs a mortgage or a promissory note, or who signs a deed or takes out an insurance policy will pay for the river and harbor projects.

ACQUITTED WOMAN IS HERE

Miss Leah Alexander Comes to Oregon to Make Future Home.

Miss Leah Alexander, who shot and killed Joseph D. Van Baalen, an advertising agent, in Portland, Oregon, October 19 and who subsequently was acquitted, has come to Portland, where she in all probability will make her future home. Accompanied by her mother, Miss Alexander reached Portland yesterday on the steamer Bear in flight from the unfavorable publicity which followed the shooting and the trial and a later episode which took place in Los Angeles.

Miss Alexander announced on her arrival in Portland she would reside in Oregon, probably in Portland.

At her trial in San Francisco Miss Alexander pleaded temporary insanity, an indirect result of jealousy of Van Baalen's stenographer, Van Baalen, she said, who later discovered she was married and betrayed her. The trial was of a sensational nature and attracted a large audience.

In Los Angeles she had made the subject of publicity again by being robbed one morning at 3 o'clock as she was returning from a party. Detectives said she had been robbed of a diamond valued at \$75.

COLONEL MOODY INSPECTS

Pennsylvania's Veteran Passenger Man Predicts Big Travel West.

Colonel Samuel Moody, of Pittsburgh, veteran passenger traffic manager of the Pennsylvania lines, was in Portland yesterday on his annual tour of inspection. He was accompanied by H. A. Buck, of San Francisco, Pacific Coast passenger agent.

"I look for an immense passenger movement to the Pacific Coast next year," he said. "People who ordinarily go to Europe every summer will come to the Coast."

Eastern roads, said Colonel Moody, are considering the advisability of including a side trip to Alaska in their transcontinental tickets to the San Francisco fair, making an attractive reduction in this combination of rates.

VETERAN VISITS FRIENDS

Colonel Frank J. Parker, of Walla Walla, Yet Hunts Rescuer.

Colonel Frank J. Parker, a pioneer and newspaperman, of Walla Walla, Wash., is in Portland for a few days renewing acquaintances. Colonel Parker is of the opinion that the Palouse and Klamath irrigation projects will be the greatest achievements of Northwest reclamation history.

Colonel Parker still is looking for the man who is supposed to have saved him from drowning in the Yellowstone River years ago, when as a scout under Colonel C. E. S. Wood he was carrying dispatches and was thrown into the river. The rescuer has always been a mystery to Colonel Parker.

SWEDEN FACES SOCIALISM

Party Gains 14 Seats in Parliament From Liberals.

STOCKHOLM, Sweden, Sept. 29, via London.—The final results of the general election for members of the Swedish Parliament show that the Socialists have 27 seats, the Conservatives 86 and the Liberals 57. The Liberals lost 14 seats to the Socialists. The Conservatives neither lost nor gained, yet at the conclusion of the war it is expected that a Socialist government will be formed.

CAPTAIN JACKSON BURIED

Officer Killed by Fall Laid to Rest With Military Honors.

while commanding battalion drill, were held yesterday at the Army and military honors were paid the former member of the Oregon Volunteer Infantry, Dr. Luther Dyott, officiating and Chaplain Gilbert of the Oregon National Guard, spoke both in the Army and at the grave. Colonel George S. Young, of the Twenty-first Infantry, Vancouver Barracks, and Colonel Charles Martin, of the Third Oregon Infantry, also spoke on the life of Captain Jackson.

The Twenty-first Infantry Band, of Vancouver, attended the services and escorted the body to the cemetery. A firing squad accompanied the body to Riverview Cemetery, where three volleys were discharged over the grave. A trumpet sounded "taps."

FRANKLIN HIGH TO PLAY

TEAM FROM NEW SCHOOL TO HAVE FIRST GAME FRIDAY.

Contest Arranged With Second Squad of Washington High—Columbia University to Meet Park Squad.

The first game ever played by the Franklin High School football team will be against the Washington High second squad, as a practice affair Friday afternoon on the East Twelfth and East Dix streets grounds. Coach Dillon, of the new institution, and Coach Burton came to agreements last night.

Almost all the students attending the Franklin High are first-year students. A baseball team was formed last year, but the team has not been taken in the interscholastic league.

Sauler, who tried out for quarter on the Washington High team under Coach Burton last season, is said to be playing fullback on the Franklin aggregation. Some of the players showing up well under Assistant Coach Burton are Tourville, Captain Ted, George, George Cooke, Benefield and Snodgrass.

Coach Callender will pit his Columbia University eleven against the Columbia Park squad on the campus next Sunday afternoon. This merely will be a practice game in order to keep his players in condition for the opening game of the 1914 Portland interscholastic league season next Wednesday.

After two days of unrest, Coach Borleske, of Lincoln High, finally settled with a team to come here to play his second season, as a preliminary to the Astoria-Lincoln game Saturday afternoon. The Oregon City High School sent up a contract last night to play with the team of Coach Borleske.

These will be the first games of the 1914 season in Portland with the current season to start promptly at 2 o'clock, on Multnomah field.

WELSH ARMY PROPOSED

LLOYD GEORGE REVEALS PLANS FOR 50,000 RECRUITS.

Recruited, Though Concept Levy Would Be 250,000.

CARDIFF, Wales, via London, Sept. 29.—At a big meeting here today over which the Earl of Plymouth presided, David Lloyd George, the Chancellor of the Exchequer, spoke of the government's decision to raise a Welsh army of 50,000 men.

Mr. Lloyd George, who delivered a rousing speech, said that Glamorgan-shire already had recruited 24,000 and Monmouthshire 12,000 men. He said that his hearers that the recruits were not going out for a picnic, but for a military enterprise which would involve hardships, wounds and danger, but he added, a vast majority would return and would have glorious memories to the end of their lives. He said they would not barter for all the gold in the bank of England.

The Chancellor of the Exchequer pointed out that under conscription Wales would be compelled to contribute 250,000 men, but that a volunteer army of 50,000 men would be just as good as a forced army five times that number.

FAST OF ATONEMENT ON

Jews Gather in Synagogues for Celebration of Holiday.

Yom Kippur, the Fast of Atonement, began last night at sundown. This is a day of absolute fast among the Jews. Services were held last night in all of the synagogues and will be held again today both in the morning and afternoon.

The morning services will consist of song, prayer and a sermon. Memorial services at this time are particularly impressive.

The next most important Jewish holiday in the near future is the Feast of the Tabernacles, on October 5. The Feast of Succoth will begin October 4. This is a time of rejoicing for the plentiful harvest. At Beth Israel, special services will be said for an early peace in Europe, in response to the request of President Wilson.

TUG-OF-WAR IS TODAY

Battle Between Reed Classes Is to Be Staged at Lake.

This afternoon at Reed College at three o'clock the annual Sophomore-Freshman tug-of-war will be held across Crystal Springs Lake. On the two previous years, the tug-of-war has been held, the Freshman have been returned the victors and this year's new students have been bending every effort to putting out a team that will be successful in beating last year's winners.

The tug-of-war teams are composed of about 12 men each, and the pull is made across the lake where it is about 50 feet wide and ten feet deep. The contestants are not allowed to wear cleated shoes or use tape on their hands. It is part of the agreement that the winners shall pull the losers clear through and up on to the opposite bank. Fred Weber is captain of the Freshman team, while Alvin Shagren is the leader of the Sophomores.

Gravel Hauled for New Railroad.

SPRINGFIELD, Or., Sept. 29.—(Special.)—Hauling of gravel from the Naton pits near here, for the Willamette-Pacific railroad grading work, was resumed today, and for the first time work was continued on Sunday. The trains are hauling the gravel to the sixth Sluslaw crossing, two miles from Lake Creek, and 12 miles from tidewater at Mapleton.

WADSWORTH 338 AHEAD IN NEW YORK

Up-State Returns Expected to Increase Lead Over Calder for Senator.

500 DISTRICTS REMAIN

Davenport Continues to Widen Margin Over Sulzer for Progressive Nomination for Governor.

Whitman's Lead Large.

NEW YORK, Sept. 29.—Up-state returns late tonight swung James W. Wadsworth, Jr., into the lead over William M. Calder in the race for the Republican nomination for United States Senator.

Virtually complete returns from Greater New York and 2592 out of 2173 districts update show these figures: Wadsworth, 75,157; Calder, 74,819; Hill, 59,371.

This gives Wadsworth a plurality over Calder of 338. As Wadsworth was expected to draw his chief strength from upstate, his friends insist that returns from approximately 500 remaining districts will increase his plurality materially.

Frederick M. Davenport continued to increase his plurality over ex-Governor Sulzer for the Progressive nomination for Governor.

Governor Glynn, District Attorney Whitman and Ambassador Gerard continued to add to their pluralities in the race for the Democratic gubernatorial, Republican gubernatorial and Democratic Senatorial nominations, respectively.

Whitman's plurality probably will be between 50,000 and 75,000. It is believed that Gerard's plurality will exceed 75,000.

WILSON INDORSED IN JERSEY

Effort to Start Second Term Boon, However, Is Smothered.

TRENTON, N. J., Sept. 29.—Representatives of the Republican, Democratic and Progressive parties met in state convention here today and adopted party platforms.

The Democratic platform included a warm endorsement of President Wilson, who is now the leader of the Nation at Washington.

"We tender our tribute of wholehearted praise and felicitations to our great New Jersey Democrat, Woodrow Wilson, who is now the leader of the Nation at Washington."

The Republican platform was a strongly protective tariff one, and criticized the Democratic National and state administrations.

The Progressives reiterated their platform of two years ago and defeated a resolution to support the Government ownership of public utilities.

HUNGARY LEFT TO FATE

(Continued From First Page.)

along a front extending from Grodno to Druskenki on the Niemen River. Four army corps have been engaged on both sides and the Russians are being constantly reinforced from Vilna. The Russians have already repulsed the Germans at several points.

Austrians Join Germans.

It is officially announced at Vienna, according to a Rome dispatch to the exchange Telegraph company, that a junction has been effected between the new German army and the remnants of the Austrian army which fought in the Italian battle.

The new combined armies are taking up a position and already have been in contact with the Russians along the Carpathian Tarnow-Cracow front.

The message adds that the Russians are in possession of all the railways in the district of Przemysl, and are advancing from the west. A dispatch from the Rome correspondent of the Exchange Telegraph Company. The correspondent continues:

"The northern column of (Russians) has made an assault on Tarnow, the last obstacle between it and Cracow, and distant from the latter place only 10 miles. The southern column, occupying Sanok, has advanced westward with the intention of cutting off the retreat in that section of the Austrian army, which is being driven southward."

"Indications are that the Russians do not intend to capture Cracow, but to leave it cut off and surrounded, and then to advance towards Berlin, hoping to join the Russian center now in Poland."

Germans Are Fortifying.

"The Germans are fortifying and trenching the heights south of the government of Kielce, Russian Poland, which commands the Galician and Silesian frontiers, apparently to cover German advance through Silesia and to aid the Austrians in the defense of Cracow," continues the correspondent.

It is said that the German troops mostly belong to the Landstrum. "Heavy fighting in the region may be expected soon. Owing to the boggy ground, the heavy guns of the Germans can be placed only on railway embankments."

GERMANS HELD FROM RIVER

Russians Make Furious Attack; Austrians Leave Cannon.

NERVOUS CHILDREN

Children are nervous because they inherit a tendency to nervousness, because they overstudy or overwork, or because they are run down physically.

Whatever the cause, nervous children need careful management. Scolding does no good and most forms of punishment are harmful. See that the patient does not overwork or overstudy, give good nourishing food, sufficient out-of-door exercise and a safe, non-alcoholic tonic. Dr. Williams' Pink Pills are the tonic for such cases, harmless, sugar-coated and easy to take. If the tonic treatment builds up the child's nervous strength there will be less demands on your temper, less temptation to scold. When nervous children get in "tantrums" send them to bed, whatever the hour of the day. If the paroxysm continues, give the child a warm bath and return it to bed. And persist in the tonic treatment with Dr. Williams' Pink Pills, the nourishing food and the exercise. It is surprising how many nervous disorders are corrected by building up the blood. Even St. Vitus' dance will yield if you are faithful.

A book on Nervous Disorders will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. If you mention this paper, the book will be sent to you.

Dr. Williams' Pink Pills—Adv.

nounced receipt of the following from Petrograd:

"In the woods near Argusov our troops are successfully advancing, keeping up a running fight with the enemy."

"Near Ossowjetz, on the morning of September 27, the fire of the enemy's big caliber guns reached considerable intensity. The attempt of the German infantry to get close to the fortress was checked."

In Silesia the enemy has been considerably strengthened and is manifesting great activity.

"The Austrian sorties from Przemysl remain unsuccessful. The Russian numbers and we are capturing guns and war material of every description."

GERMANS LOOT PERONNE

Officer Permits Pillage When Requisition Fails, Is Charged.

LONDON, Sept. 30.—Correspondents of the Times in France give contrasting views of the manner in which the Germans deal with the towns they occupy.

During the German occupation of Peronne, owing to the failure to provide the requisitions demanded, the commanding officer, a Times correspondent says, gave the troops permission to loot the town. For two hours the Germans needed no second invitation. It is said, and furniture, ancient tapestries, silver and bronzes, pictures and personal property were loaded on trains and taken away. Afterward, houses and shops were burned.

At Amiens, in similar circumstances, but where requisitions were satisfied, the Times correspondent pays a tribute to the way in which the Germans kept up their part of the bargains.

CROWN PRINCE ACCUSED

French Baroness Says German Heir Plundered Her Chateau.

PARIS, Sept. 29.—Crown Prince Frederick William, during the first days of the battle of the Marne, had his private collection of art objects, including the famous de Baye pictures, famous for its collection of art objects, taken to the chateau of the Baroness de Baye, near Compiègne.

"The Crown Prince plundered the whole place. He stole medals, old arms, rare and precious vases, tapestries, icons, and a gold and silver service for my family. He caused to be packed choice pictures and pieces of furniture, but some of these cases were left in the hands of the Germans."

The Baroness affirms, according to the Temps, that the German Crown Prince stamped with his heel on the statue of the Russian Emperor and Empress in the chapel of the chateau.

CIVIL SERVICE POLITICS UP

Postoffice Employees of Chicago Are Perplexed by Query.

CHICAGO, Sept. 29.—Civil service employees of the postoffice inspector's office were somewhat perplexed today at receiving a query from the Postoffice Department directing them to report on their party affiliations.

WASHINGTON, Sept. 29.—"No employee's tenure of office is at all likely to be affected by our inquiry and the answer thereto," says the Postoffice Department, today, commenting on the reported apprehension of employees of his bureau created by an inquiry as to the politics of the employees.

Mr. Johnson, who is a corresponding member of the Institute de France, had the privilege of visiting the cathedral. His investigation has no official character, but the result of his observations will be communicated to Myron T. Herrick, American Ambassador to France.

"That anything remains of the cathedral," says Mr. Warren, "is owing to the strong construction of what might be called the carcass of the cathedral, whose walls and vaults are of a robustness which can resist even modern implements of war."

Mr. Warren declared that his investigation failed to substantiate the charge that the French had used the towers for observation purposes or otherwise.

"I spent Saturday, September 26, and Sunday in the cathedral, talking with the cure and abbe, and visiting every part of the damage and endeavoring to ascertain if it had been intentionally inflicted. On September 19 the edifice was fairly riddled. All the wonderful glass of the nave is shattered; that of the apse still exists, though greatly damaged. Fire on the outside calculated the greater part of the facade of the north tower and the entire clerestory, with flying buttresses, and the turrets crowning each of them. The stone, as far as its surface is concerned, is irreparably damaged. When touched it detaches itself. Consequently all the decorative motives, wherever the flames have reached, were lost."

ARTISTIC BEAUTY GONE

ARCHITECT SAYS RHEIMS CATHEDRAL CANNOT BE RESTORED.

Wonderful Glass of Nave Ruined and Surface of Stone, Wherever It Was Touched by Fire, Peels Off.

PARIS, Sept. 29.—The artistic beauty of the cathedral of Rheims, which suffered in the German bombardment of that town, never can be restored, in the opinion of Whitney Warren, the New York architect, who has just returned from Rheims, where he made a thorough examination of the famous structure.

Mr. Warren, who is a corresponding member of the Institute de France, had the privilege of visiting the cathedral. His investigation has no official character, but the result of his observations will be communicated to Myron T. Herrick, American Ambassador to France.

"That anything remains of the cathedral," says Mr. Warren, "is owing to the strong construction of what might be called the carcass of the cathedral, whose walls and vaults are of a robustness which can resist even modern implements of war."

Mr. Warren declared that his investigation failed to substantiate the charge that the French had used the towers for observation purposes or otherwise.

"I spent Saturday, September 26, and Sunday in the cathedral, talking with the cure and abbe, and visiting every part of the damage and endeavoring to ascertain if it had been intentionally inflicted. On September 19 the edifice was fairly riddled. All the wonderful glass of the nave is shattered; that of the apse still exists, though greatly damaged. The stone, as far as its surface is concerned, is irreparably damaged. When touched it detaches itself. Consequently all the decorative motives, wherever the flames have reached, were lost."

WOMAN SEES OREGON DRY

Mrs. Mary Harris Armour Predicts End of Saloons in State.

ALBANY, Or., Sept. 29.—(Special.)—Mrs. Mary Harris Armour, of Macon, Ga., addressed an audience of between 400 and 500 for two hours at the Albany Armory tonight.

Her subject was state-wide prohibition and the audience was appreciative. Mrs. Armour was introduced by Dr. Wallace Howe Lee, of Albany College, until recently dean of Whitworth College, Tacoma. Nine local business men from which she was introduced.

Oregon at the forthcoming election by a big majority through the vote of the women of this state. She also predicted a saloonless Nation by 1920, and said results of elections here would affect the National cause. She urged precinct organization.

After completing her address the speaker started to raise a campaign fund for use in this county against the liquor traffic. More than \$300 was subscribed in a few minutes. Both Mrs. Armour and Dr. Wallace Howe Lee, of this city, are members of the State of Washington will go dry by a large majority in November.

NURSES GO ON OUTING

St. Vincent's Corps Guests of Captain Young on Steamer Ruth.

About 75 nurses from St. Vincent's Hospital participated in their annual river outing yesterday as guests of Captain Young, of the steamer Ruth. The affair dates back several years, to the promise of Captain Young, while ill at the hospital, that he would give the nurses a yearly trip down the river.

The start was made at 9 o'clock yesterday morning, and after a day replete with amusement, the party returned shortly after 5 A. M. Leaving the Astoria Dock, the party steamed down the Willamette and up the Columbia as far as Bonneville. A phonograph furnished music for informal dancing and there were singing and games galore. A tempting luncheon was served by the ship's officers.

The day was ideal for such a trip and the nurses returned with enthusiastic declaration that more pleasant an outing had never been planned. Dr. and Mrs. Ernest A. Sommer were chaperons with Captain and Mrs. Young.
