

RISE OF RUSSIA FEARED AS HAMMER OF SWEDEN

Famous Swedish Prima Donna Inclines Toward Germany as Protector of Her Native Land.

MADAME JULIA CLAUSEN.

BY JOSEPH M. QUENTIN. A PART from her domesticity—for Madame Julia Clausen, the eminent Swedish mezzo contralto, is a happy and contented wife and mother in private life—is the spirit of war incarnate.

Madame Clausen is a Swedish Joan of Arc and Boadicea. Her favorite figure in history is Gustavus Adolphus, the Swedish King who about the year 1632 was known as "the Lion of the North" in his numerous military operations against Russia and other nations.

It is fitting, therefore, that Madame Clausen's husband is not a man of peaceful pursuits. He is Captain Theodor Clausen, a reserve officer of the Swedish navy, who has been granted one year's leave of absence by the King of Sweden, to accompany his wife on her American concert tour.

TRAIN TIMES CHANGED

OREGON ELECTRIC ANNOUNCES NEW UP-VALLEY SCHEDULE.

Service Between Salem and Portland Affected Particularly by Withdrawal of Few Cars.

Readjustment of train schedules is announced to take effect on the Oregon Electric Sunday. The changes affect service between Salem and Portland. The new arrangement reduces service especially where trains have been operating so closely together at intermediate points as to amount practically to duplication.

The 4:30 limited from Portland to Eugene will, under the new schedule, leave 10 minutes earlier and will be five minutes later at Salem and points south. This train will make local stops between Tualatin and Albany.

Train 3, leaving at 6:40 A. M., and train 11, at 3:50 P. M., are discontinued, but their service is merged in other trains. Train 1, the first local train for Salem in the morning, will leave at 6:45 A. M. instead of 6:50, reaching Salem 8:55 and leaving Salem at 9:05, arriving at Eugene at 11:30.

Train 2, leaving at 6:20 A. M., will operate daily excepting Sunday, as far as Tualatin.

Train 17, leaving at 6:35 P. M., will leave five minutes earlier and will terminate at Salem instead of Albany. This train will make local stops at Garden Home.

The two trains now leaving Salem at 6:30 and 8 A. M. are merged into one train, leaving Salem at 7:15 A. M. and arriving at Portland at 9:30, in time for connections for Puget Sound and Eastern points. A new local train will run between Woodburn and Salem.

On the Forest Grove division trains 45 and 46 will run only on Saturdays and No. 46 will arrive at Garden Home and Portland five minutes earlier.

DR. PARKER CHALLENGES

DENTIST OFFERS \$10,000 FOR PROOF OF FAILURE AT TEST.

Examiners Told to Show He Did Not Pass and Money Will Be Given to Aid Portland Idle.

"Fainless" Parker, author of the dental bill which will be on the ballot at the forthcoming election, yesterday posted a challenge to the Oregon State Board of Dental Examiners, asserting that if public proof is made before November 2 that he had failed to pass the examination conducted by the board and is not qualified to practice dentistry in the state, he would pay into the fund the sum of \$10,000 for the relief of the unemployed in Portland this winter.

The text of Dr. Parker's challenge is as follows: "I will pay the sum of \$10,000 into the fund for helping the unemployed of Portland this winter if the Oregon State Board of Dental Examiners, or

present war in Europe and may remain so. In politics Sweden is against Russia and favors Germany. Russia is fighting for an ice-free harbor open all the year, and has a covetous eye on harbors in Norway, just across the sea from England. If so, Sweden will have something to say about this. In the time of our Gustavus Adolphus—

"Yes," broke in her husband, "I am surprised to see Britain join her present allies. Britain should be with Germany. The British naturally belong to the Teutonic group. If Russia and her allies win, Britain will be compelled eventually to join Germany against Russia, for the sake of self-preservation."

"What about the Swedish navy?" Captain Clausen stiffened and stood at attention. "The Swedish navy," he said softly, but with a battle-gleam in his eyes, "has eight submarines, 80 torpedo-boats and torpedo-boat destroyers, which latter have a speed of 34 knots; 12 small battleships, 10 high-power torpedo-boat cruisers and 20 monitors. The Swedish army is mobilized and has a strength of 600,000 men."

Julia Clausen then talked peacefully about music, voice placing, the insistence of daily vocal exercises, the restful charm of concert work as contrasted with that of grand opera, etc. Clausen sings at the Apollo Club concert at the Heilig tomorrow night.

any member of the same, or any other member of the dental trust will, before election day, November 3, 1914, produce in public my examination papers and prove by my examination before said board that I did not pass said examination and am not qualified to hold a license under the law or entitled to a license to practice dentistry in the State of Oregon.

"The State Dental Board has refused to let me see my own examination papers. I have a law suit now pending to compel this board to produce these papers in court, but the board has succeeded in delaying the case until after election day."

"If I did not pass the examination, why keep my papers away from the public? They say I did not pass the exam, or decline. This is the first time that these candidates will have been brought together at the same festive board."

The dental meeting yesterday was in the nature of a debate between C. W. Barzee, father of the bill which would establish a department of industry and public works in Oregon, to aid the unemployed of the state, and George C. Mason, manager of the Non-Partisan League. No decision was given though three minutes' rebuttal was allowed Mr. Barzee, who said he spoke as a business man to business men and not as a Socialist.

GLEETON CASE ARGUED

HEARD BY SUPREME COURT.

Suit Is to Decide Status of Commissioner Holman and of Jurist Raised From One Bench to Another.

SALEM, Or., Oct. 22.—(Special.)—After listening to arguments today by counsel in quo warranto proceedings instituted in the Supreme Court by District Attorney Evans, of Multnomah County, to settle all the involved legal problems which have arisen because of a recent decision of the court pronouncing unconstitutional an act creating an additional Circuit Judgeship in Multnomah County and merging the County Court with it, the court took the case under advisement and a decision likely will be made in the latter part of the week.

The quo warranto proceedings are instituted in the name of the state, and try the title of Rufus C. Holman to the office of County Commissioner. Though this proceeding does not directly raise the question whether Circuit Judge Gleeton is legally entitled to serve as both Circuit Judge and County Judge and also the question as to whether business transacted by him in this dual capacity is valid, the court in its decision will rule on all these problems.

The question directly raised by the proceedings is whether Mr. Holman is entitled to hold the office of County Commissioner. District Attorney Evans argued in behalf of the quo warranto proceedings and Attorneys A. E. Clark and E. B. Coovert, of Portland, argued against it. Wallace McCumant appeared as a friend of the court and argued that all business performed by Judge Gleeton in the

The indictment charges him with enticing and concealing Monetta Carter, whose father, Eliza Carter, has been indicted twice by the same jury charged with statutory offenses against his two daughters. Brownell is accused of taking the mother and daughters to Seattle, where they were located by the Lane County Sheriff and Seattle detectives after a search.
