Six reels of almost melodramatic action are shown on the new bill at the Star Theater in "Fire and Sword," a Kismet feature film. There is just enough probability to this story to save it from melodrama, and enough action to make it intensely interesting.

The story deals with an American girl kidnaped by the Grand Vizier of Fez while she is seeing the sights in Morocco. A newspaper reporter, after "covering" the story of her disappearance, accepts a commission to find the girl. He precipitates a revolution to get her.

MAJESTIC HAS LOVE STORY

"The Fortune Hunters," Six-Reel Dramatic Comedy, Is Here. Love is a funny thing!

A man makes up his mind to love a woman who has money, and goes so far as to propose to her. But really, truly love for the "only girl in the world" stays him and he even braves a heavy downpour of rain to tell her of his love.
