

# NAACO, ARIZ., ASKS FOR PROTECTION

## Another American Shot by Mexicans and Hail of Bullets Falls in Town.

### CITIZENS ABANDON HOMES

#### Appeal Is Sent to President Wilson and Immediate Action Is Urged.

Besieged Force Captures and Executes 25 of Foc.

NAACO, Sonora, Mexico, Oct. 5.—The siege of Naco continues to be almost as disastrous for the American town of the same name just across the border as it is for the object of the Mexicans' bad marksmanship.

Citizens of the Arizona town today appealed to President Wilson for protection.

Governor Maytorena with his Villa adherents and Yaqui Indians confined their siege to sharpshooting. Colonel Benjamin Hill, the Carranza commander of the entrenched troops here, replied in kind.

Casualties within the town were confined to the execution of 25 Yaquis captured during the day in a sortie.

#### American Boy Shot.

The garrison fared better than the observers on the American side, where an American boy was shot in the hand and two United States cavalry horses were struck by stray Mexican bullets.

Foreseeing the difficulty of an active assault, the two warring factions are reported to be negotiating a truce of hostilities through two commissioners.

Colonel Gullfoyle, of the American border patrol, warned the besiegers and the besieged against shooting across the international line.

#### Many Bullets Menace Americans.

In addition to the Naco, Ariz., citizens' committee sent the following telegram to the President.

"We and all American citizens of this border town respectfully and earnestly appeal to you for immediate and adequate protection of the lives of our families and ourselves from the battle between the Mexican factions now engaged in this vicinity on Mexican soil. Thousands of bullets are carelessly or maliciously fired into our streets and buildings, compelling us to abandon our homes and causing us to suffer great hardships and danger."

Additional ammunition has arrived for both sides. More is expected. Occasionally there has been ineffective shrapnel fire.

For two days the shifting of the Maytorena forces has caused the constant execution of an assault, but so far there has been no serious contact of the two forces.

### PEACE DELEGATES OFF TODAY

#### Civilians Are Excluded From Vote in Conference.

MEXICO CITY, Oct. 5.—At a meeting today to arrange a date for the departure of the peace delegates who are to confer at Aguas Calientes with representatives of General Carranza Villa, it was decided unanimously that they should leave here at 6 o'clock tomorrow evening.

The convention voted to exclude civilians, but invited Leon Cabrera, General Carranza's agent, to go with the delegates. He was accorded the right to speak at the convention but not to vote.

A resolution was unanimously adopted ordering that a message be sent to Jose Maria, a Governor of Sonora, requesting him to release all friends of General Carranza held as prisoners by him. This action was taken in view of the fact that the convention had appointed a committee to call on General Carranza and request him to set free all the Villa followers now in prison here.

### BRYAN FEELS MOST ASSURED

#### No Dispatches Received From Factions, However.

WASHINGTON, Oct. 5.—Secretary Bryan announced today that all dispatches from Mexico were "most assuring." It was admitted, however, that no messages have been received today, either from the Carranza or Villa factions.

John R. Sullivan, Consul at Saltillo, and President Wilson's personal representative in Mexico, has not advised the President of the object of the hurried trip he is making to Washington. He asked the State Department for permission to come without saying why and is expected here tomorrow.

Officials here are paying little attention to the fighting around Naco.

### MRS. WAHL MUST TESTIFY

#### Ex-Wife of William Guggenheim Is Witness Against Her Lawyer.

SAN FRANCISCO, Oct. 5.—Mrs. Grace Brown-Herbert-Guggenheim, who was the subject of the questions put to her by Elmer Christy, representing the New York Bar Association, in disbarment proceedings brought against Louis Werner, formerly her attorney, Mrs. Wahl objected on the grounds that her answers might incriminate her. Werner was her attorney in the divorce suit which resulted in her divorce from William Guggenheim. Because of alleged irregularities in his conduct of the case, the Bar Association took action against him and sent for Mrs. Wahl's deposition.

Judge Sturtevant, of the Superior Court, ruled today that the questions must be answered.

### JACK JOHNSON LOSES BAIL

#### Bond of \$55,000 Given in Chicago Declared Forfeited.

CHICAGO, Oct. 5.—A \$55,000 bond given by Jack Johnson, the colored prizefighter, was forfeited today when Johnson failed to appear in the United States Court for trial on charges of violation of the Mann white slave act in transporting Belle Schreiber from Pittsburg to this city. He was convicted on the first trial, but was given a new trial because of error. Johnson was last heard from in Paris before the outbreak of the war.

### WOMAN ON THE BATTLEFIELD

#### What she gives to a nation.

Shall we say that women contribute only the bandages, the nursing, cheering and comforting the wounded? No! They contribute the fighters! What sort of help and inspiration can a woman be who is enfeebled and broken down by diseases and weaknesses peculiar to her sex? Can she hope to be a capable mother or an efficient wife?

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription, prepared only from nature's roots and herbs, with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

Why should any woman continue to worry, to lead a miserable existence, when certain help is at hand?

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It is not a secret remedy, for its ingredients are printed on wrapper. Get it this very day at any medicine dealer in either liquid or tablet form. In the meantime address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and simply write "Dear Doctor: Please send me without charge a secret remedy," and you will receive the advice of a Physician Specialist absolutely free; 126-page book on women's diseases sent free.—Adv.

of the company. The deed as submitted yesterday is the result of a conference with the title and the Department of Justice. The transfer probably will be made within two weeks.

### WOMEN ACTIVE FOR PARTY

#### Chehalis County Republicans Aided by Fair Sex in Campaign.

ABERDEEN, Wash., Oct. 5.—(Special.)—A woman auxiliary to the Chehalis County Republican committee with precinct committee women to represent every precinct in the county is in the process of organization in Chehalis County and will begin operation this Fall.

The women's auxiliary will work in conjunction with the men's central committee. It is the first women's organization of the kind in Washington and Aberdeen Republicans feel that similar organizations for the women voters will be formed all over the state before the 1916 election with the end of getting a heavy poll of women voters for a Republican administration.

The women's organization this year will work for the election of a complete Republican ticket in the county.

Every preparation has been made to give the Zepplins a warm reception if they invade English air. Aeroplanes fully equipped for fighting are kept in reserve and could be launched like fire engines on the stroke of the bell, if alarm of an approaching Zeppelin is sent out.

The cost of the precautions against Zeppelins is heavy, but it must be balanced by the economy in street lighting. Old residents say that London at night in these days reminds them of the old town before the advent of electricity when a few gas lights struggled against the fog.

#### SEA AND AIR ATTACKS FEARED

Germans Say Britains Tremble in Expecting Assaults.

ROME, via Paris, Oct. 5.—The German newspapers continue to print items of news sent them from London. One of the latest papers received here from the German capital contains the following:

"It is difficult to say whether the Britishers tremble more in fear of an enemy below the water or in the air, after the exploit of the German submarine off the coast of Holland. Now that foggy weather is beginning and as the German submarines and torpedo-boats can steal out and attack big English battleships with a terrible mile away, and be off before they are seen, the 'prudence' of the British sailors is growing daily.

"As to danger from the air, Zeppelins are expected everywhere. London is kept at night in a semi-darkness in the fear that the city may be made the target for the enemy's airplanes."

### OREGON EDUCATORS MEET

#### Eugene Preparing for Entertainment of 1500 Visitors.

EUGENE, Or., Oct. 5.—(Special.)—Preparations are being made for the entertainment of 1500 Oregon school-teachers, superintendents, educators and parents of schoolchildren on December 21, 22 and 23, following a conference of a committee of the State Teachers' Association which met in Salem Saturday with E. J. Moore, Lane County Superintendent.

Educators of National fame will speak here. J. Percy Wells, of Jackson County, was appointed a committee of one to select at least two men of National repute to deliver six addresses at the three-day session. One of these may be David Starr Jordan, president of the National Education Association.

The University of Oregon will be dismissed for the week, and the campus with its dormitories and buildings will be thrown open to the delegates.

"I trust," he says in the letter, "that the portion of the fund which will be applied to the relief of civil distress may, as far as possible, flow into productive channels, such as assisting schemes for male and female employment and perhaps industrial training, for it is repugnant to me, as it must be to the recipients, that assistance should be distributed only in the form of doles."

### ALLEGED SWINDLER HELD

PROVIDENCE, R. I., Oct. 5.—Arthur C. Howard was arrested today by Post-office Inspectors Smith and Lincoln, of Philadelphia, on a charge of using the mails to defraud in connection with the affairs of the Storey Cotton Company of Philadelphia. He was arrested in 1905. Six members of the firm were arrested and sentenced. Another member of the firm, said to be Howard, escaped.

### CAUCUS DUE TODAY

#### Democrats Hope to Agree on Measure and Go Home Soon.

#### HOUSE RECESSES UNLIKELY

#### President Will Be Satisfied With Clayton, War Tax and Alaskan Bills—Fillbuster Demands Legislation for Cotton.

WASHINGTON, Oct. 5.—Hoping to settle party differences on the war revenue bill and to expedite disposition of remaining legislative business with a view to early adjournment, Democrats of the Senate have agreed on a caucus to be held tomorrow. Early in the day Administration leaders heard from the White House that the President was ready for adjournment as soon as the Clayton bill, the war tax and the Alaska coal leasing conference report were consummated. October 15 was the date suggested.

Democrats of the committee left the war tax bill today practically as it was agreed upon Saturday. Elimination of proposed taxes on life and casualty insurance, reduction of the gasoline tax from 2 cents to 1 cent a gallon, imposition of a 50-cent per horsepower tax on automobile sales and slight increases in the special tax on automobiles were the principal changes made in the House bill.

#### Many Amendments Hang Fire.

There are many other amendments, however, upon which the committee disagree. Among those to be considered in caucus is one to eliminate the tax on gasoline altogether, substituting a tax on automobile owners as well as automobile sales. Another would eliminate the proposed tax of \$2 a thousand on bank capital and surplus.

#### DRY ASSUMPTION ILLEGAL

Judges Must Have Proof of Prohibition, Rules Supreme Court.

SAN FRANCISCO, Oct. 5.—Courts may not judicially assume that a given town is "dry"; proof must be introduced to establish the facts in the case.

So ruled the State Supreme Court today on an appeal brought by Joseph Mueser, a member of the legislature, against Red Bluff, which is listed as a dry town, and who asked that an order denying him a new trial should be reversed.

The order was set aside.

#### WOMAN IN PORTLAND WINS HEALTH WITH WONDERFUL STOMACH REMEDY

#### Help the Stomach Digest Your Food

#### When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial write to Dr. W. B. "I trust," he says in the letter, "that the portion of the fund which will be applied to the relief of civil distress may, as far as possible, flow into productive channels, such as assisting schemes for male and female employment and perhaps industrial training, for it is repugnant to me, as it must be to the recipients, that assistance should be distributed only in the form of doles."
