

COOK ADDS DASH OF ADVICE TO LESSONS

"Brains Better Than Dollars" in Buying Food, Mrs. Vaughn Tells Housewives.

1700 WOMEN HEAR EXPERT

Famous Connoisseur of Cuisine in Address and Demonstrations at Eleventh-Street Theater Wins Hearers by Wit.

"FOODS," MRS. VAUGHN'S TOPIC THIS AFTERNOON. The menu to be prepared will include: Baked chicken, Cabbage bon femme, Dixie biscuit, Angel parfait, bride cake.

Mrs. Vaughn likes the Portland women and the Portland women like Mrs. Vaughn. Evidence of this fact was seen yesterday afternoon at the Eleventh-street Theater, where 1700 women assembled to hear the second talk on domestic science, under the auspices of The Oregonian, and see the practical demonstrations made by Mrs. Vaughn and her assistant on the stage of the play-house, "Economy" was the topic of the day.

"In buying foods," said Mrs. Vaughn, "brains count more than dollars. Most of the domestic and financial troubles in families are caused by women not regarding housekeeping as a business. Cuisine and Temperance Linked.

"The women of this state, I understand, are working for temperance and I fear that many are overlooking the kitchen as the cause of much of the intemperance. If the child is given highly-seasoned food when he is young, he gradually grows to manhood with his craving increases. He gets more and more of the condiments and spices, his stomach is injured and he adds to the trouble alcoholic drinks. On the other hand, foods not properly seasoned cause intemperance. If a man is served a tasteless dinner, he goes downtown and takes a drink to cheer him up and make him forget the dinner. There is a happy plane of 'just right' and all women may be successful cooks if they put their minds on the work. Don't trust to luck. Know the right way and do it. It's lots easier than the hit-and-miss.

Budget Plan Advocated. Mrs. Vaughn told how to buy on the budget plan and how to get the best and most nutritious food at the least expense.

"But," she added, "don't be like the woman who couldn't afford to feed any meat or eggs to her children and then went downtown and bought an expensive hat." When the time came to start making cake, salad and other good things nearly every woman in the audience took out a notebook and pencil and Mrs. Vaughn measured and mixed right before them. Her mixture was so good that she sprinkled into her mixtures just enough philosophy and just enough wit to make their success inevitable.

Not to make the women was wasted. There was no unnecessary trotting about. It all looked so simple that it seemed to inspire all the women present to go and do likewise. When the cake was in the oven and the salad of fruits and the special "Apple day" salad were prepared, more helpful hints and gems of advice were served by the famous cook.

Housekeeping Termed Art. "I haven't much sympathy for many of the girls who work in department stores," said Mrs. Vaughn. "I mean the girls who are standing behind the counters just to be able to earn money for fancy clothes. When their fathers have a good income they should attend to their home and help their mothers and learn to be ideal women and homemakers. Housekeeping is an art. When the question came, "How many of you would like me to give just the cooking demonstration and omit the address?" not a single hand was raised. The talks had taken the hearts and the minds of the women by storm. There is a grip in the homely truths that Mrs. Vaughn mingled with her scientific and practical advice about cooking and home-making.

In her cookery lesson this afternoon Mrs. Vaughn will use the freest cooking and demonstrate its many useful points. She is going to show how to bake a chicken in it, and also will freeze a dessert in the same cooker at the same time. She will make a cabbage salad, bake biscuit and show how to make bride cake. She also will make beautifully decorated cakes which she will give away to her audience at the close of the session this afternoon.

WATCHMAKER BOUND OVER Ex-Wife's Charge Leads to Discovery of Stolen Goods.

Alexander Wullemier, a Swiss watchmaker, was bound over to the grand jury yesterday by Municipal Judge Stevenson on a charge of larceny. According to the reports of Detectives Craddock and Smith, Wullemier was arrested on complaint of his ex-wife, Mrs. Lena Wullemier, of Oswego, who accused him of stealing a watch owned by her.

The detectives assert they found a quantity of watches which were stolen in the \$1000 robbery of Roy & Molin's jewelry store last Spring. Wullemier was bound over to the grand jury on a complaint sworn out by E. Roy, of Roy & Molin, and the complaint issued at the request of Wullemier's former wife when Circuit Judge Gustav Anderson sustained a demurrer against the injunction, will argue the case on appeal at Pendleton and Frank T. Gollier, attorney for Governor West, will appear again for the Executive. A repetition of the "fireworks" which marked the first argument is promised before the highest tribunal.

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyneth's Sage and Sulphur Compound" which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyneth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

The ballots, in the form provided by City Attorney LaRoche, will be kept in the corridors of the City Hall for general distribution.

E. E. Smith and W. M. Immediate Decision Expected. It is thought the Supreme Court will render a decision today or tomorrow. Mr. Smith, who is aspiring to the position held by Mayor Albee, says the ballot form is not correct because it

E. E. Smith Asks Supreme Court to Eliminate Question "Shall H. R. Albee Be Recalled?" and Make Vote Only on Aspirants.

Disregarding officially the fact that Eugene E. Smith, one of the two recall candidates for Mayor against Mayor Albee, has taken action before the State Supreme Court to mandamus City Auditor Barbur to change the form of the recall ballot, City Auditor Barbur yesterday issued sample ballots for distribution. The ballots, in the form provided by City Attorney LaRoche, will be kept in the corridors of the City Hall for general distribution.

E. E. Smith and W. M. Davis, an attorney of Portland, appeared before the Supreme Court yesterday and presented petition for mandamus to require a change in the ballot form eliminating the question, "Shall H. R. Albee be recalled from the position of Mayor?" City Attorney LaRoche appeared representing City Auditor Barbur and supporting the contention that the ballot form as printed is correct.

Immediate Decision Expected. It is thought the Supreme Court will render a decision today or tomorrow. Mr. Smith, who is aspiring to the position held by Mayor Albee, says the ballot form is not correct because it

provides for a vote on the question, "Shall H. R. Albee be recalled from the position of Mayor?" He contends that this should be eliminated and the voters should vote only on the candidates in the election.

City Attorney LaRoche contends that the provisions of the state constitutional recall amendment have been followed by him in his preparation of the ballot form. He contends that the voters must be called upon to vote upon the question of recalling the officer. He says the mere filing of recall petitions does not recall the official. To place the names of all the candidates together and have the voters vote for them without regard to the question of whether the incumbents shall be recalled would in effect mean that the filing of recall petitions resulted in the recall of the officials.

Mr. Smith Charges Scheme. "All in all, it appeals to me as a part of the general scheme of big business and hostile minds to make ridiculous and inoperative the recall law and the Oregon system in general," said Mr. Smith yesterday. "Out of a possible 100 votes we will suppose 65 vote 'yes' to recall Mr. Albee and 45 vote 'no.' According to Mr. La Roche, the Mayor is then recalled and though recalled, Mr. La Roche would have the election judges proceed again to count Mr. Albee's votes on another part of the ballot. Also he permits of the counting of those votes cast for Mr. Kennedy and myself.

"After this count we will presume the following results are found by the

Judges: Mr. Albee received 45 first-choice votes, Mr. Kennedy received 30 first-choice votes, while I receive 25 first-choice votes. There is plainly no election.

"On the canvassing of second-choice votes the judges find Mr. Albee received 35, Mr. Kennedy received 25 and I received 30, making a total of 75 votes for Mr. Albee, 65 votes for Mr. Kennedy and 55 votes for myself.

"In the first instance a majority of voters have recalled Mr. Albee and this disqualified him from holding his present office for the remainder of this term, and in the second instance he is re-elected by a plurality vote against the wishes of the majority. Besides the foregoing, Mr. LaRoche's opinion and the consequent ballot makes for confusion and misunderstanding on the part of the voter."
