Ex-Governor Geer Proves Democrat's 'Ante' Tactics by Baring Past and Present.

## CAMPAIGN TRICK REVEALED

Orator Before Meeting of Men and Women Notes Senator's Omission of Party and Exposes Him as Enemy of Oregon System.

"George E. Chamberlain, for of the direct primary," was the description used by ex-Governor Geer in referring the Democratic candidate for United States Senator at a meeting of men and women at the imperial Hotel yesterday afternoon. By an account of several historical incidents in Mr. Chamberlain's career Mr. Geer explained to his hearers why this appellation is

Outside Termed Trick. That is a little trick that he hoped would help elect him, but I think the best of the second trick of the second outside the second trick of the second by Dr. Cora Talbot, Democratic candida-tes and Prohibition tickets were fin-tickets was the second trickets had spot outside among the speakers. Mrs. Nellie c. Hughes preside. After various other candidates and her exclovernor Geer made what doubt be was the most sational address of the second trickets were fin-tickets had spot the second trickets had spot her exclovernor for made what doubt to the second trickets was the final trickets had spot the second trickets was the second trickets had spot her exclovernor for made what doubt the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets was the second trickets had spot the second trickets the second trickets had spot the second trickets trickets the second trickets had spot the second trickets trickets the second trickets trickets

"The greatest enemy of the Oregon system is the Democratic machine," he declared. "It is making repeated on-shaughts against popular government and is trying to strengthen and con-PEAK GIVEN FOR PARK

and is trying to strengthen and con-trol its organization so that it can con-tinue its adherents in office. "For the Democrats it is necessary to oppose the Oregon system, as they could not be successful by a direct ap-peal for party votes. They must break down the Oregon system by seeking votes outside their own party.

Jones, a Republican Sonator from the State of Washington, introduced an Alaska railroad bill three years before the Chamberlain bill was brought up.

### Early Repudiation Recalled.

Mr. Geer then explained how Chamberlain, as Governor, repudiated the Oregon system by instructing the Dem-ocratic members of the Legislature not to vote for the man who had received the people's indorsement for the United States senatorship.

That was in the early part of 1963. Mr. Geer, in the preceding election, bad received 45,000 popular votes for Senator. C. E. S. Wood, the Demo-cratic candidate received 23,000 votes. Mr. Wood wrote to the Democrats in the Legislature asking them to vote for Mr. Geer for Senator, as Mr. Geer had been the people's choice. "Sam White, chairman of the Dem-

ocratic state central committee, told me," explained Mr. Geer, "that if by their votes the 17 Democratic Legis-lators could elect me, they would do it. I thanked him, and the subsequent proceedings of the joint legislative session revealed that I could have been elected with the aid of the Democratic votes.

### Assembly Support Noted.

"But the Democrats went to Gov-nor Chamberlain-head of the party the stafe-and asked him what to the told them not to do it, that ernor (

do. He told them not to de it, that the Republicans were having a quarrel and to let them fight it out. "Now, this was a direct violation of the principle of direct election, yet this is the man who now paradas him-self before you as the champion of the Oregon system." Mr. Geer also read an extract from a letter written in 1905 by Governor

San Francisco Saturday. It is expect-ed that all waterfront interests will refrain from working cargo Sunday, except in emergencies.

CANAL MAY BRING RATE WAR.

From Coos Bay to Grays Harbor.

Gas buoys used on the searcast usually are stored for a year, but so far none have been tested successfully to remain unattended for much long periods. The use of gas buoys, where possible, gradually is being augmented by the Bureau of Lighthouses, as they serve to cut down the demands on tenders in making special trins, and besides being reliable as a rule, have been proved more desirable than other types.
