FAKE ADVERTISING.
 The public is getting wise to the faker. If it's men's clothing you want, it must be all wool, cut right, well finished and up to date. How on earth can good clothes be sold for next to nothing? I give men extra values in suits, overcoats and raincoats at \$12.75 because I escape the high ground-floor rent and overhead expenses. Take the elevator to Jimmy Dunn, 315-17 Oregonian Bldg.—Adv.

In Fact Lucore Is Forced to Quit.
 because there are only a few pianos left to sell. Never in the history of Portland's piano-selling has there been so short a time. However, at the final wind-up, many Grand Pianos are being offered at less than the price of the same quality instruments. There are two beautiful Grand—1000 instrument—a one Chickering, the other a Knabe, and either one of them can be purchased for \$250. In fact, I heard the other day that that big fat man, Houseman, who is selling pianos at 383 Morrison street, for Lucore, offered one of them for \$500, or would take \$1000 for the two of them. That means that both pianos can now be had for the original price of one.

CAVE-IN MISSES 3

Workmen Barely Escape as Wall Roars on Them.

MAIN BLOWS OUT EARTH

Laborers at Excavation for New Meier & Frank Building Flee to Safety as Timbers Fall and Water Rushes In.

Three men narrowly escaped being buried alive when a 30-foot wall of earth and masonry caved in at the excavation for the new Meier & Frank building, taking the north half of Morrison street at Fifth in the avalanche. Yesterday, and streetcar service on Morrison street was suspended until repairs can be made.

The bursting of a water main started the cave-in, the water under pressure acting like a huge hydraulic gun. One hit by timber.

A. M. Gilman, John Armstrong and Matt Finland, all employees of the city water department, were working on the pipe beneath the street on the south side of the excavation. Gilman heard a hissing sound and felt water trickling through the earth from the direction of the water main. He called out to his fellow workers, who were working on the pipe, and they fled to safety.

The damage is estimated to be about \$7500. The water main which broke supplied the Postoffice and neighboring buildings and until the break can be repaired, these structures will be without water. A call was immediately dispatched and the water was shut off, but not until a miniature lake had been formed at a depth of from one to five feet.

Earth Slips Under Workmen.
 "I was lucky to escape at all," said Gilman yesterday. "The worst of the cave-in was just where I was working. A piece of timber fell and hit my foot. Soon dirt followed. I realized then that an avalanche was coming, so I tried to get to the surface. As fast as I tried to scupper up the bank the earth slipped down on me. I was walking as if I were on a treadmill. Finally I got far enough up so that I could escape."

The annual dahlia show will open Friday at noon in the Public Library, under the auspices of the Oregon Dahlia Society and will close at 10 p.m. the following night. The show will be held in the Public Library, under the auspices of the Oregon Dahlia Society and will close at 10 p.m. the following night.

CITY BARN CONTRACT LET

Parker & Banfield Will Do Work at Cost of \$38,975.

Upon recommendation of City Commissioner Daly the City Council yesterday awarded a contract to Parker & Banfield for the construction of the new city barn in Sixteenth and Jefferson streets. The bid of this company was \$38,975 for the general contract, exclusive of the heating and electric wiring. A contract was awarded to the Morrison Electric Company for the wiring, while bids for heating were rejected because the lowest bid did not conform with specifications. Bids for heating will be readjusted for as soon as possible.

Parker & Banfield were found to be the lowest bidders by several thousand dollars when all were tabulated. Work on the new barn is to be rushed.

NEWSPAPERS GET BIG MAIL SUBSIDY

Postal Deficit on Newspapers and Magazines \$75,000,000 Annually.

Congressman Lafferty Has Bill to Require Payment of Full Rate and Giving One Cent Letter Postage.

Telephone: Marshall 3071, A. 2386.
 H. DICKSON, C. P. & T. A.

A. W. LAFFERTY.
 Of the \$213,000,000 which we now appropriate annually for the postal department, \$55,000,000 goes to newspapers and magazines, and these newspapers and magazines pay for the service only \$14,000,000 a year, so they receive a subsidy of \$41,000,000 a year. This is twice as much as the Government appropriates yearly for improvement of rivers and harbors. The Saturday Evening Post alone gets a subsidy of \$4,000,000, which is twice as much as the State of Oregon gets for rivers and harbors. Six bills are pending in Congress to require newspapers and magazines to pay cost. One is Congressman Lafferty's. If such a bill passes, the American people will at once have the 1-cent letter postage. The postal department says so, and favors it. But a majority of Congressmen are afraid of the "great vote" for a man who serves you, regardless.

Do You Realize Where These Bills Lead?

First Step: \$1500 TAX EXEMPTION (326-327)

This excludes from taxation \$150,000,000 of property, BUT DOES NOT EXEMPT ANY LAND. Single Tax.

327—Vote No.

Second Step: SPECIFIC PERSONAL GRADUATED EXTRA TAX (336-337)

Adds an EXTRA tax on land. More Single Tax. 337—Vote No.

Third Step: DEPARTMENT OF INDUSTRY AND PUBLIC WORKS (352-353)

Puts another tax on property and fearful that we may not know what to do with the money, this "EASY JOB" bill invites to our domains the unemployed from California, Washington and Idaho, who have only to establish citizenship that they may loaf at the expense of our taxpayers at the rate of \$3.00 per day of eight hours.

353—Vote No.

Fourth Step: PROPORTIONAL REPRESENTATION (348-349)

Fearful that voters may decline to go to the "demolition bow-wow" in the wake of U'Ren, Wagon, et al., with these Single Tax Measures, they want to control the Legislature so as to get in their fine work at Salem.

349—Vote No.

Fifth Step: ABOLITION OF THE SENATE (350-351)

As the Senate might curb the desires of U'Ren and his followers, we must forthwith abolish it and turn over the state completely to him.

351—Vote No.
