PERIL IN SAMPLE BALLOT

District Attorney Warns That Distribution for Votes Is Illegal.

District Attorney Evans has advised County Clerk Coffey that it will be a violation of the election laws for persons interested in various candidates or measures to have sample ballots printed upon which the advocacy of certain measures or candidates may be printed or otherwise indicated. The decision is in response to Mr. Coffey's request for advice on the subject. It also will be illegal, he said, for Mr. Coffey to supply quantities of sample ballots to any persons who will use them to influence voters.

It is pointed out by Mr. Evans that it is against the law for an elector to take with him into the election booth sample ballots to which stickers of any nature advising the voters for any measure or candidate have been attached or which has been printed with advice to voters. One may, however, take with him a sample ballot he has marked for himself, but he may not take anything into the booth with him but the sample.

BRITISH HOLD AMERICAN

Portland German, En Route to Visit Uncle in Europe, Is Captured.

Taken by force from the ship on which he was heading for Germany to visit an uncle there and escorted as a prisoner of war to Aldershot, England, was the experience of Theodore Metz, a prominent business man of Washington, Wash., as related on a page carried in Portland yesterday by his friend, Martin G. Duder, editor of the Nachrichten. Mr. Metz came to the attention of British agents establishing his identity as an American citizen before leaving and his arrest was the result.

WHY WILL I PAY YOU?

Mr. Daly Would Hold Property Owner for Water Rates.

REJECTED PLAN IS REVIVED

Commissioner's Plea Is That Cost of Billing Could Be Eliminated, but It Is Shown This Expense Was Added Recently.

Who shall be responsible for the water bills in Portland, the tenant who uses the water or the person who owns the property occupied by the tenant?

This is the principal point in the water measure to be voted on today at the special election. It is contended that the present system of sending out bills and collecting water rental by the month, in advance, from the tenant who uses the water, will be abolished. In its stead will be a system of sending out bills at the end of each quarter for water used during the preceding three months and the bill will be against the premises instead of against the tenant.

Tenants Oppose Change.

It is contended that the plan would necessitate an increase in the rental of houses to cover the amount of the water service or the exacting of a deposit from the tenants to guarantee payment of the water bill. Without one of these plans the property owner or landlord would have no recourse in case a tenant moved out leaving a water bill of three months due and unpaid. Many tenants therefore are joining with property owners in opposing the measure. If the property owner refuses to pay the bill for the water used by the tenant the water will be shut off until the bill is paid in full.

Reduction in Help Aim.

Should the measure pass the metered service would get lower rates should the amount of water used be reduced to the number of gallons allowed for each meter. In few cases, it is said, would this occur, as the amount of water allowed for the minimum of 50 cents is small.

BAN PUT ON MISCHIEF

POLICE WILL BE ON TRAIL OF HALLOWEEN DISTURBER.

Ghastly Traditions of Night Before All Saints Day Still Find Superstitious Believers.

There was a time when it was thought all right and fitting to the occasion, for the youth of the community went to the streets at night of October 31 and stole gates, soap windows, tin cans and other articles, and these were placed on the street corners and street signs of a neighborhood to a vacant lot or to place barrels, boxes and tubs on the street corner, but those were "the good old days" now gone by.

CLUB HEARS SHOW TALK

Land Exposition Programme Told Business Men for East Side Night.

H. A. Calef presented an outline of the publicity plan and the programme for the Land Products Show tonight at the luncheon of the East Side Business Men's Club yesterday at the Hotel Edwards. He reported that the details of the publicity plan for 12 months are being worked out rapidly and said that at least \$2500 will be required, part of which has been subscribed to be paid monthly as required. Mr. Calef announced that all who attend the Land Show on East Side night will be furnished with the badge of the East Side Business Men's Club.

Appetite Follows Good Digestion

Nearly everyone indulges their appetite and digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, gentle yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.
