

KLICKITAT FAIR ON

Exhibits Best and Crowds Greatest Known.

TRACK FAST; RACES GOOD

Big Attraction is Aircraft Flight by San Francisco Aviator—Wild West Stunts Pulled Off in Front of Grandstand.

GOLDENDALE, Or., Oct. 7.—(Special.)—With the sun shining brightly on a typical Klickitat Autumn day, the sixth annual fair, held under the auspices of the Klickitat County Fair Association, was opened at Goldendale today.

As a reward for their efforts in making the present fair compare favorably in every way with many of the fairs held in the larger towns of the Northwest, the management have the satisfaction of knowing that Goldendale is entertaining the largest throng tonight that has ever gathered here in the history of the town, and the seating capacity of the stands at the racetrack was overtaxed today.

Exhibits in all departments kept rolling into the grounds today until noon. Every bench and stall provided for the exhibition of swine, sheep, cattle and horses is filled with show stock of pure breeding. The poultry department is filled. The exhibits of agricultural products, needle work and the educational exhibit made by Klickitat school children are on a much larger scale than ever before.

The district exhibit made from Lyle for variety of products shown excels anything ever displayed here.

Biplane Flight Great

The main attraction today was the biplane flight, as it was the first opportunity that the people of Klickitat Valley have had to see an air craft in operation. Aviator Frank Bryant, of San Francisco, made a perfect flight with a biplane. Bryant made his start from the paddock in front of the grandstand, and gave the crowd, including 100 pretty Klickitat school teachers attending the Teachers' Institute, a thrilling spectacle as he soared out over the wheat belt of the valley and then circled back over the pines of the Simcoe Mountains, alighting at the starting point without a hitch.

The track was fast and the races close. Special events and Wild West stunts were pulled off in front of the grandstand between races. Ben C. Galt gave a fine hippodrome hurdle race exhibition.

W. W. Parish, of Maryhill, secured the first prize for the best carriage team shown on the track.

Rabbit Hayden, Jockey, on Victor Mobley's string in the relay race, was thrown and injured, but will be able to ride tomorrow. The relay race between John Spain's string and that of the Indian, Harvey Schuster, was won today by the Indian by a small margin. Race results:
