ALBANY, Or., Oct. 21.—(Special.)—
More than 50 Albany women have enrolled in the women's gymnasium class
at the Young Women's Christian Assoclation, and the recently organized
class is growing rapidly. This is the
first time a women's class has been
formed in the local gymnasium and
local women have taken up the work so
enthusiastically that it is probable several classes will be organized.

The demand was strong and farmers, as pean account, but millers also bought freely.

Oriental inquiry for red wheat continues, and flour business with the Far East has also been marked. English cables reported the sale of a cargo of wheat at an advance over the price realized Tuesday.

Wheat Very Strong and Higher at Chicago.

FARMERS SELLING FREELY

World's Available Supply Total Increase Is Less Than Year Ago. Supplies Afloat for Europe Have Also Fallen Off.

CHICAGO Oct. 21.—Huge export sales at rising prices gave the wheat market an appearance of great strength. The finish, although somewhat unsettled, ranged from 1% to 1% cants net higher. Corn closed 1%c up, and oats with a gain of 1 and 1%cents. In provisions the outcome was 2% to 5@7% cents decline.

Estimates were current that 50 per cent of the farm surplus of wheat in the leading states, exclusive of North Dakota, had already been sent to market. Partly as a result of this showing, cash wheat today was relatively stronger than futures, there being a reduction of 1 cent in the discount as compared with recent figures. The oulls were also assisted by the fact that the world's available supply total did not show as large an increase as at the corresponding time a year ago, and that supplies affoat for Europe had fallen off to a notable extent.

Disappointment at busking returns had

considerable to do with the advance in the own market.
Unabated demand from the seaboard put backbone into quotations for oats.
Provisions averaged lower, influenced mainly by a break in the hog market.
The leading futures ranged as follows: WHEAT.
