

# ALBEE RULE UPHELD

### Ministerial Association Votes to Support Officials.

## PLEAS TO BE MADE SUNDAY

### City Employees Will Not Be Given Holiday Election Day and No Pressure Will Be Brought on Them to Go to Polls.

At a special meeting of the Portland Ministerial Association at the Y. M. C. A. yesterday 50 ministers of the city voted unanimously to support Mayor Albee and City Commissioners Dieck and Brewster in the recall election to be held Tuesday. The meeting was called by President Hawkins, of the Association. It was decided that in the cause of clean government all ministers should urge at the Sunday services those members of their congregations to get out and vote against the recallers.

The action was taken because of the possibility of a small vote, which would mean the complete vote of the recallers and not the vote of the better element of the city. Each minister agreed to make mention of the recall and urge the voters to turn out and vote instead of looking upon the proposition as one in which there is no danger and no need for voting.

President Hawkins said yesterday that he considers the recall movement a disgrace to the city.

**Bad Element Accused.**

"The recallers who have had the utter audacity to bring about this recall election which is to cost the taxpayers \$25,000," said he, "should be given a rebuke in Tuesday's election that they will never forget. I am opposed to the recall for other reasons than the expenditure involved. It is a matter of men. Of course the men who are now in office have made some mistakes. Everybody makes mistakes. But there is absolutely no grounds for a recall. I believe it is purely and simply an attempt on the part of the lower element to get control of the city and I believe the voters should administer a rebuke that will end such things."

"There is only one danger and that is the possibility of the decent people of the city not getting out to vote. The recall element and their benches are out in full array. I believe too much cannot be said along the line of urging the other people to vote. It is with this in mind that I called the meeting of the Ministerial Association."

**Holiday Rule Not Followed.**

The City Commission at its regular meeting yesterday adopted a resolution giving all city employees a half day and a half off on Tuesday during which time they will have a chance to vote. Usually election day is a holiday for the city service, but it was decided yesterday not to suspend the city's business for the day.

Commissioner Bigelow made a motion to include in the resolution a request for all voters to get out and vote. It was decided by the majority of the Council that this should not be made a part of the resolution.

An ordinance was passed by unanimous vote authorizing the expenditure of the \$25,000 which will be necessary to defray the cost of the election.

## BALLOT CHANGES PUZZLE

### DUTY OF ELIMINATING SUPERFLUOUS NAMES NOT FIXED.

### Cleiton Decision Gives Uncertainty to Action of County Clerk's Office in Election Complications.

Among the many curious complications that have arisen as a result of the recent Supreme Court decision in the case of Judge Cleiton, County Clerk Coffey's office is in a quandary as to what action to take in regard to the ballots now being printed. It was thought at first that the ballots would be issued as they are printed, but Chief Deputy Clerk Bush is of the opinion that it is his duty to take cognizance of the effects of the recent decision and therefore will be required to make numerous changes on the ballot without waiting for a court order to that effect.

It was believed that the task of eliminating such names as appear to be superfluous on the ballots would be the duty of the various election boards, but it is regarded now as likely that this is the duty of the County Clerk before the ballots are distributed to the voting places. The name of C. U. Gantenbein probably will come off, as the Supreme Court decided the department No. 6 of the Multnomah County Circuit Court, and hence no position of judge for which to run.

Whether or not to remove the name of Rufus C. Holman, who runs to succeed himself as County Commissioner, is a vexing question. Although Philo Holbrook, who is the Republican candidate for the other Commissioner'ship, received more Republican votes in the recent primary than Mr. Holman, the latter is both a Republican and Democratic nominee and in the aggregate probably received more votes than Mr. Holbrook.

The Socialists, too, have two candidates for County Commissioner on the ballot, Emma Golub and G. M. Zahn, and it seems one of these must be eliminated.

There are 173,000 official ballots that must, in all probability, be changed, and 126,000 sample ballots, exclusive of the 50,000 sample ballots now being distributed.

The statute in the election laws that covers the case in the section providing for changes of ballots in the event of withdrawal or death of candidates and requires also the posting of notices at the voting places setting forth the reason for the changes.

## LABOR HOSTS AT LYRIC

### Benefit Show Draws Throngs of Union Workmen.

Organized labor turned out its representatives in fine large numbers for the benefit given Thursday night at the Lyric Theater.

The benefit was for the purpose of wiping out the deficit caused by the rain storm at the Labor day celebration.

The Central Labor Council was sponsor for the performance, and all above the actual running expense of the theater was donated by Messrs. Keating and Flood. The regular bill for this week, "When Hubby Came Home," was the offering and the actors and singers incorporated a lot of local jokes in their lines. The Lyric orchestra donated its services, being a union organization, and the Musicians' Union Band gave a fine concert in front of the theater preceding each of the performances.
