

BUDGET FUNDS FOR POLICE BUREAU CUT

Council Lops \$158,000 From Estimates of Proposed Expenditures for 1915.

REDUCTION SETS RECORD

Item of \$100,000 for Three New Sub-Stations Biggest One Eliminated and Next Is \$49,500 for 50 New Policemen.

Table with 2 columns: Item, Amount. Includes 'Three proposed sub-stations', 'Salaries of 50 proposed additional policemen', etc.

By trimming the estimates of proposed expenditures for the police bureau for 1915 a total of more than \$158,000, the City Commission, sitting in the capacity of budget committee, established a record yesterday.

The biggest item eliminated was \$100,000 for three proposed sub-station stations. This item has bobbed up in each budget during the last three years and each time it has been lopped off, although it has been admitted that sub-stations are greatly needed.

Need of Cutting Expense Cause. The reason yesterday was based upon the need of holding down the expenses during 1915.

In handling the subject of salaries the Council in its session yesterday took the same as the fire bureau. An arbitrary stand was taken on the policy of refusing increases to persons receiving \$100 a month or more.

Forty-one Receive Increases. Of the patrolmen 41 received increases aggregating \$1230 for the year, 13 others will share in \$690 for the year and 17 others will share in \$1950 allowed. All these men are receiving less than \$100 a month.

In lieu of the elimination of the appropriation for 50 additional policemen, the committee allowed \$2700 for three telephone operators to take the places of policemen handling the telephone exchange, and \$3600 was allowed for four chauffeurs to take the place of policemen. This was virtually the same as giving the bureau seven additional policemen.

An appropriation of \$25,000 was allowed for the completion of the first unit of the detention home for women. There was \$15,000 appropriated for this last year and there is an unexpended balance of about \$7000. This means that only \$18,000 of the \$25,000 appropriated will have to be raised by taxation next year, the additional \$7000 being carried over from this year's appropriation.

JUDGE TO BE BIG BROTHER

Mr. McGinn Will Visit Prisoners and Give Unfortunate Chance. Declaring his belief in the big brother system of aiding the unfortunate, Judge McGinn, who has criminal cases in the Circuit Court for the coming two months, will make a visit to inmates of the county jail late this week and interest himself in their condition.

EXHIBITORS ARE BUSY

MORE THAN 50 AT WORK PREPARING FOR LAND SHOW. Decorating Armory and Two Temporary Exhibition Structures Is Commenced as Opening Day Draws Near. Less than a week before the opening of the Manufacturers' and Land Products Show, the work of booth-building is progressing rapidly, and yesterday afternoon more than 50 exhibitors were at work at the Armory. The work of decorating the Armory and the two temporary exhibition structures was begun last night. General Manager Buckley said yesterday that exhibitors were being urged to assemble their displays as rapidly as possible. The free theater at the land show will be used both afternoon and evening. It will seat more than 500 persons.

The land show arranged for a heating system to take care of the two annexes on Couch and Eleventh streets. The opening night ceremonies will be under the auspices of the committee on special events, of which F. W. Hild is chairman. Judge W. W. Cotton will be chairman of the night, and the Rev. William E. Valley, William Colvig and Mark Woodruff telegraphed yesterday from Silverton that the meeting with the high school students at Woodruff's was largely successful, and that the Gem Theater at Silverton was packed to hear the message of the coming land show.

At each place visited by the boosters committees are being named to work in the interest of Willamette Valley day at the land show, which was set for October 29.

FATHER OF BILL TO TALK

Charles W. Barzee to Oppose George C. Mason at Luncheon Tomorrow. Charles W. Barzee, father of the amendment on the election ballot which proposes to establish a department of industry and public works, will speak tomorrow in favor of the measure before the Progressive Business Men's Club at their luncheon at the Multnomah Hotel, and George C. Mason, manager of the Non-Partisan League, will talk against it.

In the judgment of the club's legislative committee this initiative measure is one of the most important to be voted upon at the coming election, because it has to do with the problem of the unemployed, a subject closely touching every business man. N. J. Sykes, of the K. Spaulding Logging Company, will be chairman of the day.

TREE PICTURE CONTEST ON

Prizes of \$100 Each Are Offered for Two Photographs. Prizes of \$100 each will be paid for two photographs, one of the largest tree in a nut-bearing species in the United States, and the other of the largest broadleaf tree, which does not bear edible seeds, according to a measure receding yesterday by District Forester Cecil. The American Genetic Association, at Washington, D. C., has offered the prizes.

The object of the competition is to find out in what region the native trees attain the largest growth, and under what conditions they thrive best. The contest will close on July 1, 1915.

MINNESOTA DRY IS HERE

Victory of Charles H. Randall for Congress in South Predicted. W. G. Calderwood, of Minnesota, prohibition candidate for Governor in that state, has arrived in the city en route for home from California, where he has been managing the campaign of Charles H. Randall, candidate for Congress from the Ninth District.

COOS FIRST AT EXHIBIT

Display for Oregon Building at San Francisco Is on Way. Coos County has sent to San Francisco the first exhibit for installation in the Oregon building at the Panama-Pacific Exposition. It was shipped Monday on the steamer Nan Smith, and consisted of 25 boxes of fruits, vegetables, grains and grasses. A 200-box exhibit from Salem is preparing and will be shipped in a few days to San Francisco for storage.

STEEL TARIFFS CUT

Another Reduction Is Made on Via Canal Shipments. CAUSE FOR MOVE UNKNOWN. Belief Expressed, However, That Independent Vessels From the Coast Now in Atlantic May Have Brought Competition.

Portland firms concerned in the steel trade were recipients of most welcome news yesterday from agencies of steamship lines operating from the East Coast through the Canal, that the tariff had been cut 5 cents on each 100 pounds, which is in addition to reductions made when the Canal was first used. The reason for the drop is not known, but it is supposed that some of the independent vessels operated from this coast have reached New York and are seeking return cargoes, hence keen competition.

W. R. Grace & Company and the American-Hawaiian lines telegraphed Portland representatives that the changes become effective immediately and it is believed that shipping will be stimulated materially. The rate on cast iron pipe dropped from 35 to 30 cents and a new rate was established on structural steel, unfabricated, of 30 cents on lengths from 40 to 60 feet. Band iron, shingle bands, bar iron, blooms and billets, hoop iron, and such stock was lowered from 20 to 25 cents and in the way of structural material plates, angles, beams, tees, channels and zees, not to exceed 40 feet in length, were reduced from 30 to 25 cents. On nails, horseshoe spikes and spikes it dropped to 25 cents and it was specified that on standard-sized kegs of nails the rate would be 25 cents a keg. Plain iron and hardware wire now take the 25-cent tariff also.

The business routed to Portland is such that few shipments are made in less than 100-ton lots and often one firm will receive several hundred tons. Until Sudden & Christensen, the Dodge Steamship Company and others began running steamers from this coast through the Canal with lumber and California products bulky cargo moved on vessels of the American-Hawaiian line, W. R. Grace & Company's line and the Luckenbach line, with the Boston-Pacific steamers Atlantic and Pacific bringing some out, but they are on their maiden voyages.

The introduction of independent vessels in the trade is expected to have more effect on westbound rates, as it has on tariffs between Oregon, Washington and California and ports on the East Coast. The Sudden & Christensen interests announce that they will extend their service to include ports in the Gulf of Mexico after November 10, and already shippers are reaching Boston and Philadelphia, in addition to New York, with occasional trips to Charleston.

BAKER DIRECTOR TAXED

TWO PRODUCTIONS THIS WEEK KEEP T. C. COOKE HUSTLING. "Bought and Paid For" Is Morning Care, While "Mother" Demands Time and Performances Wait.

These are busy days and nights for Manager George L. Baker's director, Thomas Coffin Cooke. In his earnest endeavor to obey orders he is doing what has been considered impossible, being in two places at the same time. In addition to his directing the production of Broadway's play, "Bought and Paid For," which opens at the Baker next Sunday, he also is directing that of "Mother," which opens the same day at the Eleventh-street playhouse.

Two companies are rehearsing and demarcation line between the respective nations. The line of demarcation stretches over rugged mountain crags, summit, stream and torrent for approximately a thousand miles. A party of 30 men have been engaged all summer in completing the survey.

ALASKA BOUNDARY MARKED

Demarcation Line Completed by Canadian-American Joint Efforts. VANCOUVER, B. C., Oct. 20.—The task of delimiting the international boundary line between the "panhandle" portion of Alaska and the Yukon Territory, which was started in 1904, has been finished, and Noel J. Ogilvy, who has had charge of the work for the Canadian government since 1909, has returned to Vancouver. He will leave for Ottawa to prepare his maps and reports after a short stop in this city. The delimitation has been done jointly by the Canadian and the United States governments. The latter finished its portion of the work last summer. Monuments made of metal and imbedded in concrete have been placed at intervals along the border. In wooded country a path 20 feet wide has been cleared to mark the division between the territories of the respective nations.

CANDIDATES ARE INDORSED

Yakima Bar Association Refuses to Censure Two Attorneys. NORTH YAKIMA, Wash., Oct. 20.—(Special.)—The Yakima County Bar Association last night adopted a motion indorsing Supreme Court judges Chadwick and Crow for re-election, and Superior Judge Holcomb, of Ritzville, as the third candidate for the vacancy on the Supreme bench to be filled at the November 2 election.

The association heard the report of an investigating committee of the bar censuring Attorneys David E. Barry, of this city, and F. E. Gordon, of Zillah, in connection with slander suits of Rev. Alfred Taxis, of Zillah, against two

Thomas Coffin Cooke, Who Is Directing Baker's Rehearsals Under Difficulties.

two crews of stage carpenters, property men and scenic artists in two different theaters are working at the same time under Mr. Cooke. Director Cooke's daily programme reads something like this: 7:30 A. M. rise; 7:30 till 7:45, breakfast; 8 o'clock, rehearsal of "Bought and Paid For"; 11 till 1, sessions with mechanics, scenic artists, interrupted by a short luncheon, sometimes 1 o'clock, rehearsal of "Mother"; 3 till 5, details on both attractions and advance work in connection with the play.

DULL, SPLITTING, SICK HEADACHE

Dr. James' Headache Powders Relieve at Once—10 Cents a Package. You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and pain fades away. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug-store and get a dime package now. Quit suffering—it's needless. Be sure you get Dr. James' Headache Powders—then there will be no disappointment.—Adv.

Residents of that place several months ago. A motion to approve the finding of the committee was defeated, but a motion to expunge the report from the records of the association was lost on a standing vote.

ST. JOHNS' PROTEST FILED

Re-Routing Cars Opposed on Ground It Will Increase Time. ST. JOHNS, Or., Oct. 20.—(Special.)—Resolutions adopted by the St. Johns Commercial Club at its last meeting, together with several remonstrances, have been filed with the Portland Railway, Light & Power Company against the re-routing of the St. Johns cars on Second street instead of Fifth street, in Portland, as at present. Secretary Hiller said this morning that the company had acknowledged the receipt of the remonstrances, but no action has been taken. Objections to the re-routing of the St. Johns cars are that it would increase the running time of the cars from 6 to 10 minutes. Second-street business men in Portland have asked the company to route the St. Johns cars on that street.

GOVERNOR CANCELS SPEAKING DATES

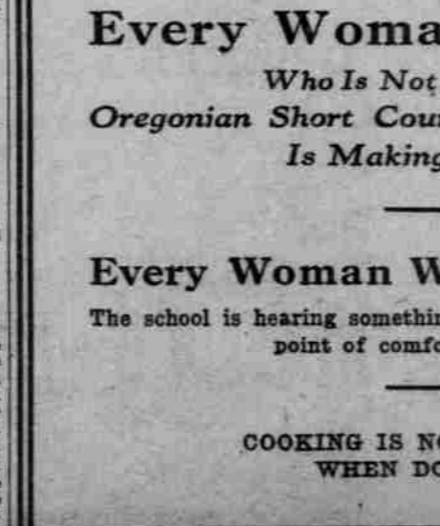

ROSEBURG, Or., Oct. 20.—(Special.)—Governor West, of Salem, spent Sunday in Roseburg inspecting the Oregon Soldiers' Home. While here he canceled his speaking dates in Douglas County and left for his home late Sunday night.

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair. For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it: To 7 oz. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/2 oz. of glycerine. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky nor greasy, does not rub off and does not color the scalp. You can prepare it at home at very little expense.—Adv.

BETTER FOODS - BETTER HOMES

Every Woman in Portland Who Is Not Attending the Oregonian Short Course in Home Economics Is Making a Mistake. Every Woman Who Is Attending The school is hearing something to her interest from a standpoint of comfort and economy. COOKING IS NOT A DRUDGERY WHEN DONE RIGHT.

FREE RELIEF FOR COLDS

KONDON'S Original and Genuine CATARRHAL JELLY. Standard remedy for 25 years. 10,000,000 tubes have been sold. Applied inside nostrils, it brings quick relief. Completely heals inflamed nasal passages. Get a 25c or 50c tube from your druggist. 35,000 druggists sell it and guarantee it. Money back if it fails. Refuse substitutes. They are dangerous. KONDON MFG. CO., Minneapolis, Minn.

CENTRAL LABOR COUNCIL ENDORSES DENTISTRY BILL

To the Officers and Members of the Central Labor Council of Portland and Vicinity. Ladies and Gentlemen: Your Legislative Committee, to which was referred the matter of the proposed initiative measures for the November election, beg leave to report as follows: 340-341—Initiative measure. The Parker dental bill, so-called. 340 X Yes. 341 No. We recommend that you vote YES.
