Austrians Report Victory in Advance Toward Lemberg on River San.

PRZEMYSL SIEGE AT END

Teutons Declared Defeated South of Fortress—Germans Say They Win in Russian Poland—Warsaw Battle Won by Enemy.

LONDON, Oct. 15.—The following German official statement was received here tonight by the Marconi Wireless Company.

"It is reported officially from Vienna that our cavalry has entered the fortress of Przemysl, Galicia, from the west. The enemy, perplexed by the rapidity of our operations in Russian Poland and Galicia, tried in vain to prevent our relief of the fortress by detaching troops to the west. They were unable, however, to resist the advance of our army.

"The fifth and sixth Russian infantry divisions attacked by us have fled in the direction of the River San. A Cossack Cavalry Regiment, and an infantry brigade in a strong position west of Dvornik, Galicia, were defeated after a brief resistance. A dispatch to Petrograd dispatch to Rome says the Russians completely defeated the German-Austrian forces near Warsaw yesterday with heavy losses.

"A Cossack Cavalry Regiment and an infantry brigade in a strong position west of Dvornik, Galicia, were defeated after a brief resistance. A dispatch to Petrograd dispatch to Rome says the Russians completely defeated the German-Austrian forces near Warsaw yesterday with heavy losses.

"The Russian forces have defeated near Schirwindt (in East Prussia, 19 miles to the east of Gumbinnen) with a loss of 1500 prisoners and 20 cannon. German troops have repulsed the Russian south of Warsaw and hold Southern Poland and are repulsing attacks.

"The Russian forces are reported to be in fortified positions along the line of Stry, Sambor and Medyka, which are now being attacked by the Austrians. This line is supposed to keep in check the direct Austrian advance from Przemysl toward Lemberg."

1500 Prisoners Taken. Other advices given out here today say:

"Russian forces have been defeated near Schirwindt (in East Prussia, 19 miles to the east of Gumbinnen) with a loss of 1500 prisoners and 20 cannon. German troops have repulsed the Russian south of Warsaw and hold Southern Poland and are repulsing attacks.

"Emperor William, acting on a petition handed him by Cardinal Hartmann, of Cologne, has ordered that French and other prisoners among the prisoners in Germany, who entered the French ranks as common soldiers, shall be treated in Germany in the same manner as are French officers."

PETROGRAD, Russia, Oct. 15.—The Russian general staff issued the following statement today:

"There is no change to report on the East Prussian and Central Vistula fronts.

"South of Przemysl a Russian column engaged and defeated the Austrians, taking seven officers and 500 soldiers, and capturing many rapid-fire guns."

GERMAN "BARON" IS HELD Oregon City Pastor Suspicious of "Worker" for Red Cross.

OREGON CITY, Oct. 15.—(Special).—Several scores of German farmers living in the Macksburg, Needy and Mount Angel districts, are alleged to have previously swindled the Red Cross from \$1 to \$10 by a map claiming to be a titled German and giving his name as Baron Von Walberg.

Baron Von Walberg is said to have claimed to be a representative of the German division of the Red Cross Society. He reached Oregon City yesterday and called on Rev. W. R. Krueger for aid. The pastor said. The minister donated to the cause but his suspicions were aroused and he notified Sheriff Mass.

RESERVE BANKS OPEN SOON First Installment of Capital to Be Paid by November 2.

WASHINGTON, Oct. 15.—The Federal Reserve Board today announced tonight to hasten the opening of the 12 Federal Reserve banks by announcing its determination to call the first installment of subscriptions to the capital of these banks. The call will be issued at once and the payments will be due November 2.

The Board decided also that all 12 banks shall be opened simultaneously. No date has been set for the opening, but this probably will be determined after the conference with representatives of the banks to be held here early next week.

In view of today's action it was believed that the banks will be in operation by November 15.

BUILDING WARSHIP BURNED Arsenal Workmen Arrested When Austrian Vessel Is Destroyed.

LONDON, Oct. 15.—Fire in the government arsenal at Trieste, the principal seaport of Austria-Hungary, on the Adriatic Sea, has virtually destroyed an Austrian dreadnought under construction there, according to a Central News dispatch from Rome.

Six torpedo-boat destroyers also were damaged by the fire, which quickly enveloped the workshop. It is alleged that a quantity of woodwork in the arsenal was soaked with petrol. A number of workmen have been arrested. The arsenal is said to have been greatly damaged.

GERMAN GUNBOAT TO COAL AT HONOLULU

Japanese Liner, Due Today, Is Said to Be Under Convoy of Two Warships.

HONOLULU, T. H., Oct. 15.—The German gunboat Geier, from Tsing-Tau, China, arrived here today, with a complement of 100 men, 24 hours in advance of the Japanese liner Shinyo Maru, due here tomorrow, bound for San Francisco.

Beyond saying that they intended to coal ship officers of the Geier were silent. Inasmuch as this is the Geier's first appearance in an American port she is entitled to 24 hours' stay and as much coal as will take her to the nearest German port. Since all the German naval bases in the Pacific have been seized, this is equivalent to permission to fill her bunkers, but after coaling she must not revisit any American port for the next three months.

Geier Is Second to Call. This is the second German warship to coal here since the war began. The Nuremberg, which later wrecked the Fanning Island cable station, was the other.

With the Geier came the North German Lloyd merchantman Leckau, apparently acting as a collier. She began taking on coal immediately. The two vessels are 60 days out from Tsing-Tau. The Honolulu agents of the Toyo Kisen Kaisha (Japanese line) said the Shinyo Maru would make her regular stop here tomorrow, regardless of the presence of the Geier.

Japanese Convoy Assailed. Japanese newspapers printed extras asserting the Shinyo Maru was under convoy of two Japanese warships—the battle cruisers Kongo, which has an indicated horsepower of 70,000, capable of driving her 27,500 tons at 28 knots an hour, and the smaller Takuba, of 20,375 horsepower, capable of 26 knots. Both carry main batteries of 14-inch rifles.

Recalling the recent announcement of the Japanese admiralty that the trade lanes between America and the Orient would be kept amply policed, the Japanese newspapers intimate that the two cruisers may continue to San Francisco.

Refugees Quit France MANY SHIPS KEPT BUSY CROSSING TO ENGLAND.

Exodus Is On From Dunkirk and Calais—Heavy Firing Is Heard at Port.

POLESTONE, England, Oct. 15.—The cross-channel steamers which have been busy for days past transporting refugees from Ostend, which port is now closed owing to the approach of the Germans, are being employed now in bringing refugees from Dunkirk and Calais. These refugees are Belgians, who succeeded in getting to France from their own country and owing to the panic feeling in the French port are now just as anxious to come to England.

The Leopold II, one of the regular Ostend liners which here last night was warned not to enter Ostend and proceeded to Dunkirk, where she remained until today, when the vessel was ordered to leave.

Heavy firing could be heard at Dunkirk throughout the night, but it was said that the Germans were a long way from the town.

The Princess Henrietta, which left Ostend yesterday, with Belgian soldiers who were landed at Calais, also arrived here today, bringing refugees. Calais, they reported, is filling up with people from the surrounding country and from Belgium. A fleet of fishing boats has now arrived in the French port from coast ports. Three thousand Belgian wounded have arrived here. Some have not had their wounds dressed for six days.

LAFFERTY FIRST TO GO Oregon Member Starts Homeward When Salary Rule Is Relaxed.

OREGONIAN NEWS BUREAU, Washington, Oct. 15.—Representative Lafferty, on learning last night that the House intended to revoke its order docking members their full salary for every day they are absent, quietly packed his trunk and took the first train for Portland.

Mr. Lafferty was the first member to leave Washington when this plan was agreed on, as he was one of the first members to start for Washington when the House adopted the Underwood resolution last August.

During his stay in Washington Mr. Lafferty has devoted his time almost exclusively to preparing and sending out thousands of campaign speeches, all of which were franked.

50,000 Tent Stoves Ordered. MERCER, Pa., Oct. 15.—An order for 50,000 sheet metal tent stoves has been received by a local manufacturing concern from the British and French governments. Announcement to this effect was made today. Either oil or gasoline can be burned in the stoves. The order will keep the plant working day and night for several weeks.

TRADE LANE IS POLICED

Under International Law German Is Entitled to Full Supply of Fuel but Must Sail Within 24 Hours.

HONOLULU, T. H., Oct. 15.—The German gunboat Geier, from Tsing-Tau, China, arrived here today, with a complement of 100 men, 24 hours in advance of the Japanese liner Shinyo Maru, due here tomorrow, bound for San Francisco.

STRENGTH PROBE ASKED CONGRESSMAN SAYS COUNTRY TOTALLY UNPREPARED AND FACT IS KEPT FROM PUBLIC.

WASHINGTON, Oct. 15.—Declaring that the United States is totally unprepared for war, Representative Gardner, of Massachusetts, who has lately returned from the European front, today introduced a joint resolution in the House, calling for an inquiry into the preparedness of the Nation for defense or offensive hostilities.

"I have introduced this resolution to investigate the military status of the United States," said Mr. Gardner in a statement accompanying the resolution, "because I know that a public search will open the eyes of Americans to the fact that the United States is totally unprepared for a war, defensive or offensive, against a real power."

"The time has not yet come," Mr. Gardner asserted, "when the United States can afford to allow the martial spirit of her sons to be destroyed, and all the Carnegie millions in the world will not silence those of us who believe that bullets cannot be stopped with money, nor powder vanquished by platitude."

SIR LIONEL MAKES DENIAL Wilson Not Criticized, Says Briton, and Incident Likely Closed.

WASHINGTON, Oct. 15.—Sir Lionel Gordon has repudiated the interview attributed to him by the New York Times, in which he was said to have reflected severely on President Wilson's policy in regard to Mexico.

Reputation came to the State Department through Ambassador Page in London, who had inquired of the British Foreign Office as to the authenticity of the interview.

Sir Edward Grey, the British Foreign Minister, informed Mr. Page that while Sir Lionel had submitted to an interview before November 10, which was as he left the United States, he had not reflected in any way on the policy of President Wilson.

It was intimated at the State Department that this closed the incident.

HIGH SCHOOL GIRLS BARRED Pan-Hellenic Society Rules Young Members of Sororities.

NEW YORK, Oct. 15.—Every American high school student who belongs to a Greek letter sorority and does not have a college diploma will be barred from joining such sororities when she enters college, under a resolution adopted here today by the executive committee of the National Pan-Hellenic Society, representing 70,000 college sorority women. The congress will meet next year in San Francisco. J. H. Lawrence, Iowa, president, was in the chair today.

Delegates discussing high school sororities said that most high school girls are ineligible to be members of such secret organizations. Their conduct, leading to the formation of undesirable cliques, developed snobbishness in many instances. It was declared, and many of the girls became members against the wishes and without the knowledge of their parents.

WILSON DEMANDS ECONOMY Appropriations This Year Move President to Action.

WASHINGTON, Oct. 15.—President Wilson reiterated today his determination that Government appropriations next year shall be less than those of this year, and that strict economy be observed in all departments. He told callers that every effort would be made to keep the expenditures down.

President Wilson is hopeful of the establishment soon of a budget system, under which the finances of the Government could be handled in a more businesslike way. Because of the limited time in the next session of Congress, he thought it would be impossible to create such a system before the next Congress.

GERMAN PILLAGERS TRIED French Soldier Sentenced to Five Years' Labor for Disobedience.

PARIS, Oct. 15.—Four German prisoners convicted by court-martial of pillaging and house breaking have been given severe sentences. Two were ordered shot. A third was condemned to life imprisonment and a fourth was sentenced to 10 years in prison.

Louis Duthier, a French soldier belonging to the territorial infantry, was sentenced to five years' labor on public works for having refused to obey the command of his Lieutenant to wash his feet in a stream when all the others of his company did so after a march.

ZEPPELIN LET MAN DOWN (Continued From First Page.)

with which German Generals sacrifice life to attain objects, we can be sure that the loss of 50,000 men in transit would be considered a cheap price to pay for the landing of the remainder of the force in England."

The writer argues that Germany is well able to spare troops for the attempt and, although the odds are against its success, the adventure may be tried. He urges the government to announce promptly measures they propose to take and to instruct the public how to act in case of such an emergency. He also suggests appointment of a commander-in-chief, and warns the people against indulging in a false sense of security.

BAITLE IN MID-AIR INCIDENT AT FRONT

Briton on Monoplane Outmaneuvers and Defeats German Using Biplane.

LONDON, Oct. 15.—The official war bureau issued the narrative of an eye witness from the headquarters of the British army in France, supplementing the story of October 11 of the movements of the British and part of the French forces. The narrative is dated October 13. It follows, in part:

"From Friday, October 9, until Monday, October 12, so little occurred that a narrative of the events can be given in a few words. There has been the usual sporadic shelling of our trenches, which has resulted in but little harm, so well dug in are our men, and on the night of October 10 the Germans made a fresh assault, supported by artillery fire, against the position which has all along attracted most of their attention.

"The attempt was again a costly failure, towards which our guns were able to contribute with great effect.

Battle in Air Described. "Details have been received of an exciting encounter in mid-air. One of our aviators on a monoplane sighted a hostile machine, which turned out to be an Otto biplane, a type of machine which is not nearly as fast as ours. Our officer started a pursuit. He knew that owing to the position of the propeller the hostile machine could not be fired at when astern of his opponent. At 60 yards range he fired one rifle without apparent effect. Then, as he passed, he turned around and, again coming to about the same distance behind, emptied his magazine at the German.

"The latter began at once to descend, as if either he or his machine was hit, and, shutting off his engine and volleys to free his hands, the pursuer recharged his magazine. He fired at his descending opponent, who disappeared into a cloud bank with dramatic suddenness.

Airmen Attack Cavalry. "The French airmen, too, have been successful during the last three days, having dropped several bombs among German cavalry, causing considerable loss and having by similar means silenced a battery of field howitzers.

"The German anti-aircraft guns recently have been unusually active. From their rate of fire they seem to be nearly automatic, but so far they have not had much effect.

"A striking feature of our line is that it consists really of a series of trenches not all placed alongside each other, but some more advanced than others, and many other factors in different directions. At one place they run east and west long one side of a valley. At another almost north and south up some subsidiary valley.

"Although both sides have moved forward at certain points and withdrawn at others, no important change has been effected in their dispositions in spite of the enemy's repeated counter attacks."

COAST ARCHITECTS MEET Pacific Circuit Exhibit Favored by Seattle Convention.

SEATTLE, Wash., Oct. 15.—(Special).—Reports of committees and officials in the morning session, an automobile tour of the boulevard in the afternoon and a banquet at the Tacoma Hotel tonight occupied the delegates in attendance at the fourth annual convention of the Architectural League of the Pacific Coast, which began its meetings today.

Carl E. Gould, of Seattle, the league president, in his annual report suggested the appointment of a league manager to carry out proposed educational work and to create a circuit of exhibitions throughout the Pacific Coast cities.

A general discussion followed the reading of the report by more than 20 delegates present from Washington, California and Oregon. It was agreed that the circuit of exhibitions would be the public Ellis E. Lawrence, executive president, and Oliver P. LaFarge, of Seattle, welcomed the delegates at the opening of the morning session, which was held in the Arts Society room, Ballinger building.

SALOON HOURS SHORTENED Further Curb on Drinking Ordered in English Cities.

LONDON, Oct. 15.—The closing hour for restaurants, clubs and saloons, which had been fixed at the early stages of the war at 11 o'clock at night, will be made 10 o'clock beginning Monday next. At Woolwich and Greenwich the closing hour will be 7 P. M., and the suggestion has been made that saloons open at 10 o'clock in the morning instead of at 5 or 6 as at present.

The curtailment of the night hours apparently is due to the desire of the authorities to keep drinking at a minimum.

PROHI POLITICS BARRED Mare Island Workmen Ordered Not to Take Part in Campaign.

VALLEJO, Cal., Oct. 15.—Ruling of the Civil Service Commission reached Mare Island Navy-yard today prohibiting employees of the navy-yard from participating actively in any campaign for state-wide prohibition or the suppression of vice.

These employees recently received permission to participate in local politics pertaining to saloons and vice, but the commission has ruled that this permission does not extend to the state-wide campaign.

Taft Praises Neutral Attitude. PROVIDENCE, R. I., Oct. 15.—Praise for President Wilson for his neutral attitude in the present war was voiced today by President Taft and Andrew Carnegie at a luncheon of the Chamber of Commerce. "President Wilson has taken the right stand," Mr. Taft said, "and has expressed it with admirable accuracy."

KAISER TO ASK BILLIONS War Credit to Be Requested of Diet; All Parties Agreeable.

AMSTERDAM, Oct. 15.—The Telegraph publishes today the following dispatch from Berlin:

"The Prussian government will ask the Diet for a war credit of more than \$2,500,000,000.

"Government work on the railways and highways will be proposed to cope with the unemployment situation and to give relief to small communities. At a joint meeting of the party leaders it was decided unanimously to support the government's programme. The sitting of the Diet will partake of the character of a war session and will last only a few days."

GANG ATTACKS LONE GIRL Woman Who Reproves Assaultants Struck Down on New York Street.

NEW YORK, Oct. 5.—Sadie Pollack, 18 years old, living at 1347 Christopher street, Brownsville, was struck a blow in the face and knocked down one night recently when she told a gang of young loafers that they ought to be ashamed of themselves when they seized a young girl who was passing the corner of Christopher street and Sutter avenue.

The gang has made it a practice for a long time to stand at this corner, insult girls and young women who passed, and according to the residents of the neighborhood, the police have made no efforts to break up the practice.

Misa Pollack was so badly hurt last night that an ambulance was called from St. Mary's Hospital and Dr. Smith found the girl's face cut and bruised. Her screams had aroused the neighborhood, but when a policeman arrived the gang had disappeared.
