

CHAMBERLAIN AIDS GAIN OF NEPOTISM

Son and Private Secretary Are on Payroll of United States Senate.

\$3700 THEIR YEARLY PAY

Many Other Democratic Congressmen Have Relatives Drawing Salaries, Some Being Students Attending College.

OREGONIAN NEWS BUREAU, Washington, Oct. 26.—Nepotism has been developed to an unprecedented extent by

SCENES AT YESTERDAY'S LAYING OF THE CORNERSTONE OF PORTLAND'S FIRST COTTAGE SCHOOL BEING ERRECTED AT FULTON PARK.

Democratic Senators and Representatives now in office, as disclosed by the payrolls of the two Houses of Congress. Many relatives of prominent Congressmen are receiving salaries from Uncle Sam.

George E. Chamberlain, Jr., son of the Oregon Senator, is drawing \$1200 a year as "messenger" to the committee on military affairs, of which Senator Chamberlain is chairman. Mrs. Carolyn R. Shelton is borne on the rolls of the Senate as "clerk to the committee on military affairs," at a salary of \$2500, while E. J. Hickey is assistant clerk at \$1440. Mr. Hickey is actually the clerk to the committee, while Mrs. Shelton is Senator Chamberlain's private secretary, and does not handle the committee business.

Overman's Daughter Messenger. Senator Overman, of North Carolina, chairman of the committee on rules, has appointed his daughter, Kathryn B. Overman, as "messenger" to the rules committee at \$1440 a year. Senator Overman has his brother on the Senate roll as file clerk at \$2500 a year. Thus the Overman family, collectively, is drawing just \$11,440 a year from the Senate payroll.

Senator Gore, of Oklahoma, is chairman of the committee on agriculture, and two members of his family, a son and a daughter, are employees of that committee. Dale Gore, the son, draws \$2300 a year and Caroline E. Gore, the daughter, receives \$1440.

James K. Vardaman, Jr., is clerk of the conservation committee at \$1200. Senator Vardaman, the father, is chairman of that committee. Senator Thompson, of Kansas, employs his son, William T. Thompson, as messenger to his committee.

The son of Senator Thornton, of Louisiana, is drawing \$2200 a year as clerk of the fisheries committee, of which Senator Thornton is chairman.

Far Away Student on Roll. Representative Poy, of North Carolina, has a son, George R. Poy, serving as clerk of the committee on claims, at a salary of \$1500 a year. This son has rendered no service as committee clerk for many months. He is a student attending the University of North Carolina at Chapel Hill, some 300 miles from Washington, but his salary goes on regularly.

Representative Lloyd, of Missouri, chairman of the committee on accounts, has appointed as clerk his brother at \$2500 a year. A brother-in-law draws \$1800 as an assistant door-keeper.

Representative Clark, of Florida, has two relatives on the House payroll, a brother at \$2500 and another brother at \$1150.

Representative Carlin, of Virginia, has a son who draws down \$1600 a year from the House, but he is a student at Georgetown University. Congressman Finley, of South Carolina, has his son drawing \$1600 a year.

Gregg's Brother Is Clerk. The clerk to the committee on war claims is W. R. Gregg, brother to Representative Gregg, of Texas, chairman of the committee. His salary is \$1200 a year.

Representative Watkins, of Louisiana, has a son who draws \$2000 a year. Mr. Shackelford, of Missouri, has a brother on the payroll at \$1600 a year. Mrs. Dies, wife of Representative Martin Dies, of Texas, receives \$2000 a year as clerk of the committee on railways and canals, of which her husband is chairman.

thrown about him so that he may have the benefits of the home market. "It cannot benefit any class in this country to have the farmers compete with the products of Canada, South America, Australia or Manchuria, but this is what they are up against under the existing tariff. The laboring class, to become real home builders, must have a living wage, not measured by the standards of Europe or other countries, but by the requirements of the best type of American citizenship.

Wages Prosperity Gauge.

"The prosperity of this country is measured by the wage scale and every true American should forget his own selfish interests, that you laboring men may have your just deserts and widest opportunities."

Mr. Booth also referred to the effect of free importation from foreign countries, in food products, clothing and other manufactured articles.

Speaker Is Applauded. The audience was an appreciative one, and applause was very liberal. Judge Dimick, of Oregon City, and Mr.

Booth's manager, attacked the few state papers that are seeking Mr. Booth's defeat.

"When you laboring men stop to think that your groceries are being wrapped in Japanese, Norwegian and Swedish paper, you should quickly realize the effects of Democratic tariff doctrines," said Judge Dimick. "I'll tell you why the Portland Journal is after Booth's defeat; because it does not care a rap whether you or any other laboring man can hold your jobs."

Mr. Booth was highly pleased with his reception in Oregon City. It was his second visit to the mill town in the conservation committee at \$1200. Senator Vardaman, the father, is chairman of that committee.

Senator Thompson, of Kansas, employs his son, William T. Thompson, as messenger to his committee.

The son of Senator Thornton, of Louisiana, is drawing \$2200 a year as clerk of the fisheries committee, of which Senator Thornton is chairman.

Far Away Student on Roll. Representative Poy, of North Carolina, has a son, George R. Poy, serving as clerk of the committee on claims, at a salary of \$1500 a year. This son has rendered no service as committee clerk for many months. He is a student attending the University of North Carolina at Chapel Hill, some 300 miles from Washington, but his salary goes on regularly.

Representative Lloyd, of Missouri, chairman of the committee on accounts, has appointed as clerk his brother at \$2500 a year. A brother-in-law draws \$1800 as an assistant door-keeper.

Representative Clark, of Florida, has two relatives on the House payroll, a brother at \$2500 and another brother at \$1150.

Representative Carlin, of Virginia, has a son who draws down \$1600 a year from the House, but he is a student at Georgetown University. Congressman Finley, of South Carolina, has his son drawing \$1600 a year.

Gregg's Brother Is Clerk. The clerk to the committee on war claims is W. R. Gregg, brother to Representative Gregg, of Texas, chairman of the committee. His salary is \$1200 a year.

Representative Watkins, of Louisiana, has a son who draws \$2000 a year. Mr. Shackelford, of Missouri, has a brother on the payroll at \$1600 a year. Mrs. Dies, wife of Representative Martin Dies, of Texas, receives \$2000 a year as clerk of the committee on railways and canals, of which her husband is chairman.

Representative Carlin, of Virginia, has a son who draws down \$1600 a year from the House, but he is a student at Georgetown University. Congressman Finley, of South Carolina, has his son drawing \$1600 a year.

SCHOOL STONE LAID

Ceremonial Conducted at Fulton Park Building.

DESIGN IS COTTAGE TYPE

Officials of District Participate in Programme Arranged by Local Circle of Parent-Teacher Association.

The cornerstone of Portland's first cottage type of schoolhouse was laid yesterday. The building will be known as the Fulton Park School, supplanting the temporary cottages which now house the children of the district.

The ceremony was in charge of Mrs. D. I. Wadsworth, vice-president of the Fulton Park Parent-Teacher Association, and the stone was put in place, on the north side of the building, by

O. M. Plummer, of the School Board; L. R. Alderman, Superintendent of Portland Schools; N. A. Naramore, superintendent of construction, and H. Giet, inspector of construction.

The programme, arranged by Mrs. Wadsworth, opened with the singing of "America" by the 48 pupils of the present Fulton Park School. Miss Sada V. Brown, principal of the school, read an address of welcome.

O. M. Plummer spoke on behalf of the board and declared that this school was one of the most modern of the city. Its design is such that as the district grows further units can be added without spoiling the effect.

Ada Edwards recited "The Builders." L. R. Alderman read the prospectus of the ceremony and the history of the Fulton Park School.

The box was placed in the stone by Luella May Wadsworth, daughter of Mrs. D. I. Wadsworth. The box contained the names of all the pupils of the school, the petition of the Fulton Park taxpayers for the building, the history, the programme, the school reports of the city and group picture of the Fulton Park pupils.

After the stone was placed Mr. Naramore made the prophecy and L. E. Lasker spoke on "Popular Education in the Schools."

The ceremony was well attended by parents of the neighborhood. The pupils were in charge of Miss Brown and Mrs. Jennie Richardson, teachers.

HAVE YOU BEEN "STUNG" BY A TRUST DENTIST?

Many people in Oregon during this campaign have told me how they have been imposed upon by members of the Dental Trust, and many more have written to me of how they have been robbed. I want all the facts I can get on such cases. If you have been a victim, give me the facts either in person or by letter.

Here is one case: A man took his daughter to a Trust dentist and was told that the tooth must be taken out, but it was such a difficult operation he was advised to take the child to another dentist—member of the Trust—who made a specialty of such work. The father did as directed and was charged \$4.00 for a simple extraction that took about ten minutes' time. A few weeks ago the father had to have a badly broken-down tooth pulled and came to my office and paid \$1.00 for the operation. A few days' ago he asked why it was that he was charged \$4.00 by the Trust dentist and only \$1.00 in my office.

ANSWER: The Trust dentist charged \$4.00 because he had to split his fee half-and-half with the other Trust dentist who sent him the patient. See?

Another case is that of a woman who paid \$57.50 for four gold fillings and having her teeth cleaned. She says the worst part of it was she was kept running to the office about every other day for a month, and, being a working woman, she couldn't afford to lose the time, and was astounded when she was presented with a bill for \$57.50. Twenty-five dollars would have been a big price for her work.

These Cases are only two of many. I shall give more of them. If you have been a victim, let me know. No names will be used.

DOCTOR LOSES LICENSE

Museum of Dr. C. J. Dean Raided and State Board to Hear Evidence.

At a special meeting of the State Board of Medical Examiners in the office of Secretary L. H. Hamilton yesterday, the license of Dr. C. J. Dean was revoked. Evidence was introduced by the Oregon Social Hygiene Society to show that Dean operated a "Museum of Anatomy" in connection with his office at Second and Morrison streets. It also was charged that Dean employed "steerers" and "chasers" to get business for him. At the request of the Hygiene Society, Sheriff Ward raided the museum Saturday and carried away numerous models of clay, which were used as evidence.

JURY PREPARES TO STAY

Court Told Members Will Hold Out All Winter.

SCRANTON, Pa., Oct. 26.—After being locked up for three days and a half, members of the jury in the case of William Pestrin, who was tried here last week on the charge of murdering Mary Quinn, 12 years ago, sent out for changes of clothing tonight, some of them declaring they would stay all winter rather than agree to a verdict.

DAILY METEOROLOGICAL REPORT.

PORTLAND, Oct. 26.—	Maximum temperature, 62.9 degrees; minimum temperature, 48.8 degrees. Wind reading, 8 A. M., 3.5 feet. Change in last 24 hours, 0.4 foot fall. Total rainfall (5 P. M. to 5 P. M. none). Total rainfall since September 1, 1914, 6.49 inches. Normal rainfall since September 1, 1914, 4.84 inches. Excess of rainfall since September 1, 1914, 1.65 inches. Total snow 24 minutes. Barometer (reduced to sea level) 30.03 inches.

WEATHER CONDITIONS.

A large high-pressure area is central over the Dakotas and the Pacific states. Light rain has fallen in extreme Northwestern Washington and in many of the Northern states east of the Mississippi River. Some rain has also fallen in Florida. Unusually low temperatures prevail in the Lower Mississippi valley, and in Ohio, West Virginia, and also in the lake region.

FORECASTS.

Portland and vicinity—Tuesday fair; variable winds, mostly easterly. Oregon and Washington—Tuesday fair; Idaho—Tuesday fair.

THE YELLOW PERIL

Japanese Warnings.

The Japanese early sought for the truth, and their earliest knowledge was the principle that their strength depended on a healthy stomach. They eat very little and practice "Jiu-Jitsu" and "Kendo" exercises to purify the stomach. The stomach is the center of the body from which radiates our vitality, strenuousness, our fighting strength. A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. Dr. Pierce's Golden Medical Discovery refreshes and tones up the stomach walls. It moves the poisonous gases from the system.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the Liver, Bowels and Kidneys. In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache and constipation.

Get Dr. Pierce's Golden Medical Discovery today at any medicine dealer's. It is a powerful blood purifier, so penetrating that it even gets at the impure deposits in the joints and carries them out of the system. It is not a secret remedy for its ingredients are printed on wrapper. For free advice or free booklet on blood, write Dr. V. M. Pierce, Buffalo, N. Y.

Free—Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 21 1-cent stamps to pay expense of wrapping and mailing only.—Adv.

While hunting yesterday near the western outskirts of the city, Nicholas Cantolino, employed on the Southern Pacific section crew, accidentally shot himself, shattering his right hand. His arm was amputated between the wrist and the elbow.

Telephone Talks Reach Millions.

SALEM, Or., Oct. 26.—(Special.)—According to information obtained by Labor Commissioner Hoff for his biennial report there are 345,872 miles of telephone wire in operation in Oregon. There are 120,650 telephones and 215 systems. Mr. Hoff estimates the number of messages for the year closing June 30 last at 304,155,455.

A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or anyone the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it."

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over-estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
