SALEM, Or., Oct. 2.—(Special.)

Alternate rain and sunshine was the State Fair weather today, and, although the grounds and racetrack were pretty thoroughly soaked and umbrellas and raincoats were in demand, the attendance was above the average and enthusiasm was at high pitch. It was "Manufacturers and Fresh Day," and the two branches of Oregon industry were well represented. Tomorrow is "Shriners' day" and, with favorable weather, there should be a record-breaking last day attendance. Juvenile Winners Named. Ten juvenile farmers and artisans were made joyful today by the announcement of the winners of free trips to the Panama-Pacific Exposition in the school industrial fair exhibits. The trips were arranged by Superintendent of Public Instruction Churchill, and O. M. Flummer, chairman of the board of Portland. All expenses for one week will be paid, the boys and girls to be taken to the exposition in a body. The winners and the work in which they excelled are as follows: Charles Claus, Jackson County, corn; Audley Meyer, Jackson County, potatoes; Jessie Keyt, Perrydale, canning and preserving; May McDonald, Polk County, sewing; Frances Hawley, McCoy, cooking and baking; Kenneth Bursell, Monmouth, pig feeding; Perry Pickett, Marion County, vegetable gardening; Paul Jaeger, Clackamas, manual arts; E. Vernon Hains, Douglas County, poultry raising; and Oscar Snyder, Creswell, dairy herd record keeping. Frank Meredith, secretary of the fair, announced today that George Chandler, of Baker, was the winner of the clock offered by the O-W. R. & N. Rail-

on exhibition. C. P. Hembre, of Monmouth, won the silver tea service, offered by Isaac Staples, of Portland, for the best equipped Jersey herd, and C. W. West, of Oswego, the silver cup, offered by the Northern Pacific Railroad for the best sow and litter of pigs.

William Riddell Has Best Gents. William Riddell & Sons, of Monmouth, made almost a clean sweep of goat prizes. The other exhibitors were J. R. Springer, of Holley, and S. F. Zyssett, of Thomas, Schmidt Bros., of Oregon City, and W. N. Cleveland, of Gresham, were the only exhibitors of Rambouillet and Dorset horns, respectively, but in the Shropshire class there were five exhibitors and competition was keen. The championships for rams and ewes, any age, were won by C. E. Cleveland, of Gresham. He also won two Shropshire special premiums. In the Hampshire exhibit Frank Brown, of Carlton, captured the championships for any age, and any sex, and age. The Oregon Agricultural College, with a pen of three wethers, won the fat sheep prize.

Disapproval of Wild West features of county and state fairs was expressed in a resolution adopted by the Livestock Breeders' Association at its annual banquet. Addresses were made by prominent breeders, and a committee, consisting of W. K. Newell, Ed Schoel and Charles Cleveland, was named to arrange for rates for the transportation of exhibits to the Panama-Pacific Exposition.

Mrs. Scott said the present fair is by far the best she ever attended.

FAIR IS BIG SUCCESS

Lewiston - Clarkston Affair Profit to Be Handsome.

Aviator Wins Race With Automobile and Rain Interferes With Polo Match and Horse Races to Degree—Results Given.

LEWISTON, Idaho, Oct. 2.—(Special.)

The fourth and last day of the 15th annual Lewiston-Clarkston Interstate Fair closed here today with a splash. The weather was ideal until the fore part of the afternoon, and the great crowd that thronged the streets to witness the children's parade went to the fairgrounds and packed the immense grandstand and bleachers with the largest gathering that has attended this week. While Secretary Bollinger is not in a position to give definite figures as to receipts and disbursements, it is practically assured the association will show a handsome profit. Promptly at 12:30 today Principal Hammond, of the Lewiston public schools, and his corps of assistants, together with 2000 of the high school children of the county, formed in line and paraded through the business district of the city. Each student and child was given a free railroad ticket to and from the fairgrounds, and a free admission to the show grounds. As usual, Aviator Maroney was the great attraction of the day. As this was the last day, he made the remark that he would end strong, and the feats that he performed sent sensation after sensation through the spectators. His dips, glides and marvelous control of his machine won for him the greatest admiration. In a five-mile race with a high-powered racing automobile, around the track in front of the grandstand, Mr. Maroney literally "flew circles" around the automobile. During the middle of the afternoon it rained for a short time, which at first interfered with the racing and the polo game between Spokane and Lewiston. After a while the track became packed, and Paulsen of Spokane, in a machine made a record of a mile in 1:22. The following are the results of the day's races: Relay race—Lewiston, Astoria and Clark High Schools, one-half mile—Four men in 1:45; two men in 1:18. Saddle-horse race—Glen, first won; Lewiston High, Time, 1:48. Harness race, one-half mile—Red Cloud, won; Al McK, second; Don Almo, third. Time, 2:15. Saddle-horse race—Sam Bonnell, on Whispering Annie, won; Skook Martin, on Indian Killer, second; Flann, on Skyracker, third. Saddle-horse race—Glen, first won; Lewiston High, second; Sun-down, on Dick, third. Race, one-half mile—Moussie, second; Burning race, half mile—Alchemat, won; Yocelo, second; Glen Buckley, third. Time, 0:42. Motorcycle race, five miles—Thayer, on Excelsior, first; Ames, on Harley-Davidson, second. Time, 5:35.

BLACKSMITH HANDLES DEADLY WEAPON

Against Germans.

PARIS, Sept. 25.—Anxious to get into the fight against the Germans, the blacksmith of the Sixth Dragoon Guardsmen, of the British, accompanied the cavalrymen on a charge, armed only with a hammer, according to stories told by guardsmen who were in Paris.

These men had fought from Belgium through Compiegne and Senlis and came to the capital for the first time. They declared that in one of their charges the blacksmith grabbed his huge hammer, mounted a horse and rode with them, wielding his weapon with deadly effect.

The British and German artillery engaged in one duel at a distance of not more than 500 yards, the guardsmen said. The British got the range first and wiped out the German gunners. Eleven guns were captured.

BAD BLOOD.

Hatred of the Nations for One Another.

This European war was born of the hatred caused by earlier warfare—it will engender other wars between the same nations in the future. The sons yet unborn will carry this hatred in their blood to blaze into warfare when the spark is touched by Kings or Statesmen who are yet in infancy. It's bad blood that makes your liver sluggish and the same bad blood causes your stomach muscles to lose their elasticity and become flabby and weak and that means indigestion. Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is not a secret remedy, for all its ingredients are printed on wrapper.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will replace all the bad blood it drives out with rich, pure blood full of vital force. It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles know no fatigue.

Take it clear the skin: eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away, never to appear again.

Get Dr. Pierce's Golden Medical Discovery at any medicine dealer today, in either liquid or tablet form, as you prefer. It's the one great blood-maker and purifier that all weak or run-down people ought to start to use at once. If you want good blood, good health and clear skin, get a supply today—Advt.
