EAT MUSH for what's in it not for what's out of it A President of the United States in giving advice on the subject of reading books, said: "It isn't the harm that you'll find in trashy books. It is what you will not find in them." And so it is with breakfast Mush. Mush made of Roman Meal is nature's food for youth, maturity and old age—containing whole wheat, rye and deodorized flax, with all their native strength elements left in, not exhausted by over-refining.

Roman Meal Mush is a fine palatable dish without the "trimmings." Its natural nutty flavor makes a superior appeal to the palate. You can serve Roman Meal Mush with cream to which you need add only a comparatively small amount of sugar. Some prefer it without sugar. Others find it extremely delicious by allowing a small piece of butter to melt in the mush when served. Roman Meal, pound for pound, has a greater food value than meats. Roman Meal comes in a full 3 lb. package and costs 8 1/2c per pound. Roman Meal makes a Most Palatable Breakfast Mush—Digestible and Nutty-flavored Hotcakes—Delightful Cookies, Muffins, Gingerbread and Puddings—Also Fruitrocks, the semi-confection for the growing child. More than that—Roman Meal BANISHES CONSTIPATION—IMPROVES DIGESTION by supplying the necessary bulk to promote the natural muscular movements of the bowels, the deodorized flax supplying a natural lubricant. Your own doctor will know about Roman Meal; ask him. The most persistent and stubborn cases of constipation are positively regulated by the use of Roman Meal. Recipes on every package. The price is 25c for a full 3 lb. package. You will never be without it after a single trial. AT ALL GROCERS Insist on your grocer supplying you with Roman Meal Bread Baked exclusively by the Log Cabin Baking Co.
