

POLICIES OUTLINED BY DR. WITHYCOMBE

Primary Law Indorsed, Economy Urged and Rural Development Advocated.

STATEMENT IS PLATFORM

Republican Candidate for Governor Declares Himself in Favor of Systematic Road Building and Law Enforcement.

In a statement issued at Medford Thursday, Dr. James Withycombe, Republican direct primary nominee for Governor, outlines the policies and ideals of state government to which he adheres as an aspirant for the office of chief executive.

Economy is Urged. Economy is given primary consideration in his statement of principles. He holds that the present burden of taxation is out of proportion to the taxable wealth of the state and urges the elimination of extravagance in all forms and a careful, efficient administration of state affairs as the remedy.

As the Republican direct primary nominee for Governor of Oregon, I wish to address to the people of this state a brief general outline of these ideals of state government which it is my ambition to put into effect and which I believe to be the best plan for the high office of Governor of Oregon.

At the outset I am going to name economy in the administration of state affairs. Not economy at the expense of efficiency, but economy as a part of efficiency. It is my firm belief that the present burden placed upon the taxpayers of Oregon is out of all proportion to the taxable wealth of the state.

Needs of Oregon Known. In this connection I believe I appreciate and understand fully the needs of Oregon. During the 43 years of my residence in Oregon there is no part of Oregon whose resources, industries and special needs I am not thoroughly in touch with.

Construction Cost a Factor. Of equal importance is the cost of constructing these roads, a cost which may grow out of proportion to the value of a specified road. There must be an equitable method of placing the cost of good roads, and above all there must be insisted upon a system of highway construction which will give a dollar's worth of road for every dollar expended.

Primary Law Supported. The direct primary law has my fullest sympathy and support. It has passed through its crucial stages and become a successful established fact. The direct primary law marks a big forward step in constructive legislation and there is no stronger evidence of its triumph in Oregon than is to be seen in the fact that the seven Republican candidates who contested with me for the Republican nomination for Governor at the direct primary election are now united in supporting me actively as their successful candidate.

Harmony Held Desirable. The relationship between the Chief Executive and the Legislature is a matter upon which I desire to bring attention. As the highest representative of the people's interests it is the duty of the Governor to stand between the people and the Legislature as the guardian of the people's interests.

LA GRANDE, Or., Oct. 9.—(Special.)—Effective November 7, all stores, pool and billiard halls and other places of amusement must observe the Sunday closing law, according to the terms of an ordinance adopted by the City Commissioners.

MERGER PLAN FAVORED

Consolidation of the governments of Multnomah County and the City of Portland will be recommended to the board of trustees of the Chamber of Commerce in the report Wednesday of the committee on city-county consolidation, which has been working on the matter for nearly six months. If the board of trustees adopts the report, the committee will formulate in

CITY TO START DUMPING

Following completion yesterday of all arrangements for the proposed garbage dump in Marquam gulch, City Commissioner Daly announced that dumping will start next week. Such refuse as will not burn easily will be hauled over Terwilliger Boulevard to a place about 1000 feet south of the south end of Sixth and there dumped into a chute leading to the bottom of the gulch. As soon as garbage is dumped it will be sprayed with carbolic acid and covered with dirt. Commissioner Daly says the process will not cause contamination or offensive odors and he believes it will cause no complaint from residents. The dumping process will be kept up until the gulch is filled. The operations are to start at a point in the gulch almost directly south of the

CONVICTS HONOR JAILER

Gift Is Sent to Wasco Official Who Twice Fails Escape. THE DALLES, Or., Oct. 9.—(Special.)—John Scott and C. Jones, Hood River County prisoners, who made two attempts to break out of the old Wasco County jail and were caught both times by Jailer Coleman, were sentenced at Hood River this week by Judge Bradshaw to serve from one to five years in the state penitentiary for burglary. The prisoners, when sentence was passed, complimented the jailer for his vigilance. They sent a present of a fine pocketknife to him today.

LA GRANDE Orders Sunday Closing.

LA GRANDE, Or., Oct. 9.—(Special.)—Effective November 7, all stores, pool and billiard halls and other places of amusement must observe the Sunday closing law, according to the terms of an ordinance adopted by the City Commissioners.

Clackamas Award Overlooked.

Clackamas County, in addition to winning the first prize of the state for the best county exhibit at the state fair, won an extra premium which was overlooked at first in the list of awards. The judges found that the \$75 clock, donated by the Oregon Electric Railway Company, for the best county display of grains and grasses, was won by Clackamas. There was some delay in reporting this award. Those directly in charge of the display were O. E. Freytag and R. M. Standish.

According to an English scientist the light of the sun exerts a pressure of 70,000 tons on the earth.
