FOR BOYS

Youths' Overcoats at Exceptional Reductions

In Sizes From 8 to 18 Years

Made of serviceable fancy mixtures, herringbone and diagonals and tailored, we believe, noticeably better than the average boys' overcoats. But the style of the making is not all. The fabrics themselves are especially selected for their exclusiveness of design and the fine wearing qualities. In grays, tans and browns, also some blue chinchillas. Made with convertible collars, half or full belted styles.

TRAINING IS FORCED

Antipodes Making Soldiers Without Conscription.

BOYS BEGIN WHEN ONLY 12

Law Enforces Discipline by Punishing Cadets Who Evade Duty and Fining and Blacklisting Employers Who Object.

LONDON, Oct. 2.—(Correspondence of the Associated Press.)—The enforced military training system in Australia and New Zealand is too new to be put to a test in the contingents from the Antipodes sent to the present war, but it is talked of seriously here as a possible means to strengthen the British army and at the same time escape the conscription system of the Continent.

The Australian system does not take men away from productive labor, as does European conscription. It is more as if National Guard service were required of every able-bodied man in the United States, beginning with the public school military training. It aims only to provide trained men for emergencies instead of a seasoned and menacing force.

INTERIOR LIGHT DIMMED

Populace Refuses to Be Frightened by Zeppelin Menace, So Authorities Proceed to Enforce Stringent Regulations.

LONDON, Oct. 9.—(Correspondence of the Associated Press.)—The people of London refuse to be frightened by the menace of a Zeppelin raid. The police are having great trouble to compel them to obey the regulations for minimizing the lighting of buildings and streets. A third order was issued today which follows:

"All external private lighting not needed to secure the safety of traffic should be discontinued. "Some business and other establishments are still maintaining interior lighting of too great intensity, which illuminates the roadway. "The Commissioner of Police is advised that such lighting represents a source of danger to the particular neighborhood and the community at large, and it is necessary therefore that this source of danger be removed. "The police have been directed to take the action necessary to insure that orders restricting lighting are to be carried out both in letter and spirit. "The police have ordered the extinguishing of 12,000 high-power gas lights in one section of the town. Most of them were attached to shop fronts. A conference of the electric lighting companies was held to arrange measures for complying with police regulations. The disappearance of electric advertising devices from the main streets and squares has effected a noticeable change in the appearance of the city. The police have sent men to put up dark curtains in the upper stories of the few apartment-houses, and when the

WORK ON NOTES IS BEGUN

British Tramp Reported Sunk.

WASHINGTON, Oct. 16.—The following statement was issued by the French Embassy today: "An official telegram received this morning at the French Embassy says that there is no truth in the report from German sources that close to Rheims cathedral two French heavy batteries have been located and night signals from one tower of the cathedral have been observed. "It seems from the spreading of this report that it has come to the knowledge of the Germans that the destruction of the cathedral has been less thorough than they contemplated and that they mean to perfect their work, placing, as usual, the blame on the sufferers."

WASHINGTON, Oct. 16.—Orders were given today by Controller Williams, of the Treasury Department, to begin engraving work on \$250,000,000 Federal reserve notes for the use of the 12 Federal Reserve Banks. Deliveries of the notes will begin between November 1 and 15. They will be in \$5, \$10, \$20, \$50 and \$100 denominations. The designs on the backs of the notes were chosen several weeks ago. The Federal Reserve Board announced tonight that members of the committee which prepared a report regarding methods to be adopted in organization of the system had been invited to a conference with representatives of the banks, to be held here next week.

RESINOL STOPS ITCHING INSTANTLY

Heals Eruptions and Clears Pimples, Blotchy Complexions.

It is a fact that when Resinol Ointment touches itching skins, the itching stops instantly and healing begins. With the aid of Resinol soap, it almost always clears away every trace of eczema, ringworm, pimples, or other tormenting, unsightly eruption quickly, leaving the skin clear and healthy. Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for nineteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment and Resinol Soap, but for free samples write to Dept. 42-R, Resinol, Baltimore, Md.—Adv.
